(6) In addition Article 1 contains general definitions and principles of construction and interpretation applicable throughout this Article.

§490:8-103 Issuer's lien. A lien upon a security in favor of an issuer thereof is valid against a purchaser only if:

- (a) The security is certificated and the right of the issuer to [such] the lien is noted conspicuously [on the security.] thereon; or
- (b) The security is uncertificated and a notation of the right of the issuer to the lien is contained in the initial transaction statement sent to the purchaser or, if the issuer's interest is transferred to the purchaser other than by registration of transfer, pledge, or release, the initial transaction statement sent to the registered owner or the registered pledgee.

§490:8-104 Effect of overissue; "overissue." (1) The provisions of this Article which validate a security or compel its issue or reissue do not apply to the extent that validation, issue, or reissue would result in overissue; but if:

- (a) [If an] An identical security which does not constitute an overissue is reasonably available for purchase, the person entitled to issue or validation may compel the issuer to purchase [and deliver such a] the security [to] for [him] the person and either to deliver a certificated security or to register the transfer of an uncertificated security to said person, against surrender of [the] any certificated security[, if any, which he] the issuer holds; or
- (b) [If a] A security is not so available for purchase, the person entitled to issue or validation may recover from the issuer the price [he] the purchaser or the last purchaser for value paid for it with interest from the date of [his] the purchaser's demand.

(2) "Overissue" means the issue of securities in excess of the amount [which] the issuer has corporate power to issue.

§490:8-105 [Securities] Certificated securities negotiable; statements and instructions not negotiable; presumptions. (1) [Securities] Certificated securities governed by this Article are negotiable instruments.

(2) Statements (section 490:8-408), notices, or the like, sent by the issuer of uncertificated securities and instructions (section 490:8-308) are neither negotiable instruments nor certificated securities.

[(2)] (3) In any action on a security:

- (a) Unless specifically denied in the pleadings, each signature on [the] a certificated security [or], in a necessary indorsement, on an initial transaction statement, or on an instruction, is admitted;
- (b) [When] If the effectiveness of a signature is put in issue, the burden of establishing it is on the party claiming under the signature, but the signature is presumed to be genuine or authorized;
- (c) [When] If signatures on a certificated security are admitted or established, production of the [instrument] security entitles a holder to recover on it unless the defendant establishes a defense or a defect going to the validity of the security; [and]
- (d) If signatures on an initial transaction statement are admitted or established, the facts stated in the statement are presumed to be true as of the time of its issuance; and
- [(d)] (e) After it is shown that a defense or defect exists, the plaintiff has the burden of establishing that [he] the plaintiff or some person under whom [he] the plaintiff claims is a person against whom the defense or defect is ineffective (section 490:8-202).

§490:8-106 Applicability. The law (including the conflict of laws rules) of the jurisdiction of organization of the issuer governs the validity of a security, the effectiveness of registration by the issuer, and the rights and duties of the issuer with respect to:

- (a) [registration] Registration of transfer of a certificated security;
- (b) Registration of transfer, pledge, or release of an uncertificated security; and
- (c) Sending of statements of uncertificated securities.

[are governed by the law (including the conflict of laws rules) of the jurisdiction of organization of the issuer.]

§490:8-107 Securities [deliverable;] transferable; action for price. (1) Unless otherwise agreed and subject to any applicable law or regulation respecting short sales, a person obligated to [deliver] transfer securities may [deliver] transfer any certificated security of the specified issue in bearer form or registered in the name of the transferee, or indorsed to [him] the transferee, or in blank[.], or the transferor may transfer an equivalent uncertificated security to the transferee or a person designated by the transferee.

(2) [When] If the buyer fails to pay the price as it comes due under a contract of sale, the seller may recover the price of:

- (a) [Of] Certificated securities accepted by the buyer; [and]
- (b) Uncertificated securities that have been transferred to the buyer or a person designated by the buyer; and
- [(b)] (c) [Of other] Other securities if efforts at their resale would be unduly burdensome or if there is no readily available market for their resale.

§490:8-108 Registration of pledge and release of uncertificated securities. A security interest in an uncertificated security may be evidenced by the registration of pledge to the secured party or a person designated by the secured party. There can be no more than one registered pledge of an uncertificated security at any time. The registered owner of an uncertificated security is the person in whose name the security is registered, even if the security is subject to a registered pledge. The rights of a registered pledgee of an uncertificated security under this Article are terminated by the registration of release.

