Thank you for the opportunity to testify on this bill. The Campaign Spending Commission ("Commission") supports this bill with one amendment.

This bill amends Hawaii Revised Statutes ("HRS") §11-412(g) by changing the commencement of the statute of limitations period from the date of violation or date of filing of the report to the discovery of the offense by the Commission. The Commission believes changing the commencement date of the statute of limitations to the date of discovery of the violation will prevent candidates, candidate committees, and noncandidate committees from delaying proper reporting on campaign finance reports to avoid prosecution.

To ensure consistency in the interpretation of campaign finance law and its applicability with criminal prosecution, the Commission recommends re-inserting the following language on page 2, line 13 of this bill to read "provided that the period of limitation for a prosecution pursuant to section 11-412 shall not commence until discovery of the offense by the campaign spending commission."

The Commission requests that this committee pass this measure with an amendment.

TESTIMONY IN SUPPORT OF HB 1520
Before the House Committee on Ways and Means

04/07/26

Aloha, Chair Dela Cruz, and Members of the Committee:

The Windward Coalition is in strong support of HB 1520, Relating to Campaign Finance. This measure is an important clarification that strengthens enforcement of Hawaii’s campaign finance laws by ensuring the five-year statute of limitations begins when a violation is discovered by the Campaign Spending Commission, rather than before the offense is reasonably known.

HB 1520 helps close a gap that could otherwise allow serious campaign finance violations to go unaddressed simply because the misconduct was concealed long enough to run out the clock. That result would undermine public trust, weaken accountability, and make enforcement less effective.

Campaign finance laws are only meaningful if violations can be investigated and prosecuted in a realistic time frame. By tying the limitations period to discovery, this bill better reflects how these cases are actually uncovered and gives regulators a fair opportunity to act on evidence of wrongdoing.

For these reasons, I respectfully urge the Committee to pass HB 1520.

Thank you for the opportunity to testify.

Mahalo,
Eileen Hilton, MD

**House Committee on Judiciary and Hawaiian Affairs
Hawaii Alliance for Progressive Action (HAPA) Strongly Supports: HB1520 HD1 SD1
Monday, April 6th, 10:31 AM in Conference Room 211 & Videoconference**

Dear Chair Rhoads, Vice Chair Gabbard, and Members of the Committee,

HAPA strongly supports HB1520 HD1 SD1, which closes a critical loophole in Hawai'i's campaign finance laws by clarifying that the statute of limitations for criminal violations begins when the offense is discovered by the Campaign Spending Commission, not before.

Campaign finance violations are often concealed and may involve falsified reporting or complicated financial arrangements that are not immediately noticed. When the statute of limitations expires before violations are discovered, enforcement becomes impossible, and misconduct is unchecked.

HB1520 strengthens oversight, promotes fairness, and helps restore public trust in Hawai'i's elections. We urge the committee to pass this measure.

Thank you for your support and consideration,

**House Committee on Judiciary and Hawaiian Affairs
Hawai'i Alliance for Progressive Action (HAPA) Strongly Supports: HB2050
Tuesday February 2nd, at 2 pm; Conference Room 235**

Dear Chair Tarnas, Vice Chair Poepoe, and Members of the Committee,

HAPA strongly supports HB2050, modernizes Hawai'i's partial public campaign financing program by increasing expenditure limits, strengthening matching funds, and updating qualifying contribution thresholds for state and county elective offices

The current system no longer reflects the realities of today's political landscape and inadequate as a viable alternative to private fundraising. HB2050 addresses this problem by adjusting expenditure limits, increasing the amount of public funds available to participating candidates, and strengthening incentives to participate in the program.

Recent data underscores the need for these reforms. Since 1994, incumbents in the Hawai'i House have spent an average of nearly \$58,000 per election when adjusted for inflation, while challengers spent approximately \$16,500. This persistent imbalance has contributed to a reelection rate of roughly 90 percent for incumbents over the past decade. Public financing was intended to help level this playing field, but without updates, it cannot serve that purpose effectively.

HB2050 builds on prior reform efforts undertaken by the Legislature. In recent years, lawmakers have enacted several recommendations from the Foley Commission, including strengthening penalties for government fraud and reforming lobbying practices. However, we still have to make progress on reforms of expanding public financing and reducing candidates' dependence on large private donations. This measure helps close those gaps.

HB2050 represents a thoughtful and necessary update to Hawai'i's partial public financing system. It responds directly to inflation, campaign spending realities, and the public's desire for a more equitable and transparent electoral process. We respectfully urge you to support this measure.

Thank you for your support and consideration.

**House Committee on Judiciary and Hawaiian Affairs
Hawai'i Alliance for Progressive Action (HAPA) Supports: HB2052
Tuesday February 2nd, at 2 pm; Conference Room 235**

Dear Chair Tarnas, Vice Chair Poepoe, and Members of the Committee,

HAPA supports HB2052, which aims to close the “pay-to-play” loophole. When individuals or entities with active financial relationships with the government are allowed to influence campaigns, it raises serious concerns about favoritism and access.

