

ACT 287

H.B. NO. 5

A Bill for an Act Relating to State Bonds.

Be It Enacted by the Legislature of the State of Hawaii:

SECTION 1. Declaration of findings with respect to the general obligation bonds authorized by this Act. Pursuant to the clause in Article VII, section 13, of the State Constitution which states: "Effective July 1, 1980, the legislature shall include a declaration of findings in every general law authorizing the issuance of general obligation bonds that the total amount of principal and interest, estimated for such bonds and for all bonds authorized and unissued and calculated for all bonds issued and outstanding, will not cause the debt limit to be exceeded at the time of issuance.", the legislature finds and declares as follows:

- (1) Limitation on general obligation debt. The debt limit of the State is set forth in Article VII, section 13, of the State Constitution, which states in part: "General obligation bonds may be issued by the State; provided that such bonds at the time of issuance would not cause the total amount of principal and interest payable in the current or any future fiscal year, whichever is higher, on such bonds and on all outstanding general obligation bonds to exceed: a sum equal to twenty per cent of the average of the general fund revenues of the State in the three fiscal years immediately preceding such issuance until June 30, 1982; and thereafter, a sum equal to eighteen and one-half per cent of the average of the general fund revenues of the State in the three fiscal years immediately preceding such issuance." Article VII, section 13, also provides that in determining the power of the State to issue general obligation bonds, certain bonds are excludable, including "reimbursable general obligation bonds issued for a public undertaking, improvement or system but only to the extent that reimbursements to the general fund are in fact made from the net revenue, or net user tax receipts, or combination of both, as determined for the immediately preceding fiscal year."
- (2) Actual and estimated debt limits. The limit on principal and interest of general obligation bonds issued by the State, actual for fiscal year 1982-1983 and estimated for each fiscal year from 1983-1984 to 1986-1987, is as follows:

Fiscal Year	Net General Fund Revenues	Debt Limit
1979-80	\$ 1,056,696,544	
1980-81	1,169,454,257	
1981-82	1,154,765,486	
1982-83	1,196,435,000	\$208,489,838
1983-84	1,259,773,000	217,107,042
1984-85	1,348,130,000	222,676,698
1985-86	1,444,489,000	234,600,843
1986-87	(not applicable)	249,897,507

For fiscal years 1982-83, 1983-84, 1984-85, 1985-86, and 1986-87, respectively, the debt limit is derived by multiplying the average of the net general fund revenues for the three preceding fiscal years by eighteen and one-half per cent. The net general fund revenues for fiscal years 1979-80, 1980-81, and 1981-82 are actual, as certified by the director of finance in the Statement of the Debt Limit of the State of Hawaii as of July 1, 1982, dated November 1, 1982. The net general fund revenues for fiscal years 1982-83 to 1985-86 are estimates, based on general fund revenue estimates dated September 10, 1982, by the council on revenues, the body assigned by Article VII, section 7 of the State Constitution, to make such estimates, and based on estimates made by the department of budget and finance of those receipts which cannot be included as general fund revenues for the purpose of calculating the debt limit, all of which estimates the legislature finds to be reasonable.

- (3) Principal and interest on outstanding bonds applicable to the debt limit. As certified by the director of finance in the most recent Certificate of the Debt Limit of the State of Hawaii dated March 31, 1983, the total amount of principal and interest on outstanding general obligation bonds for determining the power of the State to issue general obligation bonds within the debt limit is as follows for fiscal year 1983-84 to fiscal year 1989-90:

Fiscal Year	Principal and Interest
1983-84	167,176,957
1984-85	172,421,146
1985-86	173,149,703
1986-87	165,878,193
1987-88	158,773,706
1988-89	150,285,593
1989-90	140,948,686

The Certificate of Debt Limit as of March 31, 1983, further shows that the amount of principal and interest on outstanding bonds applicable to the debt limit continues to decline each year from fiscal year 1989-90 to fiscal year 2011-12 when the final installment of \$15,347 shall be due and payable.