PART 2. ISSUE - ISSUER

§490:8-201 "Issuer." (1) With respect to obligations on or defenses to a security, "issuer" includes a person who:

- (a) Places or authorizes the placing of [his] the issuer's name on a certificated security (otherwise than as authenticating trustee, registrar, transfer agent, or the like) to evidence that it represents a share, participation, or other interest in [his] the issuer's property or in an enterprise, or to evidence [his] the issuer's duty to perform an obligation [evidenced] represented by the certificated security; [or]
- (b) Creates shares, participations, or other interests in the issuer's property or in an enterprise or undertakes obligations, which shares, participations, interests, or obligations are uncertificated securities;
- [(b)] (c) Directly or indirectly creates fractional interests in [his] the issuer's rights or property, which fractional interests are [evidenced] represented by uncertificated securities; or
- [(c)] (d) Becomes responsible for or in place of any other person described as an issuer in this section.

(2) With respect to obligations on or defenses to a security, a guarantor is an issuer to the extent of [his] the guarantor's guaranty, whether or not [his] the

guarantor's obligation is noted on [the] a certificated security[,] or on statements of uncertificated securities sent pursuant to section 490:8-408.

(3) With respect to registration of transfer, pledge, or release (Part 4 of this Article), "issuer" means a person on whose behalf transfer books are maintained.

§490:8-202 Issuer's responsibility and defenses; notice of defect or defense. (1) Even against a purchaser for value and without notice, the terms of a security include:

- (a) If the security is certificated, those stated on the security;
- (b) If the security is uncertificated, those contained in the initial transaction statement sent to such purchaser, or if the purchaser's interest is transferred to the purchaser other than by registration of transfer, pledge, or release, the initial transaction statement sent to the registered owner or registered pledgee; and [those]
- (c) Those made part of the security by reference, on the certificated security or in the initial transaction statement, to another instrument, indenture, or document or to a constitution, statute, ordinance, rule, regulation, order or the like, to the extent that the terms [so] referred to do not conflict with the [stated] terms[,] stated on the certificated security or contained in the statement. [Such a] A reference under this paragraph does not of itself charge a purchaser for value with notice of a defect going to the validity of the security, even though the certificated security or statement expressly states that a person accepting it admits [such] notice.

[(2)(a)] (2) A certificated security in the hands of a purchaser for value or an uncertificated security as to which an initial transaction statement has been sent to a purchaser for value, other than [one] a security issued by a government or governmental agency or unit, even though issued with a defect going to its validity, is valid [in the hands of a] with respect to the purchaser [for value and] if the purchaser is without notice of the particular defect unless the defect involves a violation of constitutional provisions, in which case the security is valid [in the hands of] with respect to a subsequent purchaser for value and without notice of the defect. [(b) The rule of subparagraph (a)] This subsection applies to an issuer [which] that is a government or governmental agency or unit only if either there has been substantial compliance with the legal requirements governing the issue or the issuer has received a substantial consideration for the issue as a whole or for the particular security and a stated purpose of the issue is one for which the issuer has power to borrow money or issue the security.

(3) Except as [otherwise] provided in the case of certain unauthorized signatures [on issue] (section 490:8-205), lack of genuineness of a certificated security or an initial transaction statement is a complete defense, even against a purchaser for value and without notice.

(4) All other defenses of the issuer of a certificated or uncertificated security, including nondelivery and conditional delivery of [the] a certificated security, are ineffective against a purchaser for value who has taken without notice of the particular defense.

(5) Nothing in this section shall be construed to affect the right of a party to a "when, as and if issued" or a "when distributed" contract to cancel the contract in the event of a material change in the character of the security [which] that is the subject of the contract or in the plan or arrangement pursuant to which [such] the security is to be issued or distributed.

§490:8-203 Staleness as notice of defects or defenses. (1) After an act or event [which creates] creating a right to immediate performance of the principal obligation [evidenced] represented by [the] a certificated security or [which] that sets a date on or after which the security is to be presented or surrendered for redemption or exchange, a purchaser is charged with notice of any defect in its issue or defense of the issuer if:

- (a) [If the] The act or event is one requiring the payment of money [or], the delivery of certificated securities, the registration of transfer of uncertificated securities, or [both] any of these on presentation or surrender of the certificated security [and such], the funds or securities are available on the date set for payment or exchange, and [he] the purchaser takes the security more than one year after that date; and
 - (b) [If the] The act or event is not covered by paragraph (a) and [he] the purchaser takes the security more than two years after the date set for surrender or presentation or the date on which [such] performance became due.
- (2) A call [which] that has been revoked is not within subsection (1).

