

**SENATE COMMITTEE ON WAYS AND MEANS  
SENATE COMMITTEE ON GOVERNMENT OPERATIONS**

**SUPPLEMENTAL BUDGET FISCAL YEAR 2026-2027**

**TESTIMONY OF THE  
DEPARTMENT OF ACCOUNTING AND GENERAL SERVICES (DAGS)  
JANUARY 13, 2026**

**Overview**

**A. Mission Statement, Strategic Objectives, Goals and Performance Metrics. How will the agency measure progress? What milestones will be tracked?**

The Department's mission is to attain maximum value for the state taxpayers in providing physical, financial, and technical infrastructure support for state departments and agencies, enabling them to achieve their respective missions.

As a central support agency serving numerous departments statewide, the Department is committed to ensuring quality and consistency in the delivery of essential services. Our activities reflect an ongoing dedication to cost efficiency, productivity, relevance, and timeliness.

1. In the area of fiscal procedures and control, the Department's objective is to enhance the effectiveness and efficiency of the State's accounting and reporting systems by developing, maintaining, improving, and controlling the methods, procedures and forms of these statewide systems. The goals for the state's centralized accounting and auditing programs are to provide timely auditing, recording and reporting services, and system enhancement efforts.

The **Systems Accounting Branch** directs its effort towards the development of a new statewide accounting system, the Enterprise Financial System (EFS) project. Activities related to the development of the new accounting system include: coordinating project tasks and activities; documentation of current processes and application and system inventories, re-engineering work processes, documents and document flow, defining system functional and internal control requirements, identifying required system design elements.

Another portion of the program's effort is to modernize existing accounting processes. Activities include the digitization and re-engineering of current processes through the use of automated applications; post implementation support; and developing policies, procedures, forms and users manuals.

Performance measures include:

- a. % of system development and implementation
- b. % requests for system training completed
- c. % of projects completed for system maintenance/issues/enhancement

Activities to measure and track progress include:

- Number of case issues received;
- Number of training requests received;
- Number of hours – system issues;
- Number of hours – training/system advisory; and
- Number of hours – development of new system (EFS).

The **Pre-Audit Branch** pre-audits payroll, contract and other voucher expenditures of the state government for legality and propriety and issues payments. The objective is to assure State payments conform to established standards of propriety and legality and are made promptly.

Performance measures include:

- a. Average in-house time for payments to vendors
- b. % of late payments
- c. % of payment vouchers processed with no errors

Activities to measure and track progress include:

- Number of payment vouchers processed;
- Number of contracts examined;
- Number of paychecks issued;
- Number of checks (non-payroll) issued; and
- Number of payments made electronically.

The **Recording and Reporting Branch** endeavors to deliver prompt and proper recording of the State's financial transactions, including the timely processing of documents and issuing of reports. Goals include the timely issuance of the State's Annual Comprehensive Financial Report (ACFR) in conformance with generally accepted accounting principles (GAAP), along with the submission of the State's

ACFR to the Government Finance Officers Association of the United States and Canada (GFOA) Certificate of Achievement in Excellence in Financial Reporting program.

Performance measures include:

- a. The issuance of the ACFR in conformance with GAAP and Schedule of Expenditures of Federal Awards (SEFA) within six months of the end of reporting period
- b. The issuance of quarterly financial reports within four weeks of the end of reporting period
- c. The review and processing of documents received from all agencies within four business days.

Activities to measure and track progress include:

- The number departments or agencies receiving financial reports distributed regularly; and
- The number of financial reports distributed to departments; and
- The number of allotment documents processed annually.

2. In the program area of facilities construction and maintenance, the objective is to advance our projects through the planning, design and construction phases in the most timely and economical approach available. Our focus remains on those physical facilities, assigned to DAGS, which are needed to support the effective operation of state programs. To achieve this, the Department is committed to delivering quality and consistency in planning, design, and engineering services for public works projects.

The program measures include:

- a. The average variance between estimated and actual bid dates, with a maximum of three months variance as the goal
- b. The average pre-bid construction estimate as a percent of the average bid amount, with a maximum of 100% percent as the goal
- c. The average variance between the estimated and actual construction completion dates, with a maximum of three months as the goal
- d. The average cost of change orders as a percentage of the average actual construction cost, with a current goal of three percent, which is far below national averages
- e. The total of CIP funds required as a percent of the funds appropriated, with a goal of 100%.

Activities to measure and track progress include the following:

- Total costs of facilities or projects under design (millions of dollars); and
  - Projects under construction during the fiscal year (estimated cost in millions of dollars).
3. The Department's mission to provide technical infrastructure support and governance for executive branch IT projects is accomplished by identifying, prioritizing and advancing innovative initiatives with the greatest potential to increase efficiency, reduce waste, and improve transparency and accountability in state government.

**The Office of Enterprise Technology Services** The mission of the Office of Enterprise Technology Services, *Ke'ena Ho'olana 'Enahana*, is to advance operational excellence of government through trusted collaboration, partnerships and technology leadership through the spirit of ALOHA. Program objectives include information technology management and operation for all State agencies by providing effective, efficient, coordinated, and cost-beneficial computer and telecommunication services such that State program objectives may be efficiently achieved. In addition, the program provides governance for executive branch IT projects to provide the essential State oversight necessary so that intended goals are achieved and positive return on investment (ROI) is realized for the people of Hawaii. The program also seeks to prioritize and advance innovative initiatives with the greatest potential to increase efficiency, reduce waste, and improve transparency and accountability in State government.

ETS continues to increase its catalog of services-oriented infrastructure programs, and the growth and adoption of existing enterprise shared services such as network, security, governance, data management, unified communications, and cloud services. As the state progresses with modernization efforts, ETS anticipates the continued growth in areas of cloud (IaaS, PaaS, SaaS) and managed services, moving away from legacy systems and processes towards a more modern, integrated and efficient infrastructure. The state's cyber security program will see vast potential for growth, providing further protection of the state's IT infrastructure and constituent data across the state's IT systems. Large modernization projects such as the Statewide Enterprise Financial System, the Unemployment Insurance System and continued enhancement of the Statewide Time and Leave system will provide standardization, integration and efficiency across the entire state enterprise.

Implementation milestones are specific to each project and system, and success is based on quality of implementation, alignment with the State IT Strategic Plan, alignment with the governor's priorities, user adoption, and ROI towards the business programs that provide government services to the constituents of the State of Hawaii.

The program measures include:

- a. Request for Information Processing Services (Form S-1) completed within customer negotiated timeframe as a percentage of total requests completed during the fiscal year.
- b. % of mainframe production jobs run as scheduled.
- c. Total mainframe production jobs rerun as a percentage of total mainframe production jobs.
- d. Unplanned mainframe computer down time as a percentage of total 24/7 operational time.
- e. Number of trouble calls resolved as a percentage of total calls received by the Assistance Center during the fiscal year.
- f. % of network infrastructure uptime.
- g. % of Departments using advanced endpoint protection.
- h. Number of page views on state's websites (in millions).
- i. Number of documents electronically signed (in thousands).
- j. Number of critical business processes supported by modern infrastructure and applications.

Activities to measure and track progress include the following:

- Number of unique visitors to state websites under oversight of ETS (in millions).
- Executive branch Departments and attached agencies.
- Beneficiaries of State of Hawaii Government services.
- Total number of devices at the State's Central Computer Facility.
- Total number of applications maintained.
- Average monthly call volume received by the Assistance Center.
- Total number of microwave radio links and land mobile radio sites added or upgraded.
- Average monthly volume of data backed up for offsite storage expressed in terabytes.
- Total number of executive branch email accounts administered.
- % of escalated malware incidents handled.

- Total number of websites supported.
- Total number of help desk tickets received.
- Total number of virtual machines hosted in the Government Private Cloud.

**B. Current state-wide conditions and impacts on departmental operations and ability to meet goals. Identify and discuss notable performance measures, expected outcomes, and recent results.**

Current state-wide conditions, including a challenging labor market, high materials costs, and high energy costs, are impacting the Department's programs.

*1. Staffing shortages and recruitment challenges.*

**School R&M, Neighbor Island Districts:** The major goal for the program continues to be to make improvements in consistently meeting the performance indicators established in the SLA with the DOE. The combined number of current vacancies across all the neighbor island district amounts to approximately 20% reduction in manpower. There are currently no Central Services engineering staff at the West Hawaii, Kauai and Maui districts as all are currently vacant and although all the Engineering Program Manager (EPM) positions are currently filled, 3 of the 4 were hired less than a year ago.

In addition to the vacant engineering positions there are numerous support positions that are also vacant. In the Maui District Office there is one vacant Repair & Maintenance (R&M) Assistant position. In the West Hawaii District there is one each R&M Assistant position, Administrative Assistance III, Account Clerk III position, and two Office Assistant III position vacancies.

There are also nine vacant trade positions on all islands [MDO has one, WHDO has 6, EHDO has zero]. This greatly and detrimentally reduces the in-house capacity to meet the repair and maintenance needs for the schools as well as the public libraries and DAGS-managed buildings on all neighboring islands, as it is anticipated to amount to approximately 2,700 less work orders completed per year. Responding to emergencies and t-calls continues to be the highest priority for all districts. Due to the trade vacancies and resulting reduced workforce, non-urgent work will be deferred as necessary and will take longer to complete. The district's ability to respond to off-hour emergencies and t-calls is also diminished due to the

reduced labor pool. The reduced manpower also results in extending the completion time of larger projects or may be foregone completely due to lack of resources.