- (4) Amount of authorized and unissued general obligation bonds and bonds authorized by this Act. As calculated from the state comptroller's bond fund reports as of December 31, 1982, adjusted for the \$75,000,000 general obligation bonds dated March 1, 1983, Series AV, the total amount of authorized but unissued general obligation bonds is \$305,384,855. The total amount of general obligation bonds authorized by this Act is \$275,879,000. The total amount of general obligation bonds previously authorized and unissued and the general obligation bonds authorized by this Act is \$581,263,855.
- (5) Proposed general obligation bond issuance. As reported in the Multi-Year Program Plan and Executive Budget, dated December 1982, as it applies to the remainder of fiscal year 1982-83, and as reported by the department of budget and finance for fiscal years 1983-84, 1984-85, 1985-86, and 1986-87, the State proposes to issue \$75,000,000 in general obligation bonds during the remainder of fiscal year 1982-83 and \$75,000,000 semi-annually in each of fiscal years 1983-84, 1984-85, 1985-86, and 1986-87. It has been the practice of the State to issue twenty-year serial bonds with principal repayments beginning the third year, the bonds maturing in substantially equal annual installments of principal and interest payments commencing six months from the date of issuance and being paid semi-annually thereafter. It is assumed that this practice will continue to be applied to the bonds which are proposed to be issued.
- (6) Sufficiency of proposed general obligation bond issuance to meet the requirements of authorized and unissued bonds and bonds authorized by this Act. From the schedule reported in paragraph (5), the total amount of general obligation bonds which the State proposes to issue during the remainder of this fiscal year and in the fiscal years 1983-84 to 1985-86 is \$525,000,000. An additional \$150,000,000 is proposed to be issued in fiscal year 1986-87. The total amount of \$525,000,000 which is proposed to be issued through fiscal year 1985-86 is sufficient to meet the requirements of the authorized and unissued bonds and the bonds authorized by this Act, the total amount of which is \$581,263,855, as reported in paragraph (4), except for \$56,263,855. It is assumed that the appropriations to which an additional \$56,263,855 in bond issuance needs to be applied will have been encumbered as of June 30, 1986. The \$150,000,000 which is proposed to be issued in fiscal year 1986-87 will be sufficient to meet the requirements of the June 30, 1986, encumbrances in the amount of \$56,263,855. The amount of assumed encumbrances as of June 30, 1986, is reasonable and conservative, based upon an inspection of the

historical trend of June 30 encumbrances of the general obligation bond fund as reported by the state comptroller. Thus, taking into account the amount of authorized and unissued bonds and the bonds authorized by this Act versus the amount of bonds which is proposed to be issued by June 30, 1986, and the amount of June 30, 1986, encumbrances versus the amount of bonds which is proposed to be issued in fiscal year 1986-87, the legislature finds that in the aggregate the amount of bonds which is proposed to be issued is sufficient to meet the requirements of all authorized and unissued bonds and the bonds authorized by this Act.

- (7) Bonds excludable in determining the power of the State to issue bonds. As noted in paragraph (1), certain bonds are excludable in determining the power of the State to issue general obligation bonds. General obligation reimbursable bonds can be excluded under certain conditions. It is not possible to make a conclusive determination as to the amount of reimbursable bonds which are excludable from the amount of each proposed bond issued because:
 - (A) It is not known exactly when projects for which reimbursable bonds have been authorized in prior acts and in this Act will be implemented and will require the application of proceeds from a particular bond issue; and
 - (B) While at the present time, all of the special funds which are required to make reimbursements to the general fund on bonds issued are in a condition to qualify all of the reimbursable bonds for exclusion, it cannot be stated with certainty that such a condition will continue.