§490:8-204 Effect of issuer's restrictions on transfer. [Unless noted conspicuously on the security a] A restriction on transfer of a security imposed by the issuer, even though otherwise lawful, is ineffective [except] against [a] any person [with] without actual knowledge of it[.] unless:

- (a) The security is certificated and the restriction is noted conspicuously thereon; or
- (b) The security is uncertificated and a notation of the restriction is contained in the initial transaction statement sent to the person or, if the person's interest is transferred to the person other than by registration of transfer, pledge, or release, the initial transaction statement sent to the registered owner or the registered pledgee.

§490:8-205 Effect of unauthorized signature on [issue.] certificated security or initial transaction statement. An unauthorized signature placed on a certificated security prior to or in the course of issue or placed on an initial transaction statement is ineffective, [except that] but the signature is effective in favor of a purchaser for value [and] of the certificated security or a purchaser for value of an uncertificated security to whom such initial transaction statement has been sent, if the purchaser is without notice of the lack of authority [if] and the signing has been done by:

- (a) An authenticating trustee, registrar, transfer agent, or other person entrusted by the issuer with the signing of the security [or], of similar securities, or of initial transaction statements or [their] the immediate preparation for signing[.] of any of them; or
- (b) An employee of the issuer, or of any of the foregoing, entrusted with responsible handling of the security[.] or initial transaction statement.

§490:8-206 Completion or alteration of [instrument.] certificated security or initial transaction statement. (1) [Where] If a certificated security contains the signatures necessary to its issue or transfer but is incomplete in any other respect:

- (a) Any person may complete it by filling in the blanks as authorized; and

- (b) Even though the blanks are incorrectly filled in, the security as completed is enforceable by a purchaser who took it for value and without notice of [such] the incorrectness.
- (2) A complete certificated security [which] that has been improperly altered, even though fraudulently, remains enforceable, but only according to its original terms.
- (3) If an initial transaction statement contains the signatures necessary to its validity, but is incomplete in any other respect:
 - (a) Any person may complete it by filling in the blanks as authorized; and
 - (b) Even though the blanks are incorrectly filled in, the statement as completed is effective in favor of the person to whom it is sent if the person purchased the security referred to therein for value and without notice of the incorrectness.
- (4) A complete initial transaction statement that has been improperly altered, even though fraudulently, is effective in favor of a purchaser to whom it has been sent, but only according to its original terms.

§490:8-207 Rights and duties of issuer with respect to registered owners[,] and registered pledgees. (1) Prior to due presentment for registration of transfer of a certificated security in registered form, the issuer or indenture trustee may treat the registered owner as the person exclusively entitled to vote, to receive notifications, and otherwise to exercise all the rights and powers of an owner.

(2) Subject to the provisions of subsections (3), (4), and (6), the issuer or indenture trustee may treat the registered owner of an uncertificated security as the person exclusively entitled to vote, to receive notifications, and otherwise to exercise all the rights and powers of an owner.

(3) The registered owner of an uncertificated security that is subject to a registered pledge is not entitled to registration of transfer prior to the due presentment to the issuer of a release instruction. The exercise of conversion rights with respect to a convertible uncertificated security is a transfer within the meaning of this section.

(4) Upon due presentment of a transfer instruction from the registered pledgee of an uncertificated security, the issuer shall:

- (a) Register the transfer of the security to the new owner free of pledge, if the instruction specifies a new owner (who may be the registered pledgee) and does not specify a pledgee;
- (b) Register the transfer of the security to the new owner subject to the interest of the existing pledgee, if the instruction specifies a new owner and the existing pledgee; or
- (c) Register the release of the security from the existing pledge and register the pledge of the security to the other pledgee, if the instruction specifies the existing owner and another pledgee.

(5) Continuity of perfection of a security interest is not broken by registration of transfer under subsection (4)(b) or by registration of release and pledge under subsection (4)(c), if the security interest is assigned.

(6) If an uncertificated security is subject to a registered pledge:

- (a) Any uncertificated securities issued in exchange for or distributed with respect to the pledged security shall be registered subject to the pledge;
- (b) Any certificated securities issued in exchange for or distributed with respect to the pledged security shall be delivered to the registered pledgee; and

(c) Any money paid in exchange for or in redemption of part or all of the security shall be paid to the registered pledgee.

