# SENATE CONCURRENT RESOLUTION

REQUESTING THE DEPARTMENT OF LAND AND NATURAL RESOURCES AND BOARD OF LAND AND NATURAL RESOURCES TO EXEMPT ANY AGRICULTURAL ENTERPRISE PRACTICING DIVERSIFIED AGRICULTURE ON FORMER SUGARCANE LANDS WITHIN THE CONSERVATION DISTRICT FROM ANY REQUIREMENT FOR A PERMIT OR SIGHT PLAN APPROVAL GRANTED BY THE DEPARTMENT.

1 WHEREAS, promoting the development of diversified  
2 agriculture on certain former sugarcane lands would support the  
3 State's food system resilience goals by increasing local food  
4 production and reducing reliance on imports; and  
5

6 WHEREAS, currently, however, the permitting approval  
7 process for farmers and ranchers to undertake this diversified  
8 agricultural activity on land in the state conservation district  
9 is time consuming and burdensome, effectively disincentivizing  
10 these activities; and  
11

12 WHEREAS, depending on how many acres of land a farmer or  
13 rancher plans to use for diversified agriculture, they would  
14 have to obtain either a departmental or board permit from the  
15 Department of Land and Natural Resources or the Board of Land  
16 and Natural Resources; and  
17

18 WHEREAS, both permits require an extensive, detailed  
19 application that can take up to one hundred eighty days to be  
20 approved, delaying the beneficial reuse and maintenance of  
21 former plantation lands across the State; and  
22

23 WHEREAS, expediting the productive reuse of former  
24 sugarcane plantation lands for diversified agriculture would  
25 support the State's food production goals and offer  
26 opportunities for revegetation, ecological recovery, and  
27 improved wildfire resilience; now, therefore,
