STATE CAPITOL, CONFERENCE ROOM 211

BUDGET HIGHLIGHTS FOR THE FISCAL SUPPLEMENTAL FB 2025-2027

Honorable Chair Dela Cruz, Vice Chair Moriwaki, and Members of the Senate Committee on Ways and Means:

My name is Mike Lambert, and I am the Director of the Department of Law Enforcement. Thank you for the opportunity to discuss the Department's budget highlights for the fiscal supplemental 2025-2027.

OVERVIEW

On January 1, 2024, the Department of Law Enforcement integrated the law enforcement functions, personnel and assets from the Department of Public Safety, Department of Transportation, Department of the Attorney General, and Department of Defense into DLE and centralized the majority of state law enforcement functions.

The reorganization of state law enforcement functions into a single entity provided the highest level of law enforcement service for the public, state employees, and state properties. Consolidation of state law enforcement responsibilities into a single state department will improve decision making, promote accountability, streamline communication, reduce duplication of efforts, and provide uniform training and standards.

MISSION STATEMENT

The Hawaii State Department of Law Enforcement stands for safety with respect for all. We will engage in just, transparent, unbiased, and responsive law enforcement, do so with the spirit of Aloha with dignity and in collaboration with the community; maintain and build trust and respect as the guardian of constitutional and human rights.

- RESPECT: Treating everyone with Aloha, honoring the rights of all individuals
- INTEGRITY: As a law enforcement agency of character and principle we are guided by a moral compass in all our decisions
- COLLABORATION: Build strong partnerships with the community and first response agencies for addressing community-wide challenges that impact community welfare
- DIVERSITY: We embrace the strength of diversity in our employees and our communities
- All of LAW's efforts are made in the Spirit of Aloha

STRATEGIC OBJECTIVES, GOALS AND PERFORMANCE METRICS

The Department of Law Enforcement (DLE) continues to advance a statewide, unified approach to public safety by aligning strategic objectives, operational goals, and performance metrics across all divisions and offices. As the Department moves beyond initial consolidation and into sustained operations, its focus has shifted toward strengthening workforce stability, enhancing investigative and enforcement capacity, modernizing infrastructure and technology, and delivering measurable public safety outcomes.

DLE's strategic objectives are guided by statutory mandates, statewide security and enforcement priorities, and the Legislature's continued investment in public safety. These objectives emphasize effectiveness, accountability, interagency coordination, and responsible stewardship of public funds:

- (1) Enhancing its partnership with the federal Joint Terrorism Task Force to protect the State from domestic and foreign threats.
- (2) Eliminating the narcotics epidemic that plagues Hawaii's communities through its commitment of investigators in the federal High Intensity Drug Trafficking Area task forces.
- (3) Expanding the narcotics and explosive canine program.
- (4) Reducing gun violence and other violent criminal acts in island communities through participation in the federal Project Safe Neighborhoods program; and its participation in ghost gun investigations.

- (5) Implementation of an Agricultural Crime Enforcement Program.
- (6) Implementation of a Traffic Enforcement Program, to include a commercial vehicle inspection section.
- (7) Continuing the combat against the use and importation of illegal fireworks.
- (8) Continue in the reduction of available firearms for use in crimes through the gun buy-back program.
- (9) Construction of a police facility capable of overnight holding of detainees at the DKI Airport location.
- (10) Construction of a State Training Center.
- (11) Construction of a police facility in Central Oahu to support the agriculture enforcement and traffic enforcement programs.
- (12) Construction of a police facility in Leeward Oahu to fight violent crimes in the communities and to support the agriculture enforcement and traffic enforcement programs.
- (13) Invest in Next Generation law enforcement internet technology solutions that will allow DLE to prioritize innovation and staffing needs. IT enhancement will promote an open, interoperable, reliable, secure, data management systems and reliable communications infrastructure.
- (14) Provide necessary resources to DLE law enforcement officers, to include the implementation of Tasers and body worn cameras.
- (15) Reduce the salary disparity between state law enforcement officers and its county counterparts to fill staffing shortages.

To translate these strategic objectives into measurable outcomes, the Department has established division-level goals supported by key performance indicators (KPIs), progress measures, and defined milestones. These metrics allow DLE to evaluate effectiveness, guide resource allocation, and demonstrate outcomes associated with legislative investments.