[(2)] (7) Nothing in this Article shall be construed to affect the liability of the registered owner of a security for calls, assessments, or the like.

§490:8-208 Effect of signature of authenticating trustee, registrar, or transfer agent. (1) A person placing [his] the person's signature upon a certificated security or an initial transaction statement as authenticating trustee, registrar, transfer agent, or the like, warrants to a purchaser for value of the certificated security or a purchaser for value of an uncertificated security to whom the initial transaction statement has been sent, if the purchaser is without notice of the particular defect, that:

- (a) The certificated security or initial transaction statement is genuine;
[and]
- (b) [His] The person's own participation in the issue or registration of the transfer, pledge, or release of the security is within [his] the person's capacity and within the scope of the [authorization] authority received by [him] the person from the issuer; and
- (c) [He] The person has reasonable grounds to believe that the security is in the form and within the amount the issuer is authorized to issue.

(2) Unless otherwise agreed, a person by so placing [his] the person's signature does not assume responsibility for the validity of the security in other respects.

PART 3. [PURCHASE] TRANSFER

§490:8-301 Rights acquired by purchaser; "adverse claim"; title acquired by bona fide purchaser. (1) Upon [delivery] transfer of a security to a purchaser (section 490:8-313), the purchaser acquires the rights in the security which [his] the purchaser's transferor had or had actual authority to convey unless the purchaser's rights are limited by section 490:8-302(4). [except that a purchaser who has himself been a party to any fraud or illegality affecting the security or who as a prior holder had notice of an adverse claim cannot improve his position by taking from a later bona fide purchaser. "Adverse claim" includes a claim that a transfer was or would be wrongful or that a particular adverse person is the owner of or has an interest in the security.

(2) A bona fide purchaser in addition to acquiring the rights of a purchaser also acquires the security free of any adverse claim.

(3)] (2) A [purchaser] transferee of a limited interest acquires rights only to the extent of the interest [purchased.] transferred. The creation or release of a security interest in a security is the transfer of a limited interest in that security.

§490:8-302 "Bona fide purchaser[.];" "adverse claim"; title acquired by bona fide purchaser. (1) A "bona fide purchaser" is a purchaser for value in good faith and without notice of any adverse claim:

- (a) [who] Who takes delivery of a certificated security in bearer form or [of one] in registered form, issued [to him] or indorsed to [him] the purchaser or in blank[.];
- (b) To whom the transfer, pledge, or release of an uncertificated security is registered on the books of the issuer; or
- (c) To whom a security is transferred under the provisions of paragraph (c), (d)(i), or (g) of section 490:8-313(1).

(2) "Adverse claim" includes a claim that a transfer was or would be wrongful or that a particular adverse person is the owner of or has an interest in the security.

(3) A bona fide purchaser in addition to acquiring the rights of a purchaser (section 490:8-301) also acquires an interest in the security free of any adverse claim.

(4) Notwithstanding section 490:8-301(1), the transferee of a particular certificated security who has been a party to any fraud or illegality affecting the security, or who as a prior holder of that certificated security had notice of an adverse claim, cannot improve the transferee's position by taking from a bona fide purchaser.

§490:8-303 "Broker." "Broker" means a person engaged [for all] full or part [of his] time in the business of buying and selling securities, who in the transaction concerned acts for, [or] buys a security from, or sells a security to, a customer. Nothing in this Article determines the capacity in which a person acts for purposes of any other statute or rule to which [such] the person is subject.

§490:8-304 Notice to purchaser of adverse claims. (1) A purchaser (including a broker for the seller or buyer, but excluding an intermediary bank) of a certificated security is charged with notice of adverse claims if:

- (a) The security, whether in bearer or registered form, has been indorsed "for collection" or "for surrender" or for some other purpose not involving transfer; or
- (b) The security is in bearer form and has on it an unambiguous statement that it is the property of a person other than the transferor. The mere writing of a name on a security is not such a statement.

(2) A purchaser (including a broker for the seller or buyer, but excluding an intermediary bank) to whom the transfer, pledge, or release of an uncertificated security is registered is charged with notice of adverse claims as to which the issuer has a duty under section 490:8-403(4) at the time of registration and which are noted in the initial transaction statement sent to the purchaser or, if the issuer's interest is transferred to the purchaser other than by registration of transfer, pledge, or release, the initial transaction statement sent to the registered owner or the registered pledgee.

