

**WRITTEN TESTIMONY OF
THE DEPARTMENT OF THE ATTORNEY GENERAL
KA 'OIHANA O KA LOIO KUHINA
THIRTY-THIRD LEGISLATURE, 2026**

ON THE FOLLOWING MEASURE:

S.B. NO. 3076, S.D. 1, RELATING TO TOBACCO ENFORCEMENT.

BEFORE THE:

SENATE COMMITTEE ON WAYS AND MEANS

DATE: Monday, March 2, 2026

TIME: 10:31 a.m.

LOCATION: State Capitol, Room 211

TESTIFIER(S): **WRITTEN TESTIMONY ONLY.**

(For more information, contact Chelsea N. Okamoto,
Deputy Attorney General, at 808-586-1242)

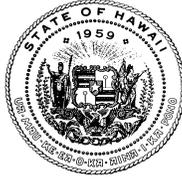

Chair Dela Cruz and Members of the Committee:

The Department of the Attorney General (Department) strongly supports this bill.

This bill updates tobacco enforcement laws to confirm the authority of the Department and the Department of Taxation (DOTAX) to inspect and seize tobacco products, including electronic smoking devices and e-liquids. The bill also clarifies that untaxed tobacco products are subject to forfeiture as contraband, in the same manner as untaxed cigarettes.

Act 62, Session Laws of Hawaii 2023 (Act 62), established a new excise tax on electronic smoking devices and e-liquids. To strengthen and expand the enforcement authority of the Department and DOTAX to ensure effective enforcement of Hawaii's tax laws, including amendments made by Act 62, statutory updates to chapter 245, Hawaii Revised Statutes (HRS) and chapter 712A, HRS, are necessary. These updates will provide enforcement parity between cigarettes and these newly taxed tobacco products by confirming that the same authority applies to all tobacco products, including electronic smoking devices and e-liquids. Strengthening enforcement will help protect public health, particularly among Hawaii's youth who have been disproportionately affected by the vaping epidemic.

We respectfully ask the Committee to pass this bill. Thank you for the opportunity to testify.

WRITTEN
TESTIMONY ONLY

Testimony in SUPPORT of S.B. 3076, S.D. 1
RELATING TO TOBACCO ENFORCEMENT

SENATOR DONOVAN M. DELA CRUZ, CHAIR
SENATE COMMITTEE ON WAYS AND MEANS

Hearing Date: March 2, 2026
10:31 AM

Room Number: Conference Room 211
and Videoconference

1 **Fiscal Implications:** The Department of Health (DOH) defers to the Department of Taxation
2 (DOTAX) and the Department of the Attorney General (AG) for fiscal implications related to this
3 measure.

4 **Department Position:** The DOH supports Senate Bill 3076, Senate Draft 1 (S.B. 3076, S.D. 1)
5 which updates tobacco enforcement laws to confirm the authority of the DOTAX and the AG to
6 inspect and seize tobacco products including electronic smoking devices (ESDs) and e-liquid
7 products. The measure also clarifies that untaxed tobacco products are subject to forfeiture as
8 contraband.

9 **Department Testimony:** Hawai'i's adult smoking prevalence is at an all-time low of 9%,
10 however 23% of young adults age 18-24 and 25% age 25-34 report current vaping.^{1,2} High
11 schoolers and middle schoolers in Hawai'i have seen increases in reported frequent and daily

¹ Centers for Disease Control and Prevention, National Center for Chronic Disease Prevention and Health Promotion, Division of Population Health. BRFSS Prevalence & Trends Data [online]. 2015. [accessed Feb 06, 2023]. URL: <https://www.cdc.gov/brfss/brfssprevalence/>

² Hawaii Health Data Warehouse. (2023). *Hawaii Health Matters: Indicators :: Adults Who Use an Electronic Smoking Device :: State : Hawaii*.