Office of Homeland Security (OHS)

Strengthen statewide preparedness for threats to public safety, critical infrastructure, and government operations through coordination, intelligence-sharing, and proactive security planning.

Key Performance Indicators (KPIs):

- Number of statewide or regional threat and vulnerability assessments completed.
- Number of interagency coordination meetings, exercises, and drills conducted.
- Percentage of identified critical infrastructure sites with current security assessments.
- Timeliness of dissemination of actionable intelligence or threat advisories.

Progress Measures:

- Progress is measured through completion tracking of assessments and exercises, review of after-action reports, and evaluation of coordination effectiveness across partner agencies.

Key Milestones:

- Completion of annual statewide threat assessments
- Execution of scheduled tabletop and functional exercises
- Implementation or update of security protocols at priority facilities

Sheriffs Division

Provide safe, secure, and professional law enforcement services at courts, state facilities, and airports while ensuring timely execution of civil process and secure transport of detainees.

Key Performance Indicators (KPIs):

- Number of court and facility security operations supported.
- Percentage of civil process served within required timeframes.
- Number of inmate and detainee transports completed without incident
- Staffing coverage rates at critical posts.

Progress Measures:

- Progress is tracked through incident reporting, service completion data, backlog monitoring, and compliance with training and certification requirements.

Key Milestones:

- Deployment of staffing and post coverage plans for high-volume facilities.
- Completion of required annual training cycles.
- Reduction in service backlogs and transport-related incidents.

Narcotics Enforcement Division (NED)

Disrupt illegal controlled substance and regulated chemical activity, strengthen compliance oversight, and reduce the availability of illicit drugs statewide.

Key Performance Indicators (KPIs):

- Number of narcotics and regulated chemical investigations initiated and completed.
- Quantity of controlled substances and precursor chemicals seized.
- Number of compliance inspections and enforcement actions conducted.
- Number of registrants brought into compliance.

Progress Measures:

- Progress is measured through case tracking systems, seizure reporting, compliance audit results, and trend analysis of enforcement outcomes.

Key Milestones:

- Completion of targeted enforcement initiatives
- Execution of statewide compliance inspection schedules
- Completion of required clandestine laboratory and safety training

Criminal Investigation Division (CID)

Conduct complex criminal investigations involving firearms, explosives, illegal fireworks, agricultural crimes, and organized criminal activity, while strengthening statewide investigative capacity.

Key Performance Indicators (KPIs):

- Number of major investigations initiated and cleared.
- Quantity and type of firearms, explosives, and related materials seized.
- Number of explosives- and firearms-related arrests and case referrals.
- Number of multi-agency task force operations conducted.

Progress Measures:

- Progress is evaluated through case management systems, evidence processing timelines, after-action reviews, and coordination with prosecutorial partners.

Key Milestones:

- Completion of major investigative and enforcement operations.
- Expansion of secure evidence and explosives storage capacity.
- Completion of advanced explosives and firearms investigation training.

Illegal Fireworks Task Force

Prevent the importation, distribution, and use of illegal fireworks through coordinated, intelligence-led enforcement.

Key Performance Indicators (KPIs):

- Volume of illegal fireworks interdicted or seized.
- Number of coordinated enforcement and interdiction operations conducted.
- Level of participation in joint operations with partner agencies.

Progress Measures:

- Progress is tracked through seizure data, enforcement activity, and compliance trends following statutory changes.

Key Milestones:

- Execution of coordinated interdiction operations.
- Sustained integration of investigative and intelligence resources.

Agricultural Crime Enforcement Program

Deter and investigate agricultural theft and related crimes while protecting farmers, ranchers, and the State's food supply.

Key Performance Indicators (KPIs):

- Number of agricultural crime investigations initiated and resolved.
- Estimated value of recovered or protected agricultural commodities.
- Number of enforcement operations conducted in rural areas.

Progress Measures:

- Progress is measured through case tracking, trend analysis, and stakeholder engagement feedback.

Key Milestones:

- Deployment of dedicated agricultural crime enforcement resources.
- Formalization of partnerships with agricultural stakeholders.
- Reduction in repeat victimization in targeted areas.

Office of the Inspector General (OIG)

Promote integrity, accountability, and efficiency within state government through independent oversight.

