

STAND. COM. REP. NO. 2193-26

Honolulu, Hawaii

APR 20

, 2026

RE: S.C.R. No. 39  
S.D. 1

Honorable Nadine K. Nakamura  
Speaker, House of Representatives  
Thirty-Third State Legislature  
Regular Session of 2026  
State of Hawaii

Madame:

Your Committee on Energy & Environmental Protection, to which was referred S.C.R. No. 39, S.D. 1, entitled:

"SENATE CONCURRENT RESOLUTION ESTABLISHING THE MATTRESS STEWARDSHIP PROGRAM DESIGN WORKING GROUP TO STUDY, EVALUATE, AND MAKE RECOMMENDATIONS ON THE STRUCTURE AND IMPLEMENTATION OF A STATEWIDE MATTRESS STEWARDSHIP PROGRAM,"

begs leave to report as follows:

The purpose of this measure is to establish a Mattress Stewardship Program Design Working Group to study, evaluate, and make recommendations on the structure and implementation of a statewide mattress stewardship program.

Your Committee received testimony in support of this measure from the Department of Health and Climate Protectors Hawai'i.

Your Committee finds that discarded mattresses and box springs present significant environmental challenges due to their size, composition, and low rates of recycling and contribute to landfill capacity strain and illegal dumping. Your Committee further finds that a mattress stewardship framework that provides for extended producer responsibility can support expanded collection, reuse, and recycling of these products while distributing costs equitably. Your Committee recognizes the need to properly assess the viability and development of a mattress

stewardship program and believes this measure addresses this need by establishing a working group to develop recommendations on the structure and implementation of such a program.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 39, S.D. 1, and recommends that it be referred to your Committee on Finance.

Respectfully submitted on  
behalf of the members of the  
Committee on Energy &  
Environmental Protection,

  
NICOLE E. LOWEN, Chair