The private sector has always been a challenge in the recruitment process on the neighbor islands. Competitive wages attract and draw potential applicants away from state opportunities. The recurring reasons for declining interviews or job offers are that the state wages are too low and on the island of Hawaii, the cost to commute between the east and west side of the island is prohibitive.

Neighbor island districts remain committed to service DAGS facilities in addition to the ongoing needs for public school facilities. Workloads will continuously be reviewed and prioritized, and operations managed within the financial budgets of each district.

**Central Services Division:** In past years, the Custodial program prioritized custodial work responsibilities to ensure the upkeep of health and safety issues while meeting challenging fiscal obligations and realities, due to restrictions and previous position reductions. Responsibilities have increased for the Building Management and Janitorial staff to produce satisfactory results with less staff. This program's emphasis continues to be on recruiting custodial staffing to meet the cleanliness expectations of our building occupants and visitors. Recent custodial surveys conducted by the program indicate acceptable levels of satisfaction and future program efforts will be made to increase satisfaction levels.

In past years, due to restrictions and staffing reductions, the Grounds Program reduced the frequency of services and focused on health and safety issues. This program's emphasis continues to be on recruiting grounds staffing to meet the tidiness expectation of our building occupants and visitors. Recent groundskeeping surveys conducted by the program indicate acceptable levels of satisfaction and future program efforts will be made to increase satisfaction levels.

Due to budgetary restrictions and position reductions, the R&A program focused primarily on building maintenance repairs, prioritizing immediate needs over larger, long-term projects. Now, the focus has shifted to address deferred maintenance projects. The program continues rebuilding engineering and trades staffing to tackle the growing challenges that have accumulated over the years. As additional staff is hired, addressing the deferred maintenance backlog and responding to work

requests will become more efficient and manageable. Recent Repair and Alteration surveys conducted by the program indicate acceptable levels of satisfaction and future program efforts will be made to increase satisfaction levels.

**State Procurement Office (SPO):** The state-wide conditions that are negatively affecting SPO's operations are the highly competitive labor market, magnified by Hawaii's high cost of living. As of December 3, 2025, 8 out of 31 positions at SPO will be vacant. As the SPO embarks on a new eMarketplace and eProcurement System, it is critical to attract and retain qualified staff to oversee this very complex solicitation and implementation process. Staff attrition impacts the SPO; the loss of valuable knowledge and experience, in addition to the lack of personnel, impacts the SPO's ability to provide procurement guidance to the State as well as completion of critical projects, like the eProcurement system, Small Business Initiative and Database, and the Past Performance database.

**Internal Post Audit:** Although the Although the Audit Division accomplished most of its Audit Plan in 2025, the current state-wide condition on the difficulties in filling vacant positions had a slight impact in 2025. For the past three years, the Audit Division operated with three vacant positions. One vacant position was filled in October 2025. The vacant positions resulted in delays in completing certain statutory audits timely and limited the capacity to conduct special projects requested by the Comptroller.

In 2025, the Audit Division completed the following projects: Completed all of the Comptroller's quarterly certification letters timely so as to not add to the cash flow problems at the Honolulu Authority for Rapid Transportation (HART). Completed audits of Student Activity Funds at seven schools for the fiscal year ended June 30, 2024. Completed audits of the Small Estates Section and the Small Guardianship Sections of the Judiciary for the fiscal year ended June 30, 2024. Completed the verification of cash and investments held by the Department of Budget and Finance for the fiscal year ended June 30, 2025. Completed the audit of expenditures of the House of Representatives for the period January 18, 2023 to January 16, 2024. Assisted in the implementation of GASB 87 – Leases and GASB 96 – Subscription-Based Information Technology Arrangements (SBITAs). Assisted in the training and implementation of the Inflation Reduction Act (IRA). Completed the special project in reviewing the procedures of issuing contractor parking permits at the Automotive Management Division.

**Public Works – Planning, Design and Construction:** The program is responsible for several ongoing large and complex projects, such as the New Aloha Stadium Entertainment District (\$350 million) and the relocation of the Oahu Community Correctional Center (\$1 billion), the program will be regularly involved in overseeing complex projects. In response to these growing demands, Public Works will establish a Special Projects Branch dedicated to managing high-priority, large-scale projects. This new branch will allow the program to focus specialized attention, expertise, and resources on complex initiatives, ensuring more effective planning, oversight, and delivery while maintaining continuity in the management of other ongoing work.

While it was expected that price volatility and supply chain issues would abate with the passage of the pandemic, those issues continue to affect the program's ability to deliver projects within traditional budgetary and schedule expectations.

Increasing complexity and lack of timeliness in construction-related permits and other regulatory authorities significantly contribute to project delays, with the average Honolulu building permit currently requiring more than 550 calendar days. Permitting durations affect projects in ways beyond merely delaying project commencement and completion: for example, permitting delays are regularly cited in contractor claims for material and labor cost escalations due to excessive project durations.

The pool of job applicants continues to lag behind the supply of jobs, and that differential affects all employers, private and public, especially with regard to the professional positions that constitute the largest proportion of the program's authorized positions. Historically, the lack of our ability to offer competitive salaries, recruitment and retention bonuses, and similar incentives has placed the program at a significant disadvantage compared with private and federal employers. The Department of Human Resources Development's recent adoption of Engineer and Architect salary schedules with significantly increased base salaries has helped with architect and engineer recruitment.

**Accounting System Development and Maintenance:** With the aftereffects of the pandemic and the vacancies in the department, it has been difficult to recruit personnel. The loss of two legacy support personnel has had an impact on the Program's ability to support users.

This fiscal year has seen the staffing (66%) of the newly established Statewide Project Support Section. This section has been instrumental for project support of various EFS procurement activities including Subject Matter Expert support for

proposal review, evaluation criteria review, data clean-up and organization. In addition, this section devises and compiles evaluation criteria for evaluation summaries and narratives; perform workflow analysis and documentation of current processes; created a secondary system and application inventory compilation for BAFO consideration; support logistics for system proposal and demonstration presentations; and develop and verify Power BI reports for analytics of project data, and evaluation responses.

The Branch is currently in the process of establishing six positions recently allotted to support the technical aspect of the new EFS. Once established, recruiting will be underway with plans to partner with the University of Hawaii in matching graduates to our new positions.

Systems Accounting continues to examine ways to streamline the current workflows and are working on digitization projects to improve or eliminate many of the current manual processing. The Systems Accounting section is examining opportunities with Artificial Intelligence to help with user mentoring and data analysis to assist staff with on-boarding and proactive efforts to create job satisfaction, shared knowledge, and statewide transparency.

**Expenditure Examination:** Along with other state programs, the Pre-Audit Branch has experienced a shortage of staff for several years. As a result of that, existing staff have incurred extra work time to ensure vouchers are processed so that vendors are paid and payroll is done so employees are paid on time. Actual late payment of 9% is above the 5% goal for the program. Contributing to that are other departments being short-staffed and/or having new staff who lack experience and submit incomplete documents. Those submissions have required Pre-Audit Branch staff to spend additional time auditing them and providing guidance/training to department staff. Payroll currently has met the deadlines to produce paychecks on the 5th and 20th pay dates of the month. However there has been an increase in adjustments due to less time to pre-audit and analyze the gross wages and mandatory payroll deductions. The current number of payroll processing days is four.

In FY2025, the Pre-Audit Branch's Central Payroll Section was tasked with processing Temporary Hazard Pay (THP) for a large number of eligible State employees, which took a considerable amount of time, resources, and coordination amongst the various departments, agencies, and branches of government.

**Recording and Reporting:** In the past, our program has experienced staffing shortages and difficulty in hiring qualified personnel. This past year were fortunate to hire Accountants from the OH-HI Federal hiring program to fill vacancies. With an increased number of documents to process and the new staff, it has put a significant strain on the ability to meet performance measures. The program has utilized significant overtime hours to keep up standard output.

*2. Other impacts on departmental operations due to current statewide conditions.*

**Office of Enterprise Technology Services:** There are four major trends affecting the existing program: 1) Funding - the potential lack of funds to properly implement the transformation effort and maintain current infrastructure will result in projects taking longer to complete, putting service delivery at risk and costing the State more. 2) Consolidation and shared services - Hawaii is leveraging best practices, lessons learned and input from the executive branch departments to shape consolidation and shared services efforts to be efficient and successful. 3) Difficulty dealing with change – to continue to modernize legacy systems and infrastructure, the program is implementing proactive measures to involve affected employees and collectively encourage them to consider and adopt new approaches. 4) Reduced staffing - due to the combination of retirements and the deletion of relatively recent vacated positions due to retirements or incumbents leaving State employment ETS is challenged to deliver critical services that departments depend on.

**Risk Management Office (RMO):** The softening of the insurance market has allowed for the program to be financially more efficient by spending less for insurance policies overall. This allows the program to meet its objectives by renewing its insurance policies, paying its claims and administratively operate feasibly.

**Enforcement of Information Practices (OIP):** State and national political issues can increase OIP's workload. For example, past interest in former President Obama's birth certificate had generated a significant increase in OIP cases. Similarly, the current interest in elections integrity has increased OIP's Sunshine Law and UIPA caseload.

OIP strives to timely address the public's informal inquiries and formal requests for assistance in obtaining records, which often prevents cases from escalating to more time-consuming appeals to OIP. Thus, in FY 2025, OIP resolved 96% of all formal and

informal requests for its services in the same year, and typically on the same day. Appeals, however, are much more time-consuming, may require written opinions, and comprise the majority of the formal cases pending from prior years, so OIP's backlog has increased from this time last year. With its increasing caseload, OIP does not expect a significant decrease in its backlog of appeals.