Key Performance Indicators (KPIs):

- Number of investigations and audits completed.
- Average time to complete investigations.
- Percentage of recommendations implemented.

Progress Measures:

- Progress is monitored through investigation timelines, issuance of final reports, and follow-up verification of corrective actions.

Key Milestones:

- Completion of annual investigative and audit plans.
- Issuance of final reports and implementation of recommendations.

CALEA Accreditation Program

Maintain compliance with nationally recognized law enforcement standards and institutionalize best practices across DLE.

Key Performance Indicators (KPIs):

- Percentage of accreditation standards in compliance.
- Number of policy reviews and updates completed.
- Successful completion of accreditation assessments.

Progress Measures:

- Progress is measured through internal audits, documentation reviews, and assessor feedback.

Key Milestones:

- Completion of required self-assessment cycles.
- Successful reaccreditation and maintenance of accredited status.

Department-Wide Outcomes

Across all divisions, DLE will continue to track department-wide milestones related to workforce stabilization, implementation of new statutory authorities, deployment of technology and facilities, completion of training and accreditation requirements, and measurable improvements in public safety outcomes.

IMPACT OF STATEWIDE CONDITIONS ON OPERATIONS AND PERFORMANCE

The growing compensation disparity between state and county law enforcement officers have had a measurable impact on the Department of Law Enforcement's ability to meet operational demands and long-term strategic goals.

Over the past several years, county law enforcement agencies have implemented compensation adjustments that have outpaced the status quo inflationary state law enforcement salary growth. As a result, the salary gap between state and county officers has widened annually, placing DLE at a competitive disadvantage in recruitment and retention. This disparity has contributed to increased vacancies, elevated overtime usage, delayed hiring timelines, and the loss of trained and experienced personnel to higher-paying county and mainland positions.

Staffing shortages directly affect DLE's operational capacity, requiring remaining personnel to absorb additional workload, limiting the Department's ability to expand proactive enforcement efforts, and increasing reliance on overtime to maintain essential services. These conditions have also impacted training pipelines, succession planning, and the Department's ability to fully scale newly established or expanded programs.

Despite these challenges, DLE has continued to produce measurable results by prioritizing critical public safety functions, leveraging interagency partnerships, and strategically deploying available resources. Notable performance measures and recent outcomes include:

- Sustained enforcement and investigative activity across narcotics, firearms, explosives, agricultural crime, and regulatory functions despite vacancy pressures;
- Successful execution of multi-agency task force operations through coordination with federal, state, and county partners, allowing DLE to offset staffing limitations;
- Continued compliance with training, safety, and accreditation requirements, including CALEA standards, to maintain professionalism and risk management;
- Demonstrated ability to absorb new statutory responsibilities and enforcement authorities enacted by the Legislature.

Expected outcomes of addressing compensation disparities include improved recruitment and retention, reduced overtime expenditures, enhanced workforce stability, and increased capacity to conduct proactive enforcement, investigations, and community-based initiatives. Conversely, if compensation gaps continue to widen, DLE anticipates increased difficulty maintaining staffing levels, longer response and investigation timelines, and greater strain on existing personnel.

In response to current conditions, DLE continues to evaluate operational efficiencies, prioritize high-impact enforcement activities, and coordinate closely with partner agencies. However, long-term progress toward meeting statewide public safety goals will require sustained attention to workforce competitiveness to ensure that DLE can recruit, retain, and deploy the personnel necessary to fulfill its statutory mission.

FEDERAL FUNDS

The Department of Law Enforcement have not lost or risk of losing federal funds.

BUDGET REQUESTS

The process used to develop a DLE budget and prioritize requests for budget changes typically involves several key steps. While the specific procedures may vary by division, the following outlines a general framework:

Initial Assessment and Guidance

- **Review of Previous Budgets:** The agency reviews prior budgets and expenditures to understand historical spending patterns and identify areas for improvement.
- **Guidance from Leadership:** Agency leadership provides direction on budget priorities, strategic goals, and any changes in agency mission or mandates.

Departmental Budget Preparation

- **Input from Departments:** Individual departments within the agency gather their specific budget needs, including operational expenses, personnel costs, equipment needs, and program proposals.

