**"Sec. 88-74 Allowance on service retirement.** Upon retirement for service, a member shall receive a retirement allowance as follows:

- (1) If the member has attained the age of fifty-five, a retirement allowance of one-fiftieth of the average final compensation of the member multiplied by the total number of years of his credited service; provided, that after June 30, 1968, if the member has at least ten years of credited service of which the last five or more years prior to retirement is credited service as a fireman or a policeman; and provided that after June 30 following the date of actual transfer of the county jails by executive order of the governor, if the member has at least ten years of credited service of which the last five or more years prior to retirement is credited service as a corrections officer, then for each year of service as a fireman, a policeman or a corrections officer, the retirement allowance shall be two and one-half per cent of his average final compensation; provided further, that the maximum retirement allowance for such a member shall not exceed eighty per cent of his average final compensation. If the member has not attained the age of fifty-five, his retirement allowance shall be computed as though he had attained age fifty-five, reduced in accordance with factors of actuarial equivalence adopted by the board upon the advice of the actuary; provided that no such reduction shall be made if the member has at least twenty-five years of credited service of which the last five or more years prior to retirement is credited service as a fireman, policeman or corrections officer. No such reduction shall be made if the member has at least twenty-five years of credited service of which the last five or more years prior to retirement is credited service in any of the following classifications: (1) sewer maintenance helper, (2) sewer maintenance repairer, (3) sewer maintenance supervisor I and II, (4) gas detector, (5) gas detector helper, (6) gas detector supervisor, (7) cesspool worker, (8) cesspool pumping equipment operator I, (9) cesspool pumping equipment operator II, and (10) cesspool pumping supervisor, or in any combination of these classifications.

- (3) If the member has credited service as a judge, an elective officer, or the chief clerk and the sergeant at arms of both houses of the legislature, his

retirement allowance shall be computed on the following basis:

- (A) Irrespective of age, for each year of credited service as a judge, an elective officer, or the chief clerk and the sergeant at arms of both houses of the legislature, three and one-half per cent of his average final compensation in addition to an annuity which is the actuarial equivalent of his accumulated contributions allocable to the period of such service; and
- (B) For all other credited service as provided in subsections (1) and (2) hereof. No allowance shall exceed seventy-five per cent of the average final compensation.

If the allowance exceeds this limit, it shall be adjusted by reducing the annuity, included in (A) of this subsection and the portion of the accumulated contributions specified in the same subsection as may be in excess of the requirements of the reduced annuity shall be returned to the member.

The allowance for judges under this section, together with the retirement allowance provided by the federal government for similar service, shall in no case exceed seventy-five per cent of average final compensation.”