**Office Leasing:** The operations of the program are affected by the overall office market, workforce habits, agency needs, general economic trends, and staffing levels. Staffing levels for the program and partner agencies limit its ability to provide a full suite of services. However, ongoing efforts are being made to secure and retain qualified personnel. Updates to its policies and procedures will help increase overall production. It continues to work to complete requests in a timely manner.

According to the 1<sup>st</sup> quarter market report by the research division of one of Honolulu's real estate firms, the office vacancy rate of the Honolulu Central Business District softened slightly to 12.1%. In addition, with no new office space projected to be available in the near term and potential conversions, there may be additional pressure on the Oahu office market. The program continues to collect data for determining geographic lease cost, and compiles market data to help steer program decisions. The key goals of managing costs while providing services are in keeping with the objectives and policies of the Hawaii State Plan and interim planning documents. The program will continue to adapt to an ever-changing market and requirements as it provides its services.

**Automotive Management:** For the Motor Pool: Since the 2021 enactment of Act 74 establishing a goal to transition all state-owned, light duty motor vehicles to be zero-emission by the end of 2035, AMD-Motor Pool Branch has been converting its fleet to electric vehicles (EV), investing in the electrical infrastructure, EV chargers, and other equipment necessary to support achieving this goal. One statewide challenge is the lack of zero-emission inventory in the state available for procurement, thus requiring long lead times for orders. Additionally, the high cost to install is another challenge.

Further the cost of procuring, maintaining, and repairing vehicles continue to rise and there are limitations on AMD-Motor Pool's funding ceiling. We have requested in the FY27 Supplemental Budget for our ceiling to be raised.

For Parking Control: Construction costs have raised significantly, making it increasingly difficult to continue repair and maintenance projects within our current budget. In response, AMD has launched initiatives to improve operational efficiency by automating parking garages. Through these modernization efforts, we expect to

achieve incremental revenue growth and provide a better user experience. A notable example is the South Street Garage, which previously required a full-time attendant but is now fully automated with pay stations.

**Campaign Spending Commission (CSC):** The CSC believes the number of serious campaign spending law violations should decline as compliance increases as a result of CSC's publicized investigations, as training sessions increase, as enforcement remains proactive, and as public use of the CSC's website increases.

However, current restrictions applied to CSC's operating budget will not allow CSC to complete its final payment to Insight Inc., who CSC contracted with to develop new candidate and noncandidate electronic filing systems that will enhance useability and expedite processes that will in turn allow more time for CSC staff to pursue more compliance, education, and enforcement actions.

Moreover, the current budget restriction will affect CSC's ability to retain hearing officers for contested case hearings. We average 15-20 complaints filed each year, any of which may result in a contested case hearing. Because the commissioners are volunteers, the majority of whom have full-time jobs, contracting services for hearing officers would allow for more efficient proceedings and handling so that we are better equipped to manage these matters. The inability to contract hearing officers will significantly impact the CSC's ability to efficiently address contested case hearings as required under HRS §11-407.

CSC plans to seek a restriction release to meet operational needs.

**Office of Elections:** Since Our office continues to be impacted by polarizing political rhetoric, particularly as it relates to election integrity. We have experienced an increase in the number of lawsuits filed, with many still pending. We have also continued to receive and respond to an increased number of public records requests and allegations of systemic issues. While we have responded to the various requests and allegations, the political conditions stymie our ability to address concerns and plan for the conduct of future elections.

Additionally, we believe state-wide conditions related to hiring and personnel have also impacted our office with most of staff time needing to focus on day-to-day operations rather than future planning.

**State Foundation on Culture and the Arts (SFCA):** Current statewide conditions in Hawaii, such as funding uncertainties due to federal government directives and changing priorities, strain SFCA operations and hinder long-term planning in relation to projecting federal funding availability for arts education, arts and health, and community grant making. These challenges lead to difficulties in meeting objectives for the full funding of Artist in the Schools applications and Community Arts grantmaking.

**Hawaii Broadband Office (HiBO):** Hawai'i's geography, high cost of living, and reliance on island-based and subsea infrastructure continue to present challenges to broadband deployment and adoption. While urban connectivity has improved, gaps persist in rural and neighbor island communities and among low-income households, kūpuna, Native Hawaiian communities, and residents with disabilities.

Agency operations have also been affected by federal funding uncertainty and increased coordination demands from partners. In addition, the administrative transfer of HiBO to the Department of Accounting and General Services effective July 1, 2025, required increase in operational actions while maintaining continuity of services.

Despite these challenges, HiBO has sustained statewide coordination efforts, supported community-based digital equity initiatives, and continued implementation of the Hawai'i Digital Equity Plan through cross-sector collaboration.

The Department is managing its resources in a responsible manner, minimizing negative impacts to the public, employees and other agencies.

### **Federal Funds**

- C.** The Hawaii Broadband Office (HiBO) HiBO has been impacted by the cancellation and uncertainty of federal broadband and digital equity programs, including the NTIA Digital Equity Competitive Grant Program (CFDA 11.035). The loss of this anticipated funding reduced resources available to support digital literacy, device access, and capacity-building initiatives statewide.

The reduction in federal funds has slowed planned expansion of digital inclusion services and increased reliance on state, county, and nonprofit partners to address service gaps. In response, HiBO is prioritizing coordination and technical assistance, aligning

remaining resources to high-impact objectives, and supporting partners in identifying alternative funding sources for FY26 and FY27.

### **Non-General Funds**

- D.** Web link (URL) to the Department's *Reports to the Legislature on Non-General Funds* pursuant to HRS 37-47 is as follows:

<https://ags.hawaii.gov/wp-content/uploads/2025/12/AGS-Form37-4737-4837-49-FY2025.pdf>

### **Budget Requests**

- E. Development and Prioritization**

The DAGS budget process follows a bottom-up approach. Operating budget requests originate at the program level and are reviewed by the director and appropriate staff to develop the final submission. Departmental prioritization reflects the extent to which these requests address the operational needs of programs seeking additional resources to fulfill our mission of providing physical, financial, and technical infrastructure support for state departments and agencies. Similarly, Capital Improvement Project (CIP) requests begin at the program level and focus on health and safety initiatives within our programs.

Pursuant to instructions in Finance Memorandum 25-13 issued by the Department of Budget and Finance, we are proposing budget requests for the FY 2027 supplemental budget for additional resources for critical program needs. As such, we have been deliberate in our review and prioritization of requests for resources needed by our programs to adequately provide services at acceptable levels. Our budget requests, therefore, reflect our need for critical resources, such as funding for the distribution of insurance proceeds, a special project branch, statewide utilities, other requests to support critical program needs, and health and safety CIP projects.

- F. Significant Adjustments and Anticipated Outcomes.**

The Department's supplemental budget request (all MOF) represents a net increase of \$213 million in FY 27 over the current budget for FY 2027. The CIP budget request includes \$31 million in new requests for FY 27.

The significant adjustments to our budget are:

### **Operating Budget**

**1. Add \$211,00,000 in revolving fund ceiling for the State Risk Management Revolving Ceiling for Distribution of Insurance Proceeds**

The majority of the increase in the department's budget is related to the crucial request to increase the Risk Management Office's revolving fund spending ceiling. All insurance proceeds received related to the Maui wildfires have been deposited into the program's revolving fund. The increased revolving fund ceiling is necessary to disperse insurance proceeds received.

**2. Add \$728,927 and 3.00 Permanent FTE to Establish the Special Project Branch within the Public Works Division.**

The request is to establish the Special Project Branch to provide specialized expertise to support the division's implementation of complex high-profile projects using non-traditional delivery methods. It will meet the immediate need for management of the New Aloha Stadium Entertainment District (NASED) project and will be responsible for delivering one of the State of Hawai'i's most significant economic development and revitalization initiatives.

**3. Adds \$1,065,000 for utilities, statewide**

The request is for increasing electricity and utility costs for DAGS-managed State buildings statewide. Additional funds are required to pay for increased energy and utility costs. Without these funds, payment may be delayed which may result in service interruption and late interest payments.

**4. Increase Revolving Fund Ceiling by \$1,300,000 for Electrical Infrastructure and Equipment to Support Electrical Vehicle Chargers for the Automotive Management Division.**

The budget request is to increase Motor Pool's revolving fund ceiling by \$1.3 million for electrical infrastructure and equipment to support electric vehicle chargers. Raising the ceiling will allow Motor Pool revenues to be expended efficiently to meet the State's vehicle procurement policy. This program is self-funded, not reliant on general funds. Thus, approving the increased expenditure ceiling would eliminate

the program's need to put forth a capital improvement project request funded with general obligation bond funds.

**5. Increase Revolving Fund Ceiling by \$500,000 for Maintenance and Modernization Project for the Automotive Management Division.**

This request is to increase Parking Control's fund ceiling by \$500,000 to address necessary and ongoing maintenance of facilities, such as waterproofing roof decks and modernizing parking payment systems. Together, this maintenance and modernization will provide improved and needed services to the public and state employees. Automotive Management Division's Parking Control Branch is a self-funded program that is not reliant on general funds nor general obligation bond funds. Raising the ceiling of the fund will allow Parking Control to access parking fees that have been collected, to execute regular and timely repairs and maintenance on DAGS garages.

**6. Adds Add 2.00 Permanent FTE and Other Current Expenses of \$326,882 for the State Building Code Council.**

The State Building Code Council is responsible for adopting and implementing a State building code so that building owners, designers, contractors, and code enforcers within the State would be able to apply consistent standards. This request will provide administrative support to the Council.