[(2)] (3) The fact that the purchaser (including a broker for the seller or buyer) of a certificated or uncertificated security has notice that the security is held for a third person or is registered in the name of or indorsed by a fiduciary does not create a duty of inquiry into the rightfulness of the transfer or constitute constructive notice of adverse claims. [If, however,] However, if the purchaser (excluding an intermediary bank) has knowledge that the proceeds are being used or [that] the transaction is for the individual benefit of the fiduciary or otherwise in breach of duty, the purchaser is charged with notice of adverse claims.

§490:8-305 Staleness as notice of adverse claims. An act or event [which] that creates a right to immediate performance of the principal obligation [evidenced] represented by [the] a certificated security or [which] sets a date on or after which [the] a certificated security is to be presented or surrendered for redemption or exchange does not [of] itself constitute any notice of adverse claims except in the case of a [purchase] transfer:

- (a) After one year from any date set for [such] presentment or surrender for redemption or exchange; or
- (b) After six months from any date set for payment of money against presentation or surrender of the security if funds are available for payment on that date.

§490:8-306 Warranties on presentment and transfer[.] of certificated securities; warranties of originators of instructions. (1) A person who presents a certificated security for registration of transfer or for payment or exchange warrants to the issuer that [he] the purchaser is entitled to the registration, payment, or exchange. But, a purchaser for value and without notice of adverse claims who receives a new, reissued, or re-registered certificated security on registration of transfer or receives an initial transaction statement confirming the registration of transfer of an equivalent uncertificated security to the purchaser warrants only that [he] the purchaser has no knowledge of any unauthorized signature (section 490:8-311) in a necessary indorsement.

(2) A person by transferring a certificated security to a purchaser for value warrants only that:

- (a) [His] The person's transfer is effective and rightful; [and]
- (b) The security is genuine and has not been materially altered; and
- (c) [He] The person knows of no fact which might impair the validity of the security.

(3) [Where] If a certificated security is delivered by an intermediary known to be entrusted with delivery of the security on behalf of another or with collection of a draft or other claim against [such] delivery, the intermediary by [such] delivery warrants only [his] the intermediary's own good faith and authority, even though [he] the intermediary has purchased or made advances against the claim to be collected against the delivery.

(4) A pledgee or other holder for security who redelivers [the] a certificated security received, or after payment and on order of the debtor delivers that security to a third person, makes only the warranties of an intermediary under subsection (3).

(5) A person who originates an instruction warrants to the issuer that:

(a) The person is an appropriate person to originate the instruction; and

(b) At the time the instruction is presented to the issuer the issuer will be entitled to the registration of transfer, pledge, or release.

(6) A person who originates an instruction warrants to any person specially guaranteeing the person's signature (section 490:8-312(3)) that:

(a) The person is an appropriate person to originate the instruction; and

(b) At the time the instruction is presented to the issuer:

(i) The person will be entitled to the registration of transfer, pledge, or release; and

(ii) The transfer, pledge, or release requested in the instruction will be registered by the issuer free from all liens, security interests, restrictions, and claims other than those specified in the instruction.

(7) A person who originates an instruction warrants to a purchaser for value and to any person guaranteeing the instruction (section 490:8-312(6)) that:

§490:8-307 Effect of delivery without indorsement; right to compel indorsement. [Where] If a certificated security in registered form has been delivered to a purchaser without a necessary indorsement [he] the purchaser may become a bona fide purchaser only as of the time the indorsement is supplied[.]; but against the transferor, the transfer is complete upon delivery and the purchaser has a specifically enforceable right to have any necessary indorsement supplied.

(1) An indorsement of a certificated security in registered form is made when an appropriate person signs on it or on a separate document an assignment or transfer of the security or a power to assign or transfer it or when the signature of such person is written without more upon the back of the security.

(2) An indorsement may be in blank or special. An indorsement in blank includes an indorsement to bearer. A special indorsement specifies [the person] to whom the security is to be transferred, or who has power to transfer it. A holder may convert a blank indorsement into a special indorsement.

(3) An indorsement purporting to be only of part of a certificated security representing units intended by the issuer to be separately transferable is effective to the extent of the indorsement.

(4) An "instruction" is an order to the issuer of an uncertificated security requesting that the transfer, pledge, or release from pledge of the uncertificated security specified therein be registered.

(5) An instruction originated by an appropriate person is:

(8) In addition to the persons designated in subsections (6) and (7), “an appropriate person” in subsections (1) and (5) includes:

§490:8-309 Effect of indorsement without delivery. An indorsement of a certificated security, whether special or in blank, does not constitute a transfer until delivery of the certificated security on which it appears or, if the indorsement is on a separate document, until delivery of both the document and the certificated security.