1 ESD use.³ In 2023, 46% of high schoolers and 26% of middle schoolers who reported current
2 vaping said they vaped frequently, a significant rise over four years.⁴

3 Regulation of ESDs is critical to reducing tobacco use in Hawai‘i and enforcement of ESD
4 excise taxes is a key component of the state’s comprehensive tobacco control efforts. As with
5 combustible cigarettes, strong tobacco tax enforcement helps sustain Hawai‘i’s downward
6 trend in tobacco product use. According to the U.S. Surgeon General, raising the price of
7 tobacco products is the single most effective way to reduce consumption.⁵ Enforcement also
8 curbs illicit purchases, which is estimated to make up 8%-21% of all cigarettes consumed in the
9 United States.⁶ Illicit purchases undermine tobacco control efforts, potentially widen health
10 disparities, and cost local and state revenues billions of dollars in lost revenue.⁷

11 The DOH supports S.B. 3076, S.D. 1 as an important measure to clarify tobacco
12 enforcement laws and to strengthen enforcement of ESD excise taxes.

13 **Offered Amendments:** None

14 Thank you for the opportunity to testify on this measure.

TESTIMONY ON THE FOLLOWING MEASURE:

S.B. No. 3076, S.D.1, Relating to Tobacco Enforcement

BEFORE THE:

Senate Committee on Ways and Means

DATE: Monday, March 2, 2026
TIME: 10:02 a.m.
LOCATION: State Capitol, Room 211

Chair Dela Cruz, Vice-Chair Moriwaki, and Members of the Committee:

The Department of Taxation (DOTAX) offers the following testimony in support of S.B. 3076, S.D.1, an Administration measure, for your consideration.

Section 2 of S.B. 3076, S.D.1, amends part I of chapter 245, Hawaii Revised Statutes (HRS), adding a new section authorizing the forfeiture and destruction of any untaxed or unpermitted cigarette or tobacco product, package of cigarettes or tobacco products, carton of cigarettes or tobacco products, or container of cigarettes or tobacco products.

Section 3 of the bill amends section 245-9, HRS, which grants DOTAX and the Attorney General the authority to inspect and seize contraband, by clarifying that businesses engaged in the sale of "tobacco products" are subject to inspection in the same manner as businesses engaged in the sale of cigarettes.

Section 4 of S.B. 3076, S.D.1, amends section 712A-5(1)(d), HRS, regarding forfeiture by removing the cross reference to chapter 245, HRS. The result is that 712A-5(1)(d), HRS, applies to contraband generally.

The bill is effective upon approval.

DOTAX supports the changes proposed as they will assist the Department of the Attorney General in its enforcement efforts.

Thank you for the opportunity to provide comments on this measure.

RE: Support for SB 3076 SD1, Relating to Tobacco Enforcement

Hrg: Monday, March 2, 2026, at 10:31 AM, Room 211

The Coalition for a Tobacco-Free Hawai'i, a program of Hawai'i Public Health Institute¹ is in **Support of SB 3076 SD1**, which updates tobacco enforcement laws to confirm the authority of the Department of Taxation and the Department of the Attorney General to inspect and seize tobacco products, including electronic smoking devices and e-liquids, and clarify that untaxed tobacco products are subject to forfeiture as contraband, without regard to the procedures set forth in chapter 712A, HRS, in the same manner as untaxed cigarettes.

This bill will support the work of the tobacco enforcement unit within the Department of the Attorney General. The tobacco enforcement unit administers, monitors, and enforces the tobacco master settlement agreement. With the passage of Act 62 in 2023, the tobacco enforcement unit has expanded the scope of their enforcement authority to include the regulation of electronic smoking devices and e-liquids.

The Coalition worked diligently for over ten years to pass Act 32 which takes a comprehensive approach to regulating electronic smoking devices the same way combustible cigarettes are through taxes, regulation, licensing and permitting, and enforcement. By updating these tobacco enforcement laws the Enforcement Unit will be able to continue to do its job, supporting this comprehensive approach.

Thank you for considering SB 3076 SD1 and other policies that support a comprehensive approach to tobacco prevention and regulation.

Mahalo,

A handwritten signature in black ink that reads 'Kevin Ramirez'. The signature is fluid and cursive, with a long horizontal stroke at the end.

Kevin Ramirez
Coalition for a Tobacco-Free Hawai'i Program Manager
Hawai'i Public Health Institute

1 The Coalition for a Tobacco-Free Hawai'i (Coalition) is a program of the Hawai'i Public Health Institute (HIPHI) that is dedicated to reducing tobacco use through education, policy, and advocacy. With more than two decades of history in Hawai'i, the Coalition has led several campaigns on enacting smoke-free environments, including being the first state in the nation to prohibit the sale of tobacco and electronic smoking devices to purchasers under 21 years of age.