However, the legislature notes that with respect to the principal and interest on outstanding general obligation bonds, as computed from the Certificate of Debt Limit of the State of Hawaii as of March 31, 1983, the average proportion of principal and interest which is excludable each year from calculation against the debt limit is 15.54 per cent for the ten years from fiscal year 1983-84 to fiscal year 1992-93. For the purpose of this declaration, the assumption is made that 10 per cent of each bond issue will be excludable from the debt limit, an assumption which the legislature finds to be reasonable and conservative.

- (8) Determination whether the debt limit will be exceeded at the time of issuance. From the foregoing and on the assumption that all of the bonds identified in paragraph (5) will be issued at an interest rate of 10.0 per cent during fiscal year 1982-83 and 10.5 per cent for the period 1983-87 as reported in the Multi-Year Program Plan and Executive Budget, dated December 1982, it can be determined from the following schedule that the bonds which are proposed to be issued, which include all authorized and unissued bonds previously authorized and the bonds authorized by this Act, will not cause the debt limit to be exceeded at the time of each bond issuance:

Time of Issue and Amount of Issue to be Counted Against Debt Limit	Debt Limit at Time of Issuance	Greatest Amount & Year of Principal & Interest
3rd issue remainder FY 1982-83 \$67,500,000	\$208,489,838	\$183,652,703 (FY 1985-86)
1st half FY 1983-84 \$67,500,000	217,107,042	190,740,203 (FY 1985-86)
2nd half FY 1983-84 \$67,500,000	217,107,042	197,827,703 (FY 1985-86)
1st half FY 1984-85 \$67,500,000	222,676,698	204,915,203 (FY 1985-86)
2nd half FY 1984-85 \$67,500,000	222,676,698	212,002,703 (FY 1985-86)
1st half FY 1985-86 \$67,500,000	234,600,843	218,752,361 (FY 1986-87)
2nd half FY 1985-86 \$67,500,000	234,600,843	225,839,861 (FY 1986-87)
1st half FY 1986-87 \$67,500,000	249,897,507	231,968,412 (FY 1987-88)
2nd half FY 1986-87 \$67,500,000	249,897,507	239,055,912 (FY 1987-88)

- (9) Overall and concluding finding. From the facts, estimates, and assumptions stated in this declaration of findings, the conclusion is reached that the total amount of principal and interest estimated for the general obligation bonds authorized in this Act and for all bonds authorized and unissued and calculated for all bonds issued and outstanding, will not cause the debt limit to exceed at the time of issuance.

SECTION 2. The legislature finds the basis for the declaration of findings set forth in this Act are reasonable. The assumptions set forth in this Act with respect to the principal amount of general obligation bonds which will be issued, the amount of principal and interest on reimbursable general obligation bonds which are assumed to be excludable, and the assumed maturity structure shall not be deemed to be binding, it being the understanding of the legislature that such matters must remain subject to substantial flexibility.

SECTION 3. Authorization for issuance of general obligation bonds. General obligation bonds may be issued as provided by law in an amount that may be necessary to finance projects authorized in H.B. No. 1, H.B. No. 387, and S.B. No. 4,¹ passed by this 1983 regular session, and designated to be financed from the general obligation bond fund and from the general obligation bond fund with debt

service cost to be paid from special funds; provided that the sum total of the general obligation bonds so issued shall not exceed \$275,879,000.

Any law to the contrary notwithstanding general obligation bonds may be issued from time to time in accordance with Section 39-13, Hawaii Revised Statutes, in such principal amount as may be required to refund any general obligation bonds of the State of Hawaii heretofore or hereafter issued pursuant to law.

SECTION 4. The provisions of this Act are declared to be severable and, if any portion thereof is held to be invalid for any reason, the validity of the remainder of this Act shall not be affected.

SECTION 5. In printing this Act, the revisor of statutes shall substitute in section 3 the corresponding act numbers for bills identified therein.¹

SECTION 6. This Act shall take effect upon its approval.

(Approved June 14, 1983.)
