

Upon review of the testimony, your Committee finds that Mr. Haia's experience, background, and commitment to public service qualify him for appointment as an at-large member to the Commission on Water Resource Management. During the course of Mr. Haia's career as an attorney, he has gained broad experience and knowledge about water resource management and protection. Your Committee notes that Mr. Haia served for ten years as the Executive Director for the Native Hawaiian Legal Corporation where he supervised and directed the work of his staff to litigate and advocate for Native Hawaiian traditional and customary rights, Hawaiian Home Lands Trust issues, land title, and water rights. In previous positions as staff attorney for the Native Hawaiian Advisory Council and Native Hawaiian Legal Corporation, Mr. Haia represented individuals in significant water law proceedings. Mr. Haia has also cultivated a long history of professional associations, serving as a board member for the Native Hawaiian Bar Association, Native American Rights Fund, Council for Native Hawaiian Advancement, Native Hawaiian Chamber of Commerce, and Hawai'i Veterans Memorial Fund. Your Committee further notes that Mr. Haia III has served as an interim member of the Commission on Water Resource Management since 2025 and has a thorough understanding of the roles and responsibilities of its members. Your Committee therefore recommends that Moses Haia III be appointed to the Commission on Water Resource Management based on his knowledge, experience, and commitment to public service.
