

STAND. COM. REP. NO. 1598-26

Honolulu, Hawaii

APR 01 , 2026

RE: H.C.R. No. 35

Honorable Nadine K. Nakamura
Speaker, House of Representatives
Thirty-Third State Legislature
Regular Session of 2026
State of Hawaii

Madame:

Your Committee on Health, to which was referred H.C.R. No. 35
entitled:

"HOUSE CONCURRENT RESOLUTION REQUESTING THE AUDITOR TO ASSESS
THE SOCIAL AND FINANCIAL EFFECTS OF MANDATORY HEALTH
INSURANCE COVERAGE FOR BIOMARKER TESTING,"

begs leave to report as follows:

The purpose of this measure is to request the Auditor to
assess the social and financial effects of mandatory health
insurance coverage for biomarker testing.

Your Committee received testimony in support of this measure
from the Alzheimer's Association Hawaii Chapter; American Cancer
Society Cancer Action Network; Hawaii Primary Care Association;
Oncology Nurse Society, Hawaii Chapter; Hawai'i Rheumatology
Society; American Lung Association in Hawaii; ZERO Prostate
Cancer; Global Colon Cancer Association; and seven individuals.

Your Committee finds that biomarker testing is an invaluable
tool in the diagnosis, treatment, appropriate management, and
ongoing monitoring of diseases or conditions. Your Committee
further finds that although the Auditor previously assessed the
social and financial effects of mandatory health insurance
coverage for biomarker testing, as proposed by House Bill No.
2223, H.D. 1, Regular Session of 2024 (HB 2223), the proposed
coverage was only for cases where biomarker testing was deemed

medically necessary. Your Committee believes that, given the diverse and beneficial ways biomarker tests may be used in clinical practice, including disease screening tests and predictive tests, biomarker testing should not be limited solely to cases of medical necessity. This measure therefore requests the Auditor to conduct a statutorily required impact assessment report on the social and financial effects of the mandated health insurance coverage for biomarker testing as proposed by House Bill No. 1971, Regular Session of 2026.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 35 and recommends that it be referred to your Committee on Finance.

Respectfully submitted on
behalf of the members of the
Committee on Health,

GREGG TAKAYAMA, Chair
