Comments:

The Waikiki Neighborhood Board SUPPORTS HB2002, and on behalf of our community, urges its passage by the House Committee on Judiciary and Hawaiian Affairs.

Neighborhood Security Watches provide great opportunities for community members with interest in improving public safety to engage with their district police officers in order to promote the presence and awareness of law enforcement. Providing such efforts with modest funding would only help to grow these programs, engage more individuals, and allow for a wider variety of community initiatives.

Mahalo for your consideration of this measure.

Comments:

I, Johnnie-Mae L. Perry, Support the INTENT of

2002 HB RELATING TO NEIGHBORHOOD SAFETY.

Since the Neighborhood Watch works with HPD community policing, alternative meeting facilities are Kapolei HPD, Kapolei Hale, Okinawa Community Center, Kroc Center, these facilities have 24/7 security, and City Parks & Rec Center. Pacific Country Club as well.