- **Justification of Requests:** Departments prepare justifications for their requests, outlining the necessity of each item and its alignment with the agency's goals.

Compilation and Review

- **Consolidation of Budget Requests:** The agency's budget office compiles all departmental requests into a comprehensive budget proposal.
- **Internal Review:** The budget office conducts a review of the compiled requests to ensure they align with the agency's overall objectives and available funding.

Prioritization of Requests

- **Criteria for Prioritization:** The agency establishes criteria for prioritizing requests, which may include:
 - Alignment with strategic goals
 - Urgency or critical need
 - Compliance with legal or regulatory requirements

Department of Law Enforcement Highlights

Dept. Priority	Prog ID	Description	MOF
1	LAW502/SA	Request additional funds to cover the costs of the accredited lab <i>*Recurring Expenses, every year</i> FY27: \$129,480 TOTAL: \$129,480	W

In 2011, the laboratory met international quality and technical standards for testing laboratories and was awarded ISO/IEC 17025 accreditation, the laboratory's accreditation was successfully renewed in 2025.

Accreditation is the procedure by which an external and authoritative body gives formal recognition that a laboratory is competent to carry out specified tasks. A report by the National Academy of Sciences to Congress in 2009 considered mandatory accreditation of all forensic science laboratories, as such, forensic laboratories across the nation have been proactive taking steps towards a mandatory accreditation requirement. Accreditation is now an expectation in the judicial system because it ensures that the laboratory performs its analytical tests using scientifically accepted methods carried out by qualified personnel, utilizing quality assurance practices that will ensure the accuracy of test results. Annual fees and assessments are conducted to maintain the lab's accreditation status. On-site assessments are required every other year which include the cost of two (2) assessors for their airfare, lodging, and per diem.

2	LAW502/SA	Requesting additional Special Funding to cover the maintenance costs for the Prescription Drug Monitoring Program <i>*Recurring Expenses, every year</i> FY27: \$465,810: TOTAL: \$465,810:	W

The Prescription Drug Monitoring Program (Bamboo Health – formerly Appriss) is a centralized database that collects records of all controlled substance dispensations to patients across the state. The Narcotics Enforcement Division is the designated state agency mandated under Hawaii Revised Statutes (HRS) 329-103 to oversee and administer the collection information under the system, control access to the information in the system, and produce exception reports defined in HRS 329-1.

The funds requested are needed to increase the ceiling in FY27 for annual maintenance and support cost. This web-based database which law enforcement and the health industry relies on is mandated in state and its ongoing maintenance is necessary.

Dept. Priority	Prog ID	Description	MOF
3	LAW502/SA	Request additional funds for necessary law enforcement training and Self-Service Portal maintenance fee <i>*Recurring Expenses, every year</i> FY27: \$82,000 TOTAL: \$82,000	W

The Narcotics Enforcement Division (NED) is the only state agency in clandestine laboratory (Clan Lab) response and is designated as the State Clan Lab Coordinator. Due to the unsafe, unpredictable and hazardous conditions, NED Investigators must attend a 40-hour Clandestine Laboratory Safety Certification Course before assisting with any response. This is to ensure proper procedures are followed when responding to a Clan Lab. All investigators who have successfully completed the 40-hour course then attend an annual recertification course.

The recertification course provides hands on refresher training and updates on current trends in the manufacturing process. In addition to attending these courses and as the State coordinator, NED assists with the 40-hour Clan Lab Certification Course and recertification course by securing a qualified vendor, site and equipment to be used.

These training courses are offered to our county law enforcement partners and NED assistants with the administering of the courses. Currently, NED utilizes grant money to fund these courses, however, grant money is not guaranteed to continue past 2026. It is crucial to continue the 40-hour Safety Certification Course and the recertification course as clan labs and new drug trends are always evolving. Statewide Multi-Jurisdictional Drug Task Force (SMDTF) grant is a federal grant. There are discussions among the county partners that they may not have continue to seek funding from the federal government to continue this task force.

The Department of Law Enforcement would like to establish the transfer appropriation funds from LBR to LAW to allot and expend the funds by releasing the amount of \$200,000 in special funds.

