# SENATE CONCURRENT RESOLUTION

REQUESTING THE GOVERNOR TO ESTABLISH PROCEDURES TO AUTHORIZE  
CERTAIN HEALTH CARE PROFESSIONALS TO ENGAGE IN THE PRACTICE  
OF THEIR RESPECTIVE PROFESSIONS IN THE STATE WITHOUT A  
HAWAII-ISSUED LICENSE DURING A STATE OF EMERGENCY.

1           WHEREAS, the State faces escalating threats from natural  
2 disasters, including wildfires, hurricanes, flooding, and public  
3 health emergencies necessitating the rapid deployment of health  
4 care professionals for medical and behavioral health needs; and  
5

6           WHEREAS, as an island state with unique geographic  
7 isolation and limited health care workforce capacity in certain  
8 regions, particularly in rural areas, it is critical for the  
9 State to have the ability to rapidly mobilize qualified  
10 professionals in the aftermath of a natural disaster; and  
11

12           WHEREAS, past reliance on gubernatorial proclamations to  
13 waive state licensure requirements to enable health care  
14 professionals licensed in other states to practice in the State  
15 has proven effective, but caused delays and hampered  
16 coordination with partners, including the military and the  
17 American Red Cross; and  
18

19           WHEREAS, establishing streamlined emergency licensure  
20 flexibilities would enable the swift deployment of qualified  
21 health care professionals, thereby enhancing the State's  
22 disaster response capabilities; now, therefore,  
23