This bill strengthens existing prohibitions by expanding contribution bans to cover state and county contractors and grantees, as well as their officers and immediate family members, during the life of a contract or grant. These restrictions apply to contracts of \$100,000 or more for goods or services and \$250,000 or more for construction, reflecting the heightened risk of undue influence at higher funding levels.

Allowing individuals who financially benefit from public contracts or grants to contribute to political campaigns undermines public trust and creates the appearance that government decisions are influenced by money rather than merit. This bill helps ensure that contracts and grants are awarded based on public interest, not political contributions.

By closing these loopholes, this measure promotes transparency, accountability, and ethical governance, and reinforces the principle that Hawai'i's elections should not be influenced by those seeking or receiving public funds.

Mahalo for your support and consideration.

**House Committee on Judiciary and Hawaiian Affairs
Hawai'i Alliance for Progressive Action (HAPA) Supports: HB1519
Tuesday February 2nd, at 2 pm; Conference Room 235**

Dear Chair Tarnas, Vice Chair Poepoe, and Members of the Committee,

HAPA supports HB1519, which aims to close the “pay-to-play” loophole. When large public contracts and grants are awarded, the public deserves clear visibility into who benefits and who may have access to political decision-makers.

This bill strengthens existing prohibitions by expanding contribution bans to cover state or county grantees, including compensated officers and their immediate family members, during the life of a contract or grant. These restrictions apply to contracts of \$250,000 or more.

When large sums of public money are involved, the public deserves to know who is benefiting. HB1519 advances this core democratic value by requiring disclosure of the names of compensated officers and their immediate family members for state or county contractors and grantees receiving contracts or grants exceeding \$250,000. Transparency at this level helps prevent hidden conflicts of interest and reassures the public that government decisions are being made in the open.

HB 1519 affirms that public dollars must be accountable to the public, not shielded from scrutiny. By strengthening transparency and ethical standards, this bill helps restore confidence in Hawai'i's electoral and procurement systems.

**House Committee on Judiciary and Hawaiian Affairs
Hawai'i Alliance for Progressive Action (HAPA) Supports: SB2533
Wednesday February 3rd, at 9 am; Conference Room 16**

Dear Chair Rhoads, Chair Elefante, and Members of the Committee,

Hawai'i Alliance for Progressive Action (HAPA) submits testimony in strong support of SB2533.

We appreciate the important work of the Campaign Spending Commission and the key role it plays in protecting the integrity of our elections. As one of the State's main independent watchdogs, the Commission helps ensure transparency, accountability, and compliance with campaign finance laws that safeguard our democracy.

Public trust in government relies on strong, independent oversight. The Campaign Spending Commission, like the State Ethics Commission, the Auditor, the Office of the Ombudsman, and the Legislative Reference Bureau, has important compliance and enforcement duties that require expertise, independence, and professionalism. However, the Commission's compensation has not kept up with other similar agencies.

SB2533 recognizes that effective oversight depends on recruiting and keeping experienced, highly qualified staff. Making the Commission's pay equal to that of similar agencies is not just fair; it is necessary for consistent, credible, and effective enforcement of campaign finance laws.

This bill invests in the integrity of Hawai'i's democracy. By strengthening the Campaign Spending Commission, SB2533 helps keep our elections transparent, accountable, and deserving of public trust.

Our campaign finance laws exist to ensure transparency, prevent corruption, and uphold public trust in our elections. But these laws are meaningless without proper enforcement. HB1520 HD1 addresses the current flaw by ensuring that prosecutors and the Campaign Spending Commission have the time necessary to investigate and pursue criminal charges from the moment a violation is discovered. Comments:

Aloha Chair, Vice Chair, and Members of the Committee,

I am testifying in **strong support** of HB1520, which would close a critical loophole in Hawai'i's campaign finance enforcement by starting the statute of limitations for criminal prosecutions upon the *discovery* of the offense, not the date of the violation.

Our campaign finance laws exist for a fundamental purpose: to ensure transparency, prevent corruption, and uphold public trust in our elections. But these laws are meaningless without meaningful enforcement. Currently, the five-year statute of limitations begins ticking from the date a violation occurs or a report is due, not from when it is uncovered. This creates a perverse incentive and a significant accountability gap.

A candidate or committee could deliberately conceal a serious campaign finance crime—such as illegal coordination, accepting improper contributions, or falsifying reports—knowing that if it remains hidden for five years, they will face no criminal consequence, even if the violation is later discovered. This is not hypothetical; sophisticated violations, especially those involving intent to deceive, can remain concealed well beyond five years, escaping justice entirely.

HB1520 fixes this flaw by aligning the clock with the principle of justice. It ensures that prosecutors and the Campaign Spending Commission have the time necessary to investigate and pursue criminal charges from the moment a violation is discovered. This change is not about extending timelines arbitrarily; it is about ensuring that the law can reach intentional, concealed wrongdoing.

This reform strengthens the deterrent power of our campaign finance laws. It tells everyone participating in our elections that there is no safe harbor in secrecy, and that accountability will follow the discovery of a crime. This is essential for restoring and maintaining public confidence that our elections are fair and our officials are playing by the rules.