**CIP Budget**

**1. Adds \$30,500,000 in FY 27 for Lump Sum Maintenance of Existing Facilities, Statewide.**

Plans, design, construction, and equipment for improvements and maintenance of public facilities and sites, statewide. Projects include roofing, other repairs, improvements, retro commissioning, and project and construction management services. These construction projects are essential to maintain DAGS-managed public facilities.

Overall, the Department's requests are essential for enabling efficient operations and delivering services to executive agencies and the public. The specifics of the Department's FY 2027 Supplemental operating budget requests are outlined in the accompanying briefing tables.

Chairs Dela Cruz and McKelvey, along with members of the Committees, I, along with staff from the Department of Accounting and General Services (DAGS) and our affiliated agencies, are ready to address any inquiries you and your committee members might have regarding our programs and the documents provided for this briefing.

Department of Accounting and General Services  
Functions

Table 1 - Department Functions

<u>Division</u>	<u>Description of Function</u>	<u>Activities</u>	<u>Prog ID(s)</u>	<u>Dept- Wide Priority</u>	<u>Statutory Reference</u>
Accounting Division (Systems Accounting Branch)	Develops new statewide accounting systems or major enhancements to existing systems (i.e., FAMIS, Payroll System, Time & Leave System, Central Warrant Writing System, Warrant Reconciliation System, and Data Mart System) and provides related user training, conversion, implementation and post implementation support; maintains and manages existing statewide accounting systems; and establishes, maintains and manages the Statewide Accounting Manual, FAMIS Procedures Manual, and Data Mart Manual and related State Accounting Forms to provide internal control over the accounting functions of the state.	a. Development of new systems / modifications to existing systems. b. Maintenance / management of accounting manuals / forms. c. Support for users of accounting systems.	AGS-101	3	HRS 40-2 and HRS 40-6
Accounting Division (Pre-Audit Branch)	Review voucher claims, payroll claims, and contract documents; disbursement of vendor and payroll checks and related documents; and filing and maintenance of documents.	a. Examine contracts for compliance with State laws, rules, etc. b. Issue paychecks on a timely basis. c. Issue checks (Non-Payroll) on a timely basis. d. Prepare and transmit electronic payments.	AGS-102	2	HRS 26-6, HRS 40-01, HRS 40-03, HRS 40-10, HRS 40-53, HRS 40-54, HRS 40-56, HRS 40-57, HRS 40-58, and HRS 40-68
Accounting Division (Uniform Accounting & Reporting Branch)	Process and record financial transactions and report the results of financial transactions posted.	a. Develop and administer statewide accounting policies. b. Prepare the Annual Comprehensive Financial Report (ACFR) in accordance with Generally Accepted Accounting Principles. c. Prepare the Schedule of Expenditures of Federal Awards (SEFA) in accordance with the Federal Office of Management and Budget (OMB) Circular A-133. d. Maintain the State's Uniform Chart of Accounts and recommend changes and improvements thereto. e. Administer the appropriation and allotment process to ensure that program expenditures do not exceed authorizations. f. Release vouchers for payment. Provide guidance to departmental personnel in resolving errors that prevent their payments from processing. g. Approve statewide transactions processed via journal vouchers. h. Provide guidance to departmental personnel on recording adjustments, inter-entity, and other transactions.	AGS-103	1	HRS 26-6, HRS 40-01, HRS 40-03, HRS 40-04, and HRS 40-05

<u>Division</u>	<u>Description of Function</u>	<u>Activities</u>	<u>Prog ID(s)</u>	<u>Dept- Wide Priority</u>	<u>Statutory Reference</u>
Audit Division	To achieve complete compliance with the State Comptroller's established accounting procedures and internal controls by the State's executive departments and agencies through financial and compliance audits.	a. Annual audits required by statute or external mandate. b. Annual audits by request. c. State department and agency requests with urgent needs. d. Audits of other departments and agencies not requiring annual audits but scheduled on a cyclical basis. e. Verify that the invoices of the rapid transit authority for the capital costs of a locally preferred alternative for a mass transit project comply with HRS 46-16.8(e).	AGS-104	15	HRS 26-6, HRS 40-2, HRS 40-7, HRS 40-83, HRS 560:3-1214; Act 001, First Special Session 2017
Office of Information Practices	Administer Hawaii's Uniform Information Practices Act (Modified), Chapter 92F, HRS ("UIPA"), which requires open access to government records, and the "Sunshine Law," Part I of the Chapter 92, HRS, which requires open access to public meetings. As part of its UIPA duties, OIP administers the state's Records Report System. Additionally, OIP determines certain appeals from the Department of Taxation, and it assists the State Office of Enterprise Technology Services in implementing Hawaii's open data policy found at Section 27-44, HRS.	a. Promote government accountability and transparency through open access to government records and public meetings. b. As a neutral third party, administer Hawaii's open records and open meetings laws and administrative rules by investigating complaints, informally resolving disputes, and providing legal opinions, guidance, training, and assistance to State and county agencies and boards and to the general public. c. Monitor and recommend legislation, track lawsuits, and prepare annual reports. d. Assist the Office of Enterprise Technology Services in creating open data procedures and standards and encouraging government agencies to electronically post open data. e. Review and rule on appeals from the Department of Taxation's decisions as to what constitutes a written opinion that is available for public inspection and copying.	AGS-105	23	HRS Chapter 92F, HRS Chapter 92, Part I, HRS 27-44.3
Archives Division	Collect, preserve, arrange, describe and provide access to the permanent and historical records of State Government; and provide records management training and consultant to promote a more efficient and transparent government.	a. Acquire, appraise, preserve, and provide access to the permanent and historical paper records of State Government at the State Archives' facilities; b. Develop and maintain the State Digital Archives for improved access and long-term preservation of electronic records of permanent value; and, c. Provide records management services, including: consultation, training, records retention scheduling, and vital records protection; provide warehousing of inactive, non-permanent records; and provide storage of master microfilm.	AGS-111	13	HRS 26-6, HRS 94

<u>Division</u>	<u>Description of Function</u>	<u>Activities</u>	<u>Prog ID(s)</u>	<u>Dept- Wide Priority</u>	<u>Statutory Reference</u>
Land Survey Division	Perform field and office land survey work statewide for various Government Agencies. Review and sign all Return of the State Land Surveyor form prepared for each Land Court Application map referred to the Division. Prepare detailed report for the State Attorney General for all Quiet Title Action suits in which the State of Hawaii is a Defendant. Also appear as expert witness on land litigations in which State is a party. Review all shoreline maps prepared by Government or private registered land surveyor submitted to the State for certification. Serve as official depository of all Government Survey Registered Maps and other historic maps, field books, calculations and other survey information. Furnish blue line copies of all subdivisions and boundary survey maps, copies of survey descriptions and other map products, including File Plan and Land Court maps to Government agencies, private organizations or individuals.	<p>a. Conduct extensive research for all Quiet Title Actions in which the State is cited as defendant. Compile information including copies of deeds, old reference maps for possible use in Court. Also appear as expert witness in Court litigations involving State lands or interests.</p> <p>b. For subdivisions of Land Court lands, complete mathematical checks of areas, closures, curve computations are performed. All encumbrances affecting the newly created lots are checked with the owner's certificate of title. All newly created lots are checked for proper legal access to an existing government road.</p> <p>c. For all File Plan maps, all mathematical calculations are checked and land titles, ownership of land, names of adjoining property owners are checked and verified before the map is accepted for recordation at the Bureau of Conveyances. Official copies of these approved File Plans and the computations for each are kept on file.</p>	AGS-211	16	HRS 26-6, HRS 107-3, HRS 501, HRS 502, and HRS 205A
		<p>d. Prepare, furnish and maintain maps and descriptions of public lands required by State agencies for the issuance of Governor's Executive Orders, general leases, grants of easements as well as the sale of government lands or purchase of private lands for public purposes.</p> <p>e. Review Shoreline maps prepared by private or government Licensed Professional Land Surveyors submitted to the State of Hawaii for certification. Personal visits to the site may be necessary when controversy is encountered. Submits recommendation to the Chairperson of the Board of Land and Natural Resources.</p> <p>f. Serve as official depository of all Government Survey Registered Maps and other historic maps, field books, calculations and other survey information.</p>			
		<p>g. Furnish copies of all subdivisions and boundary survey maps, copies of survey descriptions and other map products, including File Plan and Land Court maps to Government agencies, private organizations and individuals.</p> <p>h. Performs preliminary field survey work to set the boundaries of various government parcels and places permanent markers on the boundary corners.</p> <p>i. Performs the field check of all original Land Court Applications transmitted to the Division by the Land Court.</p> <p>j. Provides maps and descriptions of Hawaiian Home Lands statewide. Provides field survey services when possible.</p> <p>k. Provide topographic and boundary surveys for schools and other public projects requested by State agencies.</p>

