# A BILL FOR AN ACT

RELATING TO INDIVIDUAL SPORTS.

**BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:**

1           SECTION 1. The legislature finds that homeschooled  
2 students are part of the diverse fabric that makes up our  
3 educational system in Hawaii. In the 2024-2025 school year,  
4 4,161 students in Hawaii were homeschooled. Parents who choose  
5 to homeschool their children are responsible for their child's  
6 total educational program, including athletics and other  
7 extracurricular activities. Under Hawaii law, homeschooled  
8 students do not have the right to participate in public school  
9 activities, including sports. Although individual schools and  
10 complex areas have the authority to allow homeschooled students  
11 to participate in school activities, policies across the various  
12 complex areas can vary.

13           The legislature believes that all homeschooled students  
14 should have equitable opportunities to succeed, including  
15 through participation in athletics. Authorizing homeschooled,  
16 high school-aged students to participate in individual sports as

1 unattached athletes is an important step in the State's efforts  
2 to achieve educational equity.

3 Accordingly, the purpose of this Act is to authorize  
4 homeschooled, high school-aged students to participate as  
5 unattached competitors in individual sports available to the  
6 public school that the student would otherwise be required to  
7 attend.

8 SECTION 2. Chapter 302A, Hawaii Revised Statutes, is  
9 amended by adding a new section to be appropriately designated  
10 and to read as follows:

11 "§302A- Homeschooled students; individual sports;  
12 participation. (a) Beginning with the 2026-2027 school year,  
13 students who:

- 14 (1) Are homeschooled pursuant to section 302A-1132(a)(5);  
15 (2) Would otherwise be eligible for enrollment in a public  
16 high school; and  
17 (3) Meet participation requirements and restrictions for  
18 an individual sport, including maintaining appropriate  
19 grade point averages, paying appropriate fees, and  
20 signing a release and express assumption of risk  
21 waiver; provided that the requirements or restrictions

1           of the release shall not be inconsistent with this  
 2           section;  
 3 shall be eligible to participate as an unattached competitor in  
 4 any individual sport at athletic events sanctioned by an  
 5 educational athletic organization and available to the public  
 6 high school that the student would otherwise be required to  
 7 attend.

8           (b) The department may adopt rules to effectuate this  
 9 section and provide procedures by which an eligible student may  
 10 apply to participate in individual sports.

11           (c) As used in this section, "individual sport" means a  
 12 school-authorized sport that does not require team  
 13 participation, including air riflery, bowling, cross country,  
 14 diving, esports, golf, judo, swimming, tennis, track and field,  
 15 and wrestling."

16           SECTION 3. New statutory material is underscored.

17           SECTION 4. This Act shall take effect upon its approval.
