6. ACCOUNTING AND GENERAL SERVICES:

- a. Salt Pond Beach Area development..... 200,000  
 (\$50,000 to be expended by the Department of Accounting and General Services for site development of the Salt Pond area and \$150,000 to be expended for domestic water development by the Hawaii Water Authority, provided, that if the Kauai County Water Works Board is established before the funds are allotted, the funds for water development shall be expended by the Kauai County Water Board.)

SECTION 2. The Comptroller, as director of the department of accounting and general services, is authorized to delegate to the departments or agencies the planning and construction of projects in section 1 when it is determined by him that it is more advantageous to do so. In the event that reorganization of the state government is not completed for those expending agencies specified in section 1 at the time of the effective date of this act, the department of accounting and general services shall be the expending agency, and the Comptroller may delegate to the appropriate departments and agencies the planning and construction of projects listed in section 1.

SECTION 3. The appropriations in section 1 include, where necessary, land acquisition, plans, improvements to land, construction, and necessary equipment.

SECTION 4. The governor, upon recommendation of the director of state planning and the director of the department of budget and review, shall initiate and/or allot funds for authorized projects taking into consideration the general condition of the general fund of the state and the general economic condition of the state. The governor shall have authority to defer projects for reconsideration by the ensuing legislature whenever it is determined (1) that the amount appropriated is insufficient to accomplish the purpose for which the appropriation is made, and (2) that the fiscal condition of the state does not warrant expenditure of the appropriated funds. Such deferment shall be reported to the next legislature, at least 20 days prior to its convening, and shall be accompanied with the reason or reasons therefor.

SECTION 5. Upon certification by the expending agency that the purpose of the appropriation has been accomplished and all financial obligations incurred have been met, or when it is determined by the expending agency that the amount specified in any item in Section 1 shall not be wholly required to complete the work of such items, the unrequired balances may be expended for any other item in the same county in the section, with the approval of the governor, if there is any item where the amount appropriated for that item is insufficient to accomplish the purpose for which the appropriation is made. If there are any unrequired balances after the requirement of the preceding sentence has been fulfilled, then such amount or amounts shall lapse into the general fund. Such transfers or anticipated lapsing shall be reported to the next legislature, at least 20 days prior to its convening and shall be accompanied with the reason or reasons therefor.

SECTION 6. The acquisition of land and the construction of buildings shall be subject to the approval of the governor upon recommendation of the director of state planning as to what lands should be utilized

or purchased, and as to type, size, arrangement, use and exterior architectural design of the authorized structure.

SECTION 7. In the event that no funds are allotted by the governor for any project in section 1 during the annual period ending June 30, 1961, authorization for such projects shall lapse as of June 30, 1961.

SECTION 8. FEDERAL FUNDS. Where the governor or any agency of any government unit is able to secure federal funds made available under any Act of the Congress of the United States to be expended in connection with or for the planning and/or construction of any of the projects or works authorized by this Act, the governor or agency shall have the power to enter into such undertaking with the proper officers or agencies of the federal government.

SECTION 9. SEVERABILITY. If any portion of this Act or its application to any person or circumstances is held to be invalid for any reason, then the legislature hereby declares that the remainder of this Act and each and every other provision thereof shall not be affected hereby.

SECTION 10. This Act shall take effect upon its approval.

(Approved May 11, 1960, subject to item veto of items as stricken and initialled by the Governor.) **S.B. 38.**