Functions

Table 1 - Department Functions

<u>Division</u>	<u>Description of Function</u>	<u>Activities</u>	<u>Prog ID(s)</u>	<u>Dept- Wide Priority</u>	<u>Statutory Reference</u>
Central Services Division - Custodial	Provide housekeeping services for assigned state buildings and centralized payment of utilities and maintenance contracts for assigned state buildings.	a. Provide for housekeeping/janitorial services at assigned state buildings. b. Process payment of all utility and maintenance service contracts and other vendor payments. c. Develop and ensure compliance of various essential service contracts by monitoring mechanical systems and equipment contracts in state buildings. d. Provide mail and messenger services for numerous State Departments.	AGS-231	9	HRS 26-6
Central Services Division - Grounds Maintenance	Provide grounds maintenance at assigned state office buildings, libraries, civic centers, health centers, and cemeteries.	a. Maintain grounds surrounding state office buildings by providing a variety of grounds maintenance services-weeding, watering, chemical spraying, and grass cutting on a regular basis. b. Maintain and trim trees, palm, and coconut trees surrounding public buildings by implementing regular tree trimming schedules via contract to prevent liability. c. Collect and dispose of refuse from assigned state office buildings, libraries, civic centers, health centers, and cemeteries by picking up refuse on a regular basis.	AGS-232	11	HRS 26-6
Central Services Division - Building Repairs and Alterations	Provide for the overall management of repair and maintenance and a preventative maintenance program for all assigned State office buildings located in the civic center and outlying areas.	a. Maintain the useful life of assigned Oahu public buildings, public libraries, health and civic centers statewide by performing minor and selected major repairs. In addition, emergency repairs are completed by immediately removing unsafe barriers or conditions. b. Other major repair work is completed through informal 3-quote, Hawaii State eProcurement (HlePRO) or delegated to DAGS-Public Works Division. c. Provide engineering support to AGS-231 for administering maintenance contracts. d. Oversee the annual sight visitation of all assigned state buildings, Statewide, and the long-range planning of preventative maintenance projects.	AGS-233	10	HRS 26-6
Central Services Division - Cemetery Management Office	To operate, maintain, improve, and redevelop State-owned cemeteries. Determine ownership of plots, maintain records pertaining to cemeteries, including cemetery plot plans, and records of plot ownership, interments, and disinterment.	a. This is a new program and program activities will be determined in accordance with HRS 110 and operational capabilities.	AGS-234	17	HRS 110

AGS-203	AD	NG	1	1	Increase in Revolving Fund Ceiling for expenditure/distribution of insurance proceeds from the Lahaina wildfire incident. Anticipated total insurance proceeds to be \$211,000,000. The property policy will yield \$200,000,000 and the liability policy will yield \$11,000,000 for a total of \$211,000,000.	This ceiling increase request is needed to facilitate the distribution of the \$200,000,000 anticipated insurance proceeds to be collected from the State's property insurers for the Lahaina wildfire and \$11,000,000 anticipated insurance proceeds to be collected from the State's liability insurers for the Lahaina wildfire.	W	-	-	\$ -	-	-	\$ 211,000,000
AGS-231	FA	AR	1	18	An additional \$520,000 is necessary to manage the rising costs of water/sewer utilities.	Additional funds are necessary to cover the rising costs of utilities. The scheduled water/sewer (BWS) increases of 60% over the next five years would have delayed payments to utilities and impact our ability to pay on time resulting in accrued interest.	A	-	-	\$ -	-	-	\$ 520,000
AGS-231	FB	AR	2	19	Add funds for utilities costs (Hawaii).	Additional funds are necessary to cover the rate fee increase in utilities for DAGS-managed facilities. The utility bills are a must-pay bill to keep all DAGS-managed facilities operational.	A	-	-	\$ -	-	-	\$ 225,000
AGS-231	FC	AR	3	20	An additional \$240,000 is necessary to address increases in electricity costs due to cost of energy.	Additional funds are necessary to cover the cost of electricity in DAGS managed facilities in Maui District. The electricity bill is a must-pay bill to keep all DAGS managed facilities operational.	A	-	-	\$ -	-	-	\$ 240,000
AGS-231	FD	AR	4	21	An additional \$80,000 is necessary to address increases in electricity costs due to cost of energy.	Additional funds are necessary to cover the cost of electricity in DAGS managed facilities in Kauai District. The electricity bill is a must-pay bill to keep all DAGS managed facilities operational.	A	-	-	\$ -	-	-	\$ 80,000
AGS-251	GA	NG	1	28	Fund ceiling increase is requested to fulfill Motor Pool's conversion of the state's fleet to zero-emission vehicles by funding the electrical infrastructure, procurement of EV chargers and related equipment to meet the state's zero-emission goals.	Act 74, SLH 2021 was enacted which mandated the development and implementation of a vehicle procurement policy which prioritizes agencies purchase or lease zero-emission vehicles. Since then, Automotive Management Division's Motor Pool Branch has been converting its fleet to electric vehicles (EV). Electrical infrastructure to support EV chargers, and other equipment are necessary to support both the State's fleet and the public. CM2024-10 provided increases to the daily and monthly vehicle rental rates. Raising the expenditure ceiling will allow Motor Pools revenues to be expended efficiently on efforts to retrofit existing state parking garages with charging stations and procure zero-emission vehicles in order to meet the State's clean energy goals while being in compliance with the State Procurement Office's vehicle procurement policy. AGS-252	GB	NG	1	29	Fund ceiling increase of \$500,000 is requested to address ongoing and necessary maintenance of facilities and modernization of parking payment systems.	This request to increase the fund ceiling of the Parking Control Revolving Fund (AGS252) is to address necessary and ongoing maintenance of facilities, such as waterproofing the roof deck of the Central Motor Pool, and modernization of parking payment systems in DAGS parking lots. Together, this maintenance and modernization will provide improved and needed services to the public and state employees. Automotive Management Division's Parking Control Branch currently serves state employees and the public by operating and maintaining 7,369 parking spaces across 20 parking lots. Raising the ceiling of the fund by \$500,000 will allow Parking Control to access parking fees that have been collected for critical infrastructure repairs and in a timely way, in alignment with the purpose of the revolving fund and the needs of the state.	W	-	-	\$ -	-	-	\$ 500,000
AGS-892	QA	AR		30	Requesting 2.00 FTEs and other current expenditure funds for the State Building Code Council, an attached agency within the Department of Accounting and General Services.	Pursuant to Hawaii Revised Statutes §107-23, the Council (State Building Code Council) shall appoint, exempt from chapters 76 and 89, an executive director, who shall serve at the pleasure of the council, and who shall have administrative abilities and experience with the building industry. The council shall also appoint, exempt from chapters 76 and 89, an executive assistant, who shall have experience in statutory and administrative rulemaking processes to assist in carrying out duties of the council under §107-24.	A	-	-	\$ -	2.00	-	\$ 326,882
AGS-881	LA	NG	1	33	Commissioned Works of Art; To fulfill a portion of the requests from State agencies (e.g., schools, libraries, other state agencies). To enhance the environmental quality of state public buildings and spaces for public enjoyment and enrichment.	Public art is a powerful tool for cultural preservation and community identity. In Hawai'i, the commissioned works program ensures that art reflects the unique multicultural heritage, history, and values of the islands. This is a critical function in a place where cultural understanding and respect are paramount. Artworks that are site-specific and inspired by the local environment and history create a stronger sense of place. They help residents and visitors connect with the spirit of a location, transforming a generic public space into a meaningful destination. The program directly supports Hawai'i's creative economy by commissioning local artists, as well as engaging a network of professionals including fabricators, engineers, and art handlers. It provides a platform for artists to build their careers and showcases their talent to a wider audience. This is making a strategic investment in the State's identity, economy, and the long-term well-being of its people.	B	-	-	\$ -	-	-	\$ 2,300,000