FIREWORKS UPDATE

Since the close of the 2025 legislative session, the Department of Law Enforcement (DLE) implemented a coordinated, statewide approach to illegal fireworks enforcement using the funds appropriated by the Hawai'i State Legislature. These efforts focused on strengthening interdiction at points of entry, improving investigative and intelligence capacity, enhancing interagency coordination, expanding operational readiness, and reducing public safety risks associated with illegal fireworks.

Appropriated funds were utilized to support specialized enforcement operations, investigative resources, analytical tools, training, technology enhancements, infrastructure needs, personnel overtime, public education and community risk-reduction initiatives necessary to address the continued importation, distribution, and use of illegal aerial fireworks across the State.

Port Interdiction and Supply Chain Disruption

DLE prioritized port interdiction by expanding inspections and enforcement operations at harbors, airports, and cargo facilities statewide. These efforts were conducted in close coordination with the Illegal Fireworks Task Force, federal partners, and shipping stakeholders to identify high-risk shipments and disrupt illegal fireworks before they entered local distribution networks.

Funding supported targeted inspections, intelligence-led enforcement actions, and enhanced coordination at maritime and aviation facilities, significantly strengthening Hawai'i's ability to intercept illegal fireworks at their point of entry.

Investigative and Intelligence Enhancements

In parallel, DLE expanded its investigative and intelligence capabilities related to fireworks trafficking networks. Resources were used to analyze shipping data, permit information, and distribution patterns to identify organized distribution channels, repeat offenders, and emerging smuggling methods.

These data-driven efforts improved case development, supported more complex investigations, and enhanced coordination with prosecutors, resulting in stronger enforcement outcomes.

Multi-Agency Coordinated Enforcement and Sting Operations

During 2025, DLE conducted and participated in multi-agency coordinated enforcement and sting operations designed to identify, disrupt, and dismantle organized fireworks distribution networks operating across jurisdictions. These intelligence-driven operations involved close collaboration with county police departments, the Department of Transportation, the Department of the Attorney General, county prosecutors, and federal law enforcement partners.

Appropriated funds supported joint operational planning, surveillance activities, authorized undercover and controlled-purchase operations, overtime staffing, and coordinated execution across agencies. As a result of these efforts, DLE and its partners seized more than 40 tons of illegal fireworks statewide during 2025, with additional seized materials still undergoing processing, testing, and final disposition.

Operational Surge Capacity

DLE directed funds toward operational surge capacity during high-risk periods, particularly in advance of and following New Year's Eve and other culturally significant dates. This included overtime staffing, task force operations, and coordinated enforcement actions with county police departments to maximize statewide coverage, deterrence, and public safety impact.

Expanded Drone (UAS) Capabilities

During 2025, DLE expanded its unmanned aircraft system (UAS) capabilities to support fireworks enforcement and public safety operations. Appropriated funds were used to enhance equipment, training, and lawful operational deployment of drones to improve situational awareness, documentation, and responder safety during large-scale enforcement efforts.

The use of UAS technology allowed DLE and county counterparts to more effectively monitor high-risk areas, support coordinated multi-agency operations, improve evidentiary documentation, and reduce risks associated with ground-based operations, while remaining compliant with applicable laws, policies, and privacy protections.

Explosives Training and Personnel Readiness

Appropriated funds were also used to support specialized explosives-related training for DLE personnel and partner agencies involved in fireworks enforcement. Training focused on the safe identification, handling, storage, transport, and disposal of illegal fireworks and explosive materials, as well as scene safety and risk mitigation during enforcement operations.

These training investments enhanced officer safety, strengthened interagency coordination, ensured compliance with applicable safety standards, and improved DLE's ability to manage large-scale seizures and complex enforcement scenarios.

Evidence Storage Capacity and Fireworks Custody

Due to the significant increase in seizure volume statewide, appropriated funds were used to expand secure storage capacity for seized illegal fireworks. This additional storage supports safe evidence retention, processing, testing, prosecution, and lawful disposal.

Expanded storage capacity improved evidentiary integrity, reduced operational and community safety risks, and ensured compliance with regulatory and safety requirements while supporting timely case processing.

Fireworks Amnesty and Voluntary Surrender Events

DLE also used appropriated funds to support fireworks amnesty and voluntary surrender events, providing members of the public with a safe and lawful opportunity to surrender illegal fireworks without enforcement action. These events were conducted in coordination with partner agencies and were designed to reduce the volume of illegal fireworks in the community prior to peak use periods.

