

Honolulu, Hawaii

APR 02 , 2026

RE: H.C.R. No. 91

Honorable Nadine K. Nakamura
Speaker, House of Representatives
Thirty-Third State Legislature
Regular Session of 2026
State of Hawaii

Madame:

Your Committee on Water & Land, to which was referred H.C.R. No. 91 entitled:

"HOUSE CONCURRENT RESOLUTION REQUESTING THE DEPARTMENT OF LAND AND NATURAL RESOURCES AND DEPARTMENT OF EDUCATION TO COLLABORATE TO ESTABLISH A FORMAL, LONG-TERM COLLABORATIVE PROGRAM TO EXPAND, EQUITABLY DISTRIBUTE, AND SUSTAIN TREE-CANOPY COVERAGE ACROSS PUBLIC SCHOOLS STATE WIDE,"

begs leave to report as follows:

The purpose of this measure is to request the Department of Land and Natural Resources and Department of Education to establish a formal, long-term collaborative program to expand, equitably distribute, and sustain tree-canopy coverage across public schools statewide.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources; Hawai'i Public Health Institute; Kaulunani Urban & Community Forestry Advisory Council; Trees for Honolulu's Future; and three individuals. Your Committee received comments on this measure from the Department of Education.

Your Committee finds that in addition to lowering the temperature on school campuses through shade, transpiration, and reduction of the heat-island effect, trees also absorb storm water, clean the air, beautify spaces, and help achieve state and

county environmental goals. Your Committee further finds that the Department of Land and Natural Resources, through its Kaulunani Urban and Community Forestry Program, successfully partnered with the Department of Education under a 2025 Memorandum of Agreement to implement the Shade Trees for Schools initiative and successfully partnered in 2024 in a Fruit Trees for Schools pilot program initiative on campuses with agricultural programs. Given the strong demand for and benefits of these efforts, your Committee believes that a long-term program to build on the success of these initiatives is justified.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 91 and recommends that it be referred to your Committee on Education.

Respectfully submitted on
behalf of the members of the
Committee on Water & Land,

for 

MARK J. HASHEM, Chair