FY2025 - FY2027 Restrictions

Table 7 - Restrictions

<u>Fiscal Year</u>	<u>Prog ID</u>	<u>Sub-Org</u>	<u>MOF</u>	<u>Budgeted by Dept</u>	<u>Restriction</u>	<u>Difference Between Budgeted &amp; Restricted</u>	<u>Percent Difference</u>	<u>Impact</u>
2024	AGS-101	CA	A	\$ 2,383,836	\$ 209,384	\$ 2,174,452	91.22%	Restriction was met by creating capacity for system support by digitizing manual processes and through staff analysis of procedures and cross training. SAB was able to close down a contract for vendor support of the HIP Time and Leave system. SAB staff was able to take responsibility of this task to make up for the restriction.
2024	AGS-102	CB	A	\$ 1,591,459	\$ 159,146	\$ 1,432,313	90.00%	Impacts were absorbed through vacancy savings and delays in hiring.
2024	AGS-103	CC	A	\$ 1,199,770	\$ 112,976	\$ 1,086,794	90.58%	Impacts were absorbed through vacancy savings and delays in hiring.
2024	AGS-104	BA	A	\$ 992,642	\$ 99,264	\$ 893,378	90.00%	Restriction covered by vacancy savings.
2024	AGS-105	RA	A	\$ 1,234,122	\$ 123,412	\$ 1,110,710	90.00%	Restriction covered through vacancy savings due to six-month delay in establishing two new positions.
2024	AGS-111	DA	A	\$ 1,471,156	\$ 73,558	\$ 1,397,598	95.00%	In addition to vacancy savings, the program reduced archival supplies expenditures and software/hardware expenditures to meet the restriction amount.
2024	AGS-131	EG	A	\$ 21,858,170	\$ 549,372	\$ 21,308,798	97.49%	No impact to ETS operations. ETS partial restriction release was approved by the Governor on November 28, 2023.
2024	AGS-211	HA	A	\$ 868,010	\$ 47,800	\$ 820,210	94.49%	The 10% restriction resulted in keeping Office Assistant III position vacant until 4/16/2024 and negatively affected the program's ability to provide quality land surveying services in a timely manner.
2024	AGS-221	IA	A	\$ 14,330,669	\$ 733,066	\$ 13,597,603	94.88%	Restriction covered by vacancy savings.
2024	AGS-223	IB	A	\$ 5,561,435	\$ 556,144	\$ 5,005,291	90.00%	With the long-term economic impacts of COVID having continued into FY2024, there were additional unbudgeted building operating costs for increased labor and supplies needed to disinfect the interior and common areas of the buildings, which were charged to the building tenants. Fortunately, lessors had taken steps to minimize the impacts of those increased costs. Impacts were absorbed through vacancies, delays in hiring, and negotiation of favorable lease provisions.
2024	AGS-231	FA	A	\$ 20,143,805	\$ 1,121,298	\$ 19,022,507	94.43%	Restriction was met due to stable oil prices which resulted in lower than expected electricity costs.
2024	AGS-231	FB	A	\$ 1,557,685	\$ 160,463	\$ 1,397,222	89.70%	Restriction amount impacted our ability to pay our utility bills throughout the fiscal year along with purchase of necessary custodial supplies (i.e. toilet paper, hand towels, etc.).
2024	AGS-231	FC	A	\$ 1,128,381	\$ 43,691	\$ 1,084,690	96.13%	Restriction covered by vacancy savings.
2024	AGS-231	FD	A	\$ 987,097	\$ 95,258	\$ 891,839	90.35%	Majority of restriction covered by vacancy savings. Remaining restriction met via deferral of all stripping and waxing in DAGS-managed buildings (work needs to be done on overtime) and deferral of exterior building maintenance (e.g., upper story window washing, power washing of walls, walkways, etc.).
2024	AGS-231	FW	A	\$ 275,384	\$ 27,538	\$ 247,846	90.00%	Restriction was met by lower than anticipated special events held at Washington Place.
2024	AGS-232	FE	A	\$ 1,959,749	\$ 150,000	\$ 1,809,749	92.35%	Restriction was met due to less than anticipated vandalism and sprinkler repair damages attributed to the homeless both in the Civic Center and Outlying Areas.
2024	AGS-232	FG	A	\$ 260,658	\$ 35,548	\$ 225,110	86.36%	Routine tree trimming was reduced.
2024	AGS-232	FH	A	\$ 138,484	\$ 17,300	\$ 121,184	87.51%	Restriction covered by vacancy savings.
2024	AGS-233	FK	A	\$ 3,143,386	\$ 664,338	\$ 2,479,048	78.87%	Restriction was met due to less than expected vandalism incidents at state buildings due to the worsening homeless situation.
2024	AGS-233	FL	A	\$ 206,718	\$ 19,582	\$ 187,136	90.53%	This restriction impacted our capabilities of purchasing materials to do repair work for public buildings.
2024	AGS-233	FM	A	\$ 122,910	\$ 8,766	\$ 114,144	92.87%	Restriction covered by vacancy savings.
2024	AGS-233	FN	A	\$ 118,586	\$ 11,858	\$ 106,728	90.00%	Deferred repair and maintenance work at DAGS-managed buildings due to reduced available funding for materials and supplies.
2024	AGS-240	JA	A	\$ 2,286,888	\$ 228,688	\$ 2,058,200	90.00%	SPO was able to meet the restriction with vacancy savings.
2024	AGS-807	FP	A	\$ 2,850,718	\$ 285,072	\$ 2,565,646	90.00%	Restriction covered by vacancy savings.
2024	AGS-807	FQ	A	\$ 2,039,459	\$ 201,700	\$ 1,837,759	90.11%	Vacancy savings covered majority of restriction and DOE was asked to help with the purchasing of materials, supplies, and/or contracted out work.
2024	AGS-807	FR	A	\$ 1,451,032	\$ 145,104	\$ 1,305,928	90.00%	Restriction covered by vacancy savings.
2024	AGS-879	OA	A	\$ 6,169,276	\$ 308,464	\$ 5,860,812	95.00%	Partial restriction release was requested and approved to conduct the 2024 Elections as funds were used for the voting and vote counting system contract. The Office of Elections is responsible for conducting candidate filing; printing, counting, and tabulating ballots; as well as maximizing voter registration. Additionally, personnel budget was also impacted which impaired our ability to hire seasonal staff who work during the election year.
2024	AGS-881	KA	A	\$ 63,063	\$ 6,306	\$ 56,757	90.00%	Funds were available from within the department to cover the restriction.

FY2025 - FY2027 Restrictions

Table 7 - Restrictions

<u>Fiscal Year</u>	<u>Prog ID</u>	<u>Sub-Org</u>	<u>MOF</u>	<u>Budgeted by Dept</u>	<u>Restriction</u>	<u>Difference Between Budgeted &amp; Restricted</u>	<u>Percent Difference</u>	<u>Impact</u>
2024	AGS-881	LA	A	\$ 10,267,471	\$ 985,221	\$ 9,282,250	90.40%	The 10% restriction reduced funding by \$1,026,748 in total operations from the General Fund; this reduction was applied to Iolani Palace, Bishop Museum, Biennium Grants, Arts Education and Administrative Support areas. The restriction placed on the Biennium Grants, Arts Education, and Folk and Traditional Arts programs impacted our ability to reach neighbor islands and service the underserved communities within the state. Iolani Palace and Bishop Museum adjusted expenditures to meet the restriction amount.
2024	AGS-901	AA	A	\$ 1,682,531	\$ 566,508	\$ 1,116,023	66.33%	Restriction covered by vacancy savings.
2025	AGS-101	CA	A	\$ 3,556,869	\$ 360,686	\$ 3,196,183	89.86%	Impacts were absorbed through vacancies and delays in hiring.
2025	AGS-102	CB	A	\$ 1,624,096	\$ 162,410	\$ 1,461,686	90.00%	Restriction were covered by vacancy savings.
2025	AGS-103	CC	A	\$ 1,382,505	\$ 133,250	\$ 1,249,255	90.36%	Impacts were absorbed through vacancies.
2025	AGS-104	BA	A	\$ 1,017,713	\$ 101,772	\$ 915,941	90.00%	Restriction covered by vacancy savings.
2025	AGS-105	RA	A	\$ 1,258,905	\$ 125,890	\$ 1,133,015	90.00%	OIP was able to meet the restriction due to vacancy savings.
2025	AGS-111	DA	A	\$ 1,574,902	\$ 78,745	\$ 1,496,157	95.00%	Budget restriction negatively impacted ability of the program to procure needed archival supplies necessary for the Archives to execute on its mandate to preserve and make records accessible to the public; conduct shredding of expired records that are eligible for destruction - leading to increased legal exposure and staff time needed to retrieve; facilitate transfer of inactive records located in office space to the State Records Center for free, managed storage; and procure needed support of existing software/hardware along with upgrades to existing systems.
2025	AGS-211	HA	A	\$ 906,360	\$ 71,800	\$ 834,560	92.08%	Restriction covered by vacancy savings.
2025	AGS-221	IA	A	\$ 8,083,178	\$ 918,318	\$ 7,164,860	88.64%	Restriction covered by vacancy savings.
2025	AGS-223	IB	A	\$ 5,573,123	\$ 557,312	\$ 5,015,811	90.00%	For FY25, the ongoing economic impacts of COVID on the commercial office space market continued to result in unbudgeted building operating costs, that included higher labor and supply expenses for disinfecting interior and common areas, which were passed on to building tenants. However, lessors had taken measures to reduce the effects of these increased costs. The impacts were managed through vacancies, hiring delays, and the negotiation of favorable lease terms.
2025	AGS-233	FK	A	\$ 3,225,886	\$ 322,588	\$ 2,903,298	90.00%	The restriction limited the program's ability to adequately and effectively repair and maintain our aging State buildings. In addition, we experienced an increase in vandalism and damage due to the worsening homeless situation. This affected the number of repairs carried out at our facilities.
2025	AGS-233	FL	A	\$ 212,885	\$ 21,288	\$ 191,597	90.00%	This restriction impacted our capabilities of purchasing materials to do repair work for public buildings.
2025	AGS-233	FM	A	\$ 125,994	\$ 17,595	\$ 108,399	86.04%	Restriction release was made to cover operational costs incurred.
2025	AGS-233	FN	A	\$ 121,760	\$ 12,176	\$ 109,584	90.00%	Repair and maintenance work at DAGS-managed buildings and public libraries were deferred due to reduced available funding for materials and supplies.
2025	AGS-240	JA	A	\$ 2,313,491	\$ 231,350	\$ 2,082,141	90.00%	Restriction covered by vacancy savings, tightly managed overtime and temporary assignments.
2025	AGS-807	FO	A	\$ 1,248,710	\$ 94,299	\$ 1,154,411	92.45%	Restriction covered by vacancy savings.

2025	AGS-807	FQ	A	\$ 2,114,397	\$ 222,112	\$ 1,892,285	89.50%	Vacancy savings covered majority of restriction and DOE was asked to help with the purchasing of materials, supplies, and/or contracted out work.
2025	AGS-807	FR	A	\$ 1,500,003	\$ 150,000	\$ 1,350,003	90.00%	Restriction covered by vacancy savings.
2025	AGS-879	OA	A	\$ 2,470,761	\$ 247,076	\$ 2,223,685	90.00%	The restriction impacted the office from meeting our Maintenance of Effort (MOE) which is currently at \$2,299,552.00.
2025	AGS-881	KA	A	\$ 64,806	\$ 6,480	\$ 58,326	90.00%	Program's restriction was absorbed by SFCA as the program's budgeted amount was made up entirely of staff salary.