For the integrity of our democracy and the principle that no one should be above the law, I urge you to pass HB1520.

Mahalo for the opportunity to testify.

I support the passage of HB1520 HD1 SD1. As a private citizen, voter, and member of the Indivisible Hawaii Statewide Network (IHSN), I appreciate the opportunity to submit testimony.

Campaign finance violations may not be immediately discovered, so allowing for this change in the statute of limitations to begin on discovery of the offense by the Campaign Spending Commission rather than being limited to five years from the violation date or report filing date affords a more broad and robust accountability. This can strengthen oversight, promote fairness and help restore public trust in Hawaii elections.

I urge the committee to pass HB1520 HD1 SD1.

Mahalo.

TESTIMONY IN SUPPORT OF HB 1520, HD1, SD1 - RELATING TO CAMPAIGN FINANCE.

Aloha Chair Dela Cruz, Vice Chair Moriwaki, Senator Hashimoto for my district, Senator DeCoite of Maui, and Members of the Committee,

My name is Christine Andrews and I am a long-time resident of Wailuku, Maui. I write to you today in support of HB 1520, HD1, SD1, Relating to Campaign Finance, which clarifies that the five-year statute of limitations for criminal prosecutions of campaign finance violations begins upon discovery of the offense by the Campaign Spending Commission.

I am sure the members of the Committee are aware of the New York Times article, "Inside the Late-Night Parties Where Hawaii Politicians Raked In Money," published in January, 2024, with the tagline, "[a]fter the state passed a law barring government contractors from donating to politicians, fund-raising parties showed just how completely the reform effort failed"¹. As a resident of Maui, at a time when my Lahaina neighbors were depending on the kindness of donations pouring in from around the world to help with recovery from the wildfire, an article highlighting apparent corruption in Hawaii to a national audience is something that needs remedy.

As an attorney licensed in the state of Hawai'i for over 25 years, it seems clear to me that this change in the start of the statute of limitations for prosecutions under campaign finance law to commence upon the discovery of the offense is in the public interest. The change provided for by HB 1520, HD1, SD1 will serve to discourage violations of the law as well as the unethical conduct surrounding keeping such violations secret. Hopefully, it will encourage persons with knowledge of offenses to come forward rather than wait for the statute of limitations to run out.

If passed, this bill should enhance public trust in our elected officials and restore faith in government. Based upon the foregoing, I request that you **vote in support of HB 1520, HD1, SD1.**

Mahalo nui for your efforts to improve upon Hawai'i's dark reputation for corruption.

POSITION: SUPPORT

Imua Alliance supports HB 1520 HD1 SD1, relating to campaign finance, which clarifies that the five-year statute of limitations for criminal prosecutions of campaign finance violations begins upon discovery of the offense by the Campaign Spending Commission

Imua Alliance is a Hawai'i-based organization dedicated to ending all forms of exploitation, including electoral abuse. Public trust in government is foundational to our democracy. When people believe that their institutions operate transparently, ethically, and in the public interest, they are more likely to engage in civic life and participate in elections.. Conversely, ethical lapses erode trust and, in turn, reduce civic participation.

Recent events have highlighted the need for stronger accountability measures. In late 2025 and early 2026, media reporting revealed that a federal corruption inquiry involving former legislators included an allegation that approximately \$35,000 was paid to an influential state lawmaker in 2022. The reporting has prompted widespread public concern, including petitions from hundreds of community members calling for a full legislative investigation and renewed accountability safeguards.

Multiple outlets have noted that the matter was investigated by federal authorities without a parallel public legislative review or robust public process, leaving many in the community questioning whether current ethical and disclosure systems are sufficient. The Hawai'i Attorney General's office is currently investigating the matter at the best of the community and legislative leaders, who have called for a hasty and thorough inquiry.

This scandal and the community response it has generated underscore the urgent need to strengthen transparency, disclosure, and conflict-of-interest rules for public officials. This measure will allow the Campaign Spending Commission ample time to investigate the potential \$35,000

campaign finance violation, which would otherwise be on the cusp of lapsing beyond the commission's statute of limitations given the inability of the commission to access information critical to examine the allegations to their fullest extent.

The alleged \$35,000 payment to an influential Hawai'i politician has also exposed a troubling gap in state-level accountability. As has been publicly discussed, the Hawai'i Campaign Spending Commission was unable to pursue enforcement action in part because the alleged conduct fell outside the Commission's current statute of limitations, leaving serious questions unanswered and undermining public confidence in our systems of electoral and government integrity.

This measure is ultimately about deciding who our state government represents: we, the people, or those who pay bribes behind closed doors to exploit our democracy. When the law prevents oversight bodies from even examining credible allegations of improper influence, the problem is not merely individual misconduct. It is a structural failure. This bill responds directly to this gap by strengthening transparency and accountability mechanisms, so that future allegations of this magnitude cannot evade scrutiny simply due to timing technicalities.

Passing this bill is essential to restoring communal trust and ensuring Hawai'i's campaign finance laws can respond meaningfully when the public most needs them.

With aloha,

Kris Coffield