§490:8-310 Indorsement of certificated security in bearer form. An indorsement of a certificated security in bearer form may give notice of adverse claims (section 490:8-304) but does not otherwise affect any right to registration the holder [may possess.] possesses.

§490:8-311 Effect of unauthorized indorsement[.] or instruction. Unless the owner or pledgee has ratified an unauthorized indorsement or instruction or is otherwise precluded from asserting its ineffectiveness:

- (a) [He] The owner or pledgee may assert its ineffectiveness against the issuer or any purchaser, other than a purchaser for value and without notice of adverse claims, who has in good faith received a new, reissued, or reregistered certificated security on registration of transfer[.] or received an initial transaction statement confirming the registration of transfer, pledge, or release of an equivalent uncertificated security to the purchaser; and
- (b) An issuer who registers the transfer of a certificated security upon the unauthorized indorsement or who registers the transfer, pledge, or release of an uncertificated security upon the unauthorized instruction is subject to liability for improper registration (section 490:8-404).

§490:8-312 Effect of guaranteeing signature [or] indorsement[.] or instruction. (1) Any person guaranteeing a signature of an indorser of a certificated security warrants that at the time of signing:

- (a) The signature was genuine; [and]

- (b) The signer was an appropriate person to originate the instruction (section 490:8-308) if the person specified in the instruction as the registered owner or registered pledgee of the uncertificated security was, in fact, the registered owner or registered pledgee of such security, as to which fact the signature guarantor makes no warranty;
- (c) The signer had legal capacity to sign; and
- (d) The taxpayer identification number, if any, appearing on the instruction as that of the registered owner or registered pledgee was the taxpayer identification number of the signer or of the owner or pledgee for whom the signer was acting.

- (a) The person specified in the instruction as the registered owner or registered pledgee of the uncertificated security will be the registered owner or registered pledgee; and
- (b) The transfer, pledge, or release of the uncertificated security requested in the instruction will be registered by the issuer free from

all liens, security interests, restrictions, and claims other than those specified in the instruction.

(4) The guarantor under subsections (1) and (2) or the special guarantor under subsection (3) does not otherwise warrant the rightfulness of the particular transfer, pledge, or release.

[(2)] (5) Any person [may guarantee] guaranteeing an indorsement of a certificated security [and by so doing warrants not only the signature (subsection 1)] makes not only the warranties of a signature guarantor under subsection (1) but also warrants the rightfulness of the particular transfer in all respects. [But no issuer may require a guarantee of indorsement as a condition to registration of transfer.]

(6) Any person guaranteeing an instruction requesting the transfer, pledge, or release of an uncertificated security makes not only the warranties of a special signature guarantor under subsection (3) but also warrants the rightfulness of the particular transfer, pledge, or release in all respects.

(7) No issuer may require a special guarantee of signature (subsection (3)), a guarantee of indorsement (subsection (5)), or a guarantee of instruction (subsection (6)) as a condition to registration of transfer, pledge, or release.

[(3)] (8) The foregoing warranties are made to any person taking or dealing with the security in reliance on the guarantee, and the guarantor is liable to [such] the person for any loss resulting from breach of the warranties.

(2) The purchaser is the owner of a security held for [him] the purchaser by [his broker,] a financial intermediary, but [is not the holder] cannot be a bona fide purchaser of a security so held except [as] in the circumstances specified in [subparagraphs] paragraphs [(b)] (c), (d)(i), and [(e)] (g) of subsection (1). Failure within a reasonable time to comply with a demand made [within a reasonable time] gives the purchaser the right to reject or rescind the transfer[.], pledge, or release.

§490:8-317 [Attachment or levy upon security.] Creditors' rights. (1) [No] Subject to the exceptions in subsections (3) and (4), no attachment or levy upon a certificated security or any share or other interest [evidenced] represented thereby which is outstanding [shall be] is valid until the security is actually seized by the officer making the attachment or levy, but a certificated security which has been surrendered to the issuer may be [attached or levied upon at the source.] reached by a creditor by legal process at the issuer's chief executive office in the United States.

(5) Unless otherwise provided by law, a creditor's lien upon the interest of a debtor in a security obtained pursuant to subsection (3) or (4) is not a restraint on the transfer of the security, free of the lien, to a third party for new value; but in the event of a transfer, the lien applies to the proceeds of the transfer in the hands of the secured party or financial intermediary, subject to any claims having priority.