Department of Accounting and General Services  
FY2025 - FY2027 Restrictions

Table 7 - Restrictions

<u>Fiscal Year</u>	<u>Prog ID</u>	<u>Sub-Org</u>	<u>MOF</u>	<u>Budgeted by Dept</u>	<u>Restriction</u>	<u>Difference Between Budgeted &amp; Restricted</u>	<u>Percent Difference</u>	<u>Impact</u>
2025	AGS-881	LA	A	\$ 10,520,750	\$ 1,058,556	\$ 9,462,194	89.94%	The 10% restriction reduced funding for total operations from the General Fund; this reduction was applied to Iolani Palace, Bishop Museum, Biennium Grants, Arts Education and Administrative Support areas. The restriction was placed on the Biennium Grants, Arts Education, and Folk and Traditional Arts programs that impacted our ability to reach neighbor islands and service the underserved communities within the state. The 10% restriction on Iolani Palace reduced the funding towards operating costs critical to the care of the 142 year old Palace, impacting building repair and maintenance, essential staff salaries and wages, and reoccurring costs for security and accessibility. Bishop Museum reduced operating support critical to the work of the Bishop Museum by impacting IT infrastructure, essential staff salaries and wages, reoccurring utilities and maintenance essential to collections care, and support for programming. Program requested for restriction release.
2025	AGS-901	AA	A	\$ 6,733,549	\$ 89,009	\$ 6,644,540	98.68%	Restriction was covered by vacancy savings.
2026	AGS-101	CA	A	\$ 10,964,409	\$ 1,096,440	\$ 9,867,969	90.00%	Impact of a 10% restriction may impact operations and ongoing projects.
2026	AGS-102	CB	A	\$ 1,628,950	\$ 162,896	\$ 1,466,054	90.00%	Restriction will be covered by vacancy savings.
2026	AGS-103	CC	A	\$ 1,386,549	\$ 138,654	\$ 1,247,895	90.00%	Impact of a 10% restriction may impact operations and ongoing reporting requirements.
2026	AGS-104	BA	A	\$ 1,023,968	\$ 102,396	\$ 921,572	90.00%	Restriction to be covered by vacancy savings.
2026	AGS-105	RA	A	\$ 1,258,905	\$ 125,890	\$ 1,133,015	90.00%	The program will seek the release of restrictions as needed to meet staff salaries.
2026	AGS-111	DA	A	\$ 4,383,125	\$ 438,312	\$ 3,944,813	90.00%	Impact of a 10% restriction may impact operations and ongoing projects.
2026	AGS-131	EA	A	\$ 7,617,671	\$ 183,743	\$ 7,433,928	97.59%	The 10% restriction is having a negative impact on ETS operations. During the last legislative session, cybersecurity funding was vetoed as part of broader budget-balancing measures. Without these funds, ETS faces increased risks, including service degradation, delays in modernization efforts, and potential non-compliance with emerging cybersecurity mandates. The State's cybersecurity and emergency response capabilities rely heavily on timely, accurate, and secure information sharing across agencies and jurisdictions. Additionally, with the loss of federally funded departments contributing to the U-fund for their mainframe usage, ETS will lose a critical source of support for operating the mainframe and associated software. ETS is planning to request for a release of restrictions.
2026	AGS-131	ED	A	\$ 7,570,447	\$ 402,000	\$ 7,168,447	94.69%	
2026	AGS-131	EE	A	\$ 1,699,118	\$ 20,560	\$ 1,678,558	98.79%	
2026	AGS-131	EF	A	\$ 5,162,290	\$ 50,000	\$ 5,112,290	99.03%	
2026	AGS-131	EG	A	\$ 23,189,897	\$ 4,417,317	\$ 18,772,580	80.95%	
2026	AGS-211	HA	A	\$ 913,342	\$ 91,334	\$ 822,008	90.00%	A 10% restriction will result in a delay in hiring and negatively affect the program's ability to provide quality land surveying services in a timely manner.
2026	AGS-221	IA	A	\$ 8,105,782	\$ 810,578	\$ 7,295,204	90.00%	The program anticipates requesting for restriction releases in order to fund the Special Project Branch to provide critical support for the NASED project and other ongoing P3 projects.
2026	AGS-223	IB	A	\$ 7,177,674	\$ 717,768	\$ 6,459,906	90.00%	Restriction to be covered by vacancy savings. However, program will seek restriction release as needed.
2026	AGS-231	FA	A	\$ 21,447,332	\$ 1,924,364	\$ 19,522,968	91.03%	The restriction impacts the program's ability to pay the electricity bills for all assigned buildings. CSD plans to pursue a restriction release to avoid accruing 1% late fees each overdue month.
2026	AGS-231	FB	A	\$ 1,919,193	\$ 148,548	\$ 1,770,645	92.26%	The restriction will impact our capabilities of paying our utility bills throughout the fiscal year along with buying of necessary custodial supplies (i.e. toilet paper, hand towels, etc) Payment of most of the utility costs (electricity and water/sewer) for the last quarter of FY2026 may be deferred to the first quarter of FY 2027.
2026	AGS-231	FC	A	\$ 1,144,058	\$ 114,406	\$ 1,029,652	90.00%	Projecting a shortfall in all utilities so restriction release will need to be requested as utilities are critical in keeping State offices operating.
2026	AGS-231	FD	A	\$ 998,834	\$ 65,551	\$ 933,283	93.44%	Deferral of all stripping and waxing in DAGS-managed buildings (work needs to be done on overtime); deferral of exterior building maintenance (e.g., upper story window washing, power washing of walls, walkways, etc.); deferral of any major air conditioning and elevator repairs; deferral of payment of electricity bills if there are insufficient funds; may limit restocking of various janitorial supplies (i.e., toilet paper, hand towels, soap, etc.).
2026	AGS-232	FE	A	\$ 2,018,929	\$ 201,894	\$ 1,817,035	90.00%	The restriction impacts the program's ability to upkeep the grounds safely, specifically tree-trimming. CSD plans to pursue a restriction release to meet safety needs.
2026	AGS-232	FF	A	\$ 291,083	\$ 29,108	\$ 261,975	90.00%	This current restriction affects our capabilities of purchasing the necessary supplies to a minimal and equipment repairs to be done in-house as much as possible. Tree maintenance will be performed as needed and limited to the budget restrictions for all of our managed properties.
2026	AGS-232	FG	A	\$ 269,821	\$ 26,982	\$ 242,839	90.00%	Restrictions will reduce or eliminate tree trimming. If there are critical trimming needs will need to seek restriction release or these could pose a safety issue for the public.

Department of Accounting and General Services  
FY2025 - FY2027 Restrictions

Table 7 - Restrictions

<u>Fiscal Year</u>	<u>Prog ID</u>	<u>Sub-Org</u>	<u>MOF</u>	<u>Budgeted by Dept</u>	<u>Restriction</u>	<u>Difference Between Budgeted &amp; Restricted</u>	<u>Percent Difference</u>	<u>Impact</u>
2026	AGS-232	FH	A	\$ 89,989	\$ 24,552	\$ 65,437	72.72%	Reduce frequency of tree trimming, purchase less supplies.
2026	AGS-233	FK	A	\$ 3,231,922	\$ 323,192	\$ 2,908,730	90.00%	The restriction will the program's ability to repair and maintain our aging State buildings. CSD plans to pursue a restriction release to be able to complete necessary preventative maintenance and repairs.
2026	AGS-233	FL	A	\$ 212,885	\$ 21,288	\$ 191,597	90.00%	This restriction will affect our capability to purchase the necessary materials needed to perform necessary repairs and work will be deferred, which may lead to larger CIP projects. If needed, other agencies (DOH, Libraries, etc.) will be asked to purchase materials or help fund repairs.
2026	AGS-233	FM	A	\$ 125,994	\$ 12,600	\$ 113,394	90.00%	Restrictions will reduce the amount of materials for work orders where some of the nuisance type repairs will need to be deferred. If this is done, repairs will be more costly in the long run.
2026	AGS-233	FN	A	\$ 121,760	\$ 12,176	\$ 109,584	90.00%	Deferral of repair and maintenance work at DAGS-managed buildings and public libraries due to reduced available funding for materials and supplies.
2026	AGS-234	CS	A	\$ 1,088,500	\$ 108,850	\$ 979,650	90.00%	This is a new program (FY26). The program will absorb vacancy savings.
2026	AGS-240	JA	A	\$ 2,203,297	\$ 220,330	\$ 1,982,967	90.00%	SPO will tightly monitor our spending for what we can control, especially for non-personnel matters. The vacancies for the first half of FY 26 will also provide savings in our budget spending. We will continue to try to fill all of our vacancies to the best of our abilities, however over 80% of our budgeted allocation for this fiscal year is for personnel costs. We will continue to be very mindful about offering overtime and temporary assignments, and closely monitor spending in those areas.
2026	AGS-807	FO	A	\$ 1,400,929	\$ 230,381	\$ 1,170,548	83.56%	Vacancy savings will cover majority of restriction and DOE will be asked to help with the purchasing of materials, supplies, and/or contracted out work. Equipment purchases will be limited to replacing only.
2026	AGS-807	FP	A	\$ 1,957,739	\$ 105,485	\$ 1,852,254	94.61%	Vacancy savings will cover majority of restriction and DOE will be asked to help with the purchasing of materials, supplies, and/or contracted out work. Equipment purchases will be limited to replacing only.
2026	AGS-807	FQ	A	\$ 2,114,397	\$ 211,440	\$ 1,902,957	90.00%	Vacancy savings will cover majority of restriction and DOE will be asked to help with the purchasing of materials, supplies, and/or contracted out work. Equipment purchases will be limited to replacing only.
2026	AGS-807	FR	A	\$ 1,500,003	\$ 168,779	\$ 1,331,224	88.75%	Total reliance on U-fund from DOE due to severe impact on ability to purchase needed materials and supplies. Ability to service schools will be severely impacted due to lack of funding for operational needs.
2026	AGS-871	NA	A	\$ 2,757,314	\$ 275,731	\$ 2,481,583	90.00%	This program is responsible for regulating campaign finance violations through the administration and enforcement of the campaign finance laws and rules. If the restriction is not released, it will limit the program's ability to make payment to the contracted developer of our new electronic filing system and to retain hearing officers for contested case hearings to ensure efficient proceeding and handling of contested matters. Program will seek restriction release.
2026	AGS-879	OA	A	\$ 6,452,228	\$ 645,222	\$ 5,807,006	90.00%	Program will seek restriction release as funds will be needed to cover the cost of the City and County ballot card #2 as well as County of Hawaii Counting Center to be used for the 2026 elections. Funds for FY25 were appropriated for Act 190 to the Electronic Registration Information Center, Inc. (ERIC), just became compliant in Nov 2025, OE will need to cover cost of membership dues and one-time membership fee.
2026	AGS-881	LA	A	\$ 10,370,750	\$ 1,043,556	\$ 9,327,194	89.94%	The 10% restriction reduced funding in total operations from the General Fund; this reduction was applied to Iolani Palace, Bishop Museum, Biennium Grants, Arts Education, the Hawaii State Art Museum and Administrative Support areas. The restriction placed on the Biennium Grants, Arts Education, and Folk and Traditional Arts programs will impact our ability to reach neighbor islands and service the underserved communities within the state. The 10% restriction on Iolani Palace will reduce the funding towards operating costs critical to the care of the 142 year old Palace, impacting building repair and maintenance, essential staff salaries and wages, and reoccurring costs for security and accessibility. Bishop Museum will reduce operating support critical to the work of the Bishop Museum by impacting IT infrastructure, essential staff salaries and wages, reoccurring utilities and maintenance essential to collections care, and support for programming. Program will seek restriction release as needed.
2026	AGS-901	AA	A	\$ 1,949,413	\$ 226,597	\$ 1,722,816	88.38%	Restriction to be covered by vacancy savings.

