In consideration of
SB 2811, SD2
RELATING TO STATE BUILDING PROJECTS

Honorable Chair Sayama, Vice Chair Lee, and Members of the House Committee on Labor:

The Hawaii Public Housing Authority (HPHA) supports this measure which establishes the State Building Permit Process Task Force within the Department of Accounting and General Services (DAGS) to evaluate the challenges, opportunities, and legislative actions necessary to establish a State Building Permit Review Office for state projects located on state-owned lands. Requires any processes or recommendations developed by the task force to comply with section 103-50, Hawaii Revised Statutes.

HPHA looks forward to continuing to work with the Legislature, DAGS, and all stakeholders to address Hawaii's housing challenges and views this measure as an important part of a broader coordinated solution. HPHA stands ready to participate constructively in this effort and looks at this measure as an opportunity to be part of the overall solution needed to address all housing related issues in Hawaii.

Thank you for the opportunity to provide testimony and for your continued commitment to meeting Hawaii's housing needs.

RELATING TO STATE BUILDING PROJECTS.

Chairperson Sayama, Vice Chairperson Lee, and Members of the Committee. The Hawai'i Community Development Authority (HCDA) **supports** SB 2811, SD 2, which establishes a task force within the Department of Accounting and General Services (DAGS) to evaluate the feasibility of creating a state building permit review office only for state projects on state land. It appropriates funds, and sunsets on June 30, 2028.

By way of background, HCDA is developing four affordable housing projects within its Kaka'ako Community Development District and may, in the future, undertake similar projects outside of its designated community development districts.

Building permit review and approval is one of the many regulatory hurdles in real estate development. When the state, either directly or through qualified developers, undertakes projects that benefit the state, including building affordable housing, delays in the existing county permitting process can result in increased costs and postponed delivery of much-needed public facilities and housing.

This measure would convene a task force to examine whether a centralized state building permit office within DAGS could improve efficiency for state projects on state lands. Such an office has the potential to expedite permit review and approvals while