[(2)] (6) A creditor whose debtor is the owner of a security [shall be] is entitled to [such] aid from courts of appropriate jurisdiction, by injunction or otherwise, in reaching [such] the security or in satisfying the claim by means [thereof as is] allowed at law or in equity in regard to property [which] that cannot readily be [attached or levied upon] reached by ordinary legal process.

An agent or bailee who in good faith (including observance of reasonable commercial standards if he is in the business of buying, selling, or otherwise dealing with securities) has received certificated securities and sold, pledged, or delivered them or has sold or caused the transfer or pledge of uncertificated securities over which the agent or bailee had control according to the instructions of [his] a principal, is not liable for conversion or for participation in breach of fiduciary duty although the principal had no right [to dispose of them.] so to deal with the securities.

§490:8-319 Statute of frauds. A contract for the sale of securities is not enforceable by way of action or defense unless:

- (a) There is some writing signed by the party against whom enforcement is sought or by [his] the party's authorized agent or broker, sufficient to indicate that a contract has been made for sale of a stated quantity of described securities at a defined or stated price; [or]

(1) In addition to other methods, a transfer, pledge, or release of a security or any interest therein may be effected by the making of appropriate entries on the books of a clearing corporation reducing the account of the transferor, pledgor, or pledgee and increasing the account of the transferee, pledgee, or pledgor by the amount of the obligation, or the number of shares or rights transferred, pledged, or released, if the security is shown on the account of a transferor, pledgor, or pledgee on the books of the clearing corporation; is subject to the control of the clearing corporation; and

- [(c)] is shown on the account of a transferor or pledgor on the books of the clearing corporation;

then, in addition to other methods, a transfer or pledge of the security or any interest therein may be effected by the making of appropriate entries on the books of the clearing corporation reducing the account of the transferor or pledgor and increasing the account of the transferee or pledgee by the amount of the obligation or the number of shares or rights transferred or pledged.]

(2) Under this section entries may be made with respect to like securities or interests therein as a part of a fungible bulk and may refer merely to a quantity of a particular security without reference to the name of the registered owner, certificate or bond number, or the like, and, in appropriate cases, may be on a net basis taking into account other transfers [or], pledges, or releases of the same security.

(3) A transfer [or pledge] under this section [has the effect of a delivery of a security in bearer form or duly indorsed in blank (section 490:8-301) representing the amount of the obligation or the number of shares or rights transferred or pledged.] is effective (section 490:8-313) and the purchaser acquires the rights of the transferor (section 490:8-301). A pledge or release under this section is the transfer of a limited interest. If a pledge or the creation of a security interest is intended, [the making of entries has the effect of a taking of delivery by the pledgee or a secured party (sections 490:9-304 and 490:9-305).] the security interest is perfected at the time when both value is given by the pledgee and the appropriate entries are made (section 490:8-321). A transferee or pledgee under this section [is a holder.] may be a bona fide purchaser (section 490:8-302).

(4) A transfer or pledge under this section [does] is not [constitute] a registration of transfer under Part 4 [of this Article].

(5) That entries made on the books of the clearing corporation as provided in subsection (1) are not appropriate does not affect the validity or effect of the entries [nor] or the liabilities or obligations of the clearing corporation to any person adversely affected thereby.

§490:8-321 Enforceability, attachment, perfection, and termination of security interests. (1) A security interest in a security is enforceable and can attach only if it is transferred to the secured party or a person designated by the secured party pursuant to a provision of section 490:8-313(1).

(2) A security interest so transferred pursuant to agreement by a transferor who has rights in the security to a transferee who has given value is a perfected security interest, but a security interest that has been transferred solely under paragraph (i) of section 490:8-313(1) becomes unperfected after twenty-one days unless, within that time, the requirements for transfer under any other provision of section 490:8-313(1) are satisfied.

(3) A security interest in a security is subject to the provisions of Article 9, but:

- (a) No filing is required to perfect the security interest; and
- (b) No written security agreement signed by the debtor is necessary to make the security interest enforceable, except as otherwise provided in paragraph (h), (i), or (j) of section 490:8-313(1).

The secured party has the rights and duties provided under section 490:9-207, to the extent they are applicable, whether or not the security is certificated, and, if certificated, whether or not it is in the secured party's possession.

