In Consideration of
The Executive Supplemental Budget Request for Fiscal Year (FY) 2027

Aloha Chair Dela Cruz, Vice Chair Moriwaki, and Members of the Committee:

In response to your request dated December 16, 2025, the Office of the Governor submits one (1) operating budget request for consideration as part of the FY 2027 Supplemental Budget.

The Office of the Governor respectfully requests \$100,000 in non-recurring funds to support gubernatorial transition costs for FY 2027. This request is made pursuant to Section 30-6, Hawai'i Revised Statutes, which authorizes funding to ensure continuity of executive branch operations and an orderly transition process. These funds will support administrative, staffing, and operational needs associated with the transition and are necessary to maintain effective executive branch operations and coordination across state departments.

Over the past year, Governor Green has worked closely with the Legislature to advance policies addressing long-term fiscal stability, public health, and climate resilience amid increasing uncertainty at the federal level. Ongoing and anticipated reductions in federal funding have required the State to plan more strategically to protect essential services and maintain critical programs. In partnership with the Legislature, the Administration has advanced forward-looking measures, including the establishment of Hawai'i's Climate Impact Fee (Green Fee),

which creates a dedicated funding source to support environmental conservation, disaster resilience, and infrastructure.

As federal funding becomes less predictable, strong coordination across state agencies and continuity within the executive branch are increasingly important. The Administration remains committed to working collaboratively with the Legislature, community partners, other sectors of government, and the private sector to address these challenges and improve outcomes for the people of Hawai'i.

Governor Green has also remained deeply committed to the ongoing recovery from the Maui wildfires—the worst natural disaster in the State's history. The Administration continues to support Maui residents through sustained recovery efforts, including mental health services, temporary and long-term housing, infrastructure rebuilding, debris removal, and the development of a new elementary school to help restore community stability and support displaced families.

As Hawai'i navigates continued recovery efforts and prepares for ongoing fiscal and operational challenges, continuity within the executive branch remains critical. The Office of the Governor remains committed to working collaboratively with the Legislature, state agencies, community partners, and the private sector to address the State's highest priorities. We value transparency and accessibility and appreciate the Legislature's continued support as we work together to address the State's highest priorities.