Table 17 - Sub-Org Codes

<b>Program ID</b>	<b>Sub-Org Code</b>	<b>Name</b>	<b>Objective</b>
AGS131	EB	ENTERPRISE TECHNOLOGY SERVICES - OPERATIONS AND INFRASTRUCTURE MAINTENANCE - SYSTEMS SERVICES	Provides systems software support and control programming; database management and operational support; development, implementation, and maintenance of specialized systems software used in support of applications and control systems; analyses to improve the efficiency and capacity of computer systems; security of information; and guidance in the effective and efficient use of systems software.
AGS131	EC	ENTERPRISE TECHNOLOGY SERVICES - OPERATIONS AND INFRASTRUCTURE MAINTENANCE - PRODUCTION SERVICES	Operates a centralized computing facility and a distributed data communications network that provides comprehensive and efficient computing services to all State agencies. Manages and implements production activities associated with electronic information processing. Plans, designs, implements, installs, and manages a physical security program to protect equipment, hardware, and software media.
AGS131	ED	ENTERPRISE TECHNOLOGY SERVICES - OPERATIONS AND INFRASTRUCTURE MAINTENANCE - TECHNICAL SUPPORT SERVICES	Provides planning, design, management, maintenance, coordination, and technical consulting and support for the State's emerging technologies programs. Provides technical consulting and expertise in computer hardware and software for the establishment and proper operation of local area networks, office automation, Internet, and Intranets. Provides support services to clients in the selection and utilization of public and government access systems and services to obtain information.
AGS131	EE	ENTERPRISE TECHNOLOGY SERVICES - OPERATIONS AND INFRASTRUCTURE MAINTENANCE - CLIENT SERVICES	Provides application systems development and maintenance services at two levels: statewide applications and department or agency specific applications. Provides systems analysis, systems design, and computer programming, application systems installation and client training, as well as post installation support; provides assistance to clients in developing analytic and technical capabilities to enable them to plan and maintain their own systems and applications.

Table 17 - Sub-Org Codes

<b>Program ID</b>	<b>Sub-Org Code</b>	<b>Name</b>	<b>Objective</b>
AGS131	EF	ENTERPRISE TECHNOLOGY SERVICES - OPERATIONS AND INFRASTRUCTURE MAINTENANCE - TELECOMMUNICATION	Plans, designs, engineers, upgrades, and manages the State's voice, data, video, and radio communications networks. Operates and manages the communication systems for public and private access to public and private information systems
AGS131	EG	ENTERPRISE TECHNOLOGY SERVICES - GOVERNANCE AND INNOVATION	Establish governance processes, policies and methodologies that guide the management and oversight of the State's Information Technology (IT)/IRM investments, acquisitions, and projects (including system development, implementation, and critical infrastructure improvements). Institute enterprise shared services and a consolidated IT/IRM infrastructure to address internal-facing, shared support services, data management services, infrastructure and systems on an enterprise-wide basis as the technology foundation for future work.
AGS203	AD	STATE RISK MANAGEMENT AND INSURANCE ADMINISTRATION	The objective of this program is to operate a comprehensive risk management and insurance program to protect the State against catastrophic losses and to minimize total cost of risk.
AGS211	HA	LAND SURVEY	To assist in protecting the rights of public and private land ownership by providing field survey services and descriptions of surveyed lands.
AGS221	IA	PUBLIC WORKS - PLANNING, DESIGN AND CONSTRUCTION	The objective of this program is to ensure provision of approved physical facilities necessary for the effective operation of State programs by providing timely and economical design and construction services within assigned areas of responsibility.
AGS223	IB	OFFICE LEASING	The objective of this program is to provide centralized office leasing services to user agencies in the acquisition of office space in non-state-owned buildings in compliance with Section 171-30, Hawaii Revised Statutes
AGS231	FA	CENTRAL SERVICES - CUSTODIAL SERVICES - OAHU	To maintain assigned public buildings in a clean and safe condition by providing a variety of custodial services.
AGS231	FB	CENTRAL SERVICES - CUSTODIAL SERVICES - HAWAII	Same as above for Hawaii.

<b>Program ID</b>	<b><u>Sub-Org Code</u></b>	<b><u>Name</u></b>	<b><u>Objective</u></b>
AGS240	JA	STATE PROCUREMENT	The objective of this program is to promote economy, efficiency, effectiveness, and impartiality in the procurement of commodities, services and construction for State and County governments through development, implementation and maintenance of policies and procedures that provide for broad-based competition, accessibility to government contracts, fiscal integrity and responsibility in the procurement process; to procure or supervise the procurement of commodities and services to meet the State's need through economical purchases and inventory control.
AGS244	JC	SURPLUS PROPERTY MANAGEMENT	The program coordinates the transfer of State surplus property and Federal surplus property available through the Federal Surplus Property program to eligible "donees" (state/local government, non-profit organizations that serve or promote a public purpose, qualified small minority owned businesses, tax-exempt educational and public health institutions or organizations). To achieve the greatest economical use of State and Federal property declared surplus by providing a viable source of surplus goods for re-utilization.
AGS251	GA	AUTOMOTIVE MANAGEMENT - MOTOR POOL	The objective of the program is to support State agencies by providing safe motor pool vehicle transportation required to perform their official duties.
AGS252	GB	AUTOMOTIVE MANAGEMENT - PARKING CONTROL	The objectives of the program are to maintain and allocate parking spaces, assess and collect parking fees, and control parking on State lands under the jurisdiction of the Comptroller.
AGS807	FO	SCHOOL REPAIR AND MAINTENANCE, NEIGHBOR ISLAND DISTRICTS - WEST HAWAII	The program will strive to provide timely, responsive, quality, cost effective, and innovative repair and maintenance services to public schools on the islands of Hawaii, Kauai, Maui, Molokai, and Lanai.
AGS807	FP	SCHOOL REPAIR AND MAINTENANCE, NEIGHBOR ISLAND DISTRICTS - EAST HAWAII	See objective for West Hawaii.

<b>Program ID</b>	<b>Sub-Org Code</b>	<b>Name</b>	<b>Objective</b>
AGS901	AA	GENERAL ADMINISTRATIVE SERVICES - COMPTROLLER'S OFFICE	Plans, directs and coordinates the various activities of the department within the scope of laws and established policies and regulations.
AGS901	AB	GENERAL ADMINISTRATIVE SERVICES - ADMINISTRATIVE SERVICES OFFICE	Provides the department with internal management, fiscal and office services and administers the statewide Risk Management Program. Provides general internal management assistance to the Comptroller in exercising responsibilities as executive of the department, including staff studies, reviews, and reports on organizational structures, work processes, procedures, and policies established for the department.
AGS901	AC	GENERAL ADMINISTRATIVE SERVICES - PERSONNEL OFFICE	Administers the personnel management program for the department to include position classification and compensation, employee relations, recruitment and evaluation, selection and placement, labor relations, employee training and development, safety, affirmative action and equal employment opportunity, personnel transactions and maintenance of personnel records.
AGS901	AE	GENERAL ADMINISTRATIVE SERVICES - SYSTEMS AND PROCEDURES OFFICE	The DAGS Systems and Procedures Office coordinates and advises the Comptroller on all functions pertaining to computer applications, local and wide area networks. The office has the functional responsibility for the development, implementation, and maintenance of computer systems under the administrative control of the Department of Accounting and General Services; formulates information processing policies and procedures; plans, coordinates and conducts systems analysis design and computer programming by utilizing available resources to support the computer and networking needs of the department; and operates and maintains the departmental minicomputer, local and wide area networks.