As part of these efforts, DLE implemented a controlled incentive program in which individuals who voluntarily surrendered fireworks were provided gift cards to encourage participation and early compliance. Funds supported event logistics, personnel, safety equipment, secure collection, transportation, and proper handling of surrendered fireworks. These events reduced community risk and supported a preventative, public-safety-focused approach to fireworks enforcement.

Statutory Updates and Legal Clarity

During 2025, new and amended fireworks statutes enacted by the Legislature significantly strengthened enforcement efforts by addressing long-standing gaps and legal uncertainties. These statutory changes clarified definitions related to illegal fireworks, strengthened prohibitions on possession and distribution, enhanced enforcement authorities at ports of entry, and improved alignment between permitting, shipping, and enforcement frameworks.

The updated laws provided clearer legal standards for inspections, seizures, and case development, reducing ambiguity for law enforcement officers, prosecutors, and the courts, and enabling more consistent and effective enforcement statewide.

Fireworks Laboratory Planning and Design

In addition to enforcement operations, DLE began planning and design activities for a dedicated State Fireworks Laboratory to address long-standing capacity gaps in the testing, analysis, and classification of seized fireworks. Appropriated funds supported preliminary planning efforts, including needs assessments, space and infrastructure evaluations, equipment requirements, and safety and regulatory considerations.

This planning phase is intended to lay the foundation for a scalable, compliant laboratory capability that strengthens evidentiary support, improves timeliness of prosecutions, and informs future legislative decision-making regarding capital investments and staffing.

Community Awareness, Public Education, and Outreach

DLE also used to appropriate funds to support community awareness and public education efforts related to fireworks laws and enforcement. Recognizing that recent statutory changes significantly altered legal requirements and prohibitions, DLE prioritized proactive education to ensure the public had ample notice and understanding of the new laws before the initiation of heightened enforcement activities.

DLE worked in coordination with local news stations and media partners statewide to disseminate clear, timely information regarding fireworks restrictions, legal changes, penalties, and public safety risks. These outreach efforts were conducted well in advance of peak fireworks periods and emphasized voluntary compliance, injury prevention, and community safety.

Funding supported public information coordination, messaging development, media engagement, and staffing necessary to ensure consistent and accurate communication across platforms. This approach promoted transparency, reduced confusion, and helped close knowledge gaps that historically contributed to unintentional violations.

Conclusion

The Legislature's investment in 2025 enabled DLE to move beyond reactive enforcement toward a proactive, intelligence-driven, and multi-agency model that emphasized interdiction, coordinated enforcement, statutory clarity, technology enablement, training, infrastructure readiness, and community risk reduction.

These combined efforts resulted in substantial seizures, strengthened investigative and prosecutorial outcomes, enhanced statewide enforcement capacity, and improved public safety for Hawai'i's communities. DLE remains committed to responsible stewardship of legislative appropriations and continued collaboration with the Legislature and partner agencies.

LAW 900	Upon Approval	\$ -	\$ -	0	0	\$ -	Upon Approval		This is a housekeeping measure to correct an oversight in Act 302, Session Laws of Hawaii 2023. While Act 302 transferred the administrative budget of the Sate Fire Council to the Department of Law Enforcement, it failed to emnd section 132-189c). Hawaii revised Statutes, to reflect this change. This amendment is necessary to ensure consistency across all statutory provisions relating to the transfer of the State Fire Council.	New Initiative

LAW503	ACT233	949856	9.0	751,296	198,560		7/1/2025		<p>The State Department of Agriculture is in full support of DLE creating the Agirculture Law Enforcement Section. In a 2019 report, the United States Department of Agriculture reported that agricultural theft and vandalism, and the expense of security measures to prevent these crimes in Hawai'i cost farmers roughly \$14,400,000 (United States Department of Agriculture, 2020). In 2020, the State Department of Agriculture reported 66 cases of felony agriculture theft, 30 trespassing cases, and 48 Other Related Offenses cases in Hawai'i county (THE STATE OF HAWAII & DEPARTMENT OF AGRICULTURE, 2020). That same year, Hawai'i county was the only county in the state to experience an increase in its violent index crimes, rising 68% higher than it was in 2019 (Kaneakua et al., 2023).</p>	New	New