(4) Unless otherwise agreed, a security interest in a security is terminated by transfer to the debtor or a person designated by the debtor pursuant to a provision of section 490:8-313(1). If a security is thus transferred, the security interest, if not terminated, becomes unperfected unless the security is certificated and is delivered to the debtor for the purpose of ultimate sale or exchange or presentation, collection, renewal, or registration of transfer. In that case, the security interest becomes unperfected after twenty-one days unless, within that time, the security (or securities for which it has been exchanged) is transferred to the secured party or a person designated by the secured party pursuant to a provision of section 490:8-313(1).

PART 4. REGISTRATION

§490:8-401 Duty of issuer to register transfer[.], pledge, or release. (3) Notwithstanding subdivision (1), if the issuer of an uncertificated security not subject to a registered pledge is presented with an instruction from an appropriate person requesting the registration of pledge and the issuer regularly maintains a system for issuing certificated securities to the category of owners which includes the registered owner, the issuer may elect to treat the instruction as a transfer instruction under subdivision (3) of section 490:8-407. If the issuer so elects, the issuer shall, in lieu of registering the pledge, do all of the following:

- (a) Cancel the uncertificated security.
- (b) Issue, in the name of the registered owner, an equivalent certificated security on which shall be noted conspicuously any liens and

restrictions of the issuer and any adverse claims (as to which the issuer has a duty under subdivision (7) of section 490:8-403) to which the uncertificated security was subject.

- (c) Deliver the certificated security to the registered owner.
- (d) Notify the intended registered pledge that the issuer has so elected.

§490:8-402 Assurance that indorsements and instructions are effective.

(1) The issuer may require the following assurance that each necessary indorsement of a certificated security or each instruction (section 490:8-308) is genuine and effective:

- (a) In all cases, a guarantee of the signature [(subsection (1) of section 490:8-312)] (section 490:8-312(1) or (2)) of the person indorsing[; and] a certificated security or originating an instruction including, in the case of an instruction, a warranty of the taxpayer identification number or, in the absence thereof, other reasonable assurance of identity;
- (b) [Where] If the indorsement is made or the instruction is originated by an agent, appropriate assurance of authority to sign;
- (c) [Where] If the indorsement is made or the instruction is originated by a fiduciary, appropriate evidence of appointment or incumbency;
- (d) [Where] If there is more than one fiduciary, reasonable assurance that all who are required to sign have done so; and
- (e) [Where] If the indorsement is made or the instruction is originated by a person not covered by any of the foregoing, assurance appropriate to the case corresponding as nearly as may be to the foregoing.

(2) A “guarantee of the signature” in subsection (1) means a guarantee signed by or on behalf of a person reasonably believed by the issuer to be responsible. The issuer may adopt standards with respect to responsibility [provided such standards] if they are not manifestly unreasonable.

(3) “Appropriate evidence of appointment or incumbency” in subsection (1) means:

- (a) In the case of a fiduciary appointed or qualified by a court, a certificate issued by or under the direction or supervision of that court or an officer thereof and dated within sixty days before the date of presentation for transfer[;], pledge, or release; or
- (b) In any other case, a copy of a document showing the appointment or a certificate issued by or on behalf of a person reasonably believed by the issuer to be responsible or, in the absence of [such a] that document or certificate, other evidence reasonably deemed by the issuer to be appropriate. The issuer may adopt standards with respect to [such] the evidence [provided such standards] if they are not manifestly unreasonable. The issuer is not charged with notice of the contents of any document obtained pursuant to this paragraph (b) except to the extent that the contents relate directly to the appointment or incumbency.

(4) The issuer may elect to require reasonable assurance beyond that specified in this section, but if it does so and, for a purpose other than that specified in subsection (3)(b), both requires and obtains a copy of a will, trust, indenture, articles of copartnership, bylaws, or other controlling instrument, it is charged with notice of all matters contained therein affecting the transfer[;], pledge, or release.

§490:8-403 [Limited duty of inquiry.] Issuer's duty as to adverse claims.

- (1) An issuer to whom a certificated security is presented for registration [is under a duty to] shall inquire into adverse claims if:
- (a) A written notification of an adverse claim is received at a time and in a manner [which affords] affording the issuer a reasonable opportunity to act on it prior to the issuance of a new, reissued, or reregistered certificated security, and the notification identifies the claimant, the registered owner, and the issue of which the security is a part, and provides an address for communications directed to the claimant; or
 - (b) The issuer is charged with notice of an adverse claim from a controlling instrument [which] it has elected to require under [subsection (4) of section 490:8-402.] section 490:8-402(4).
- (2) The issuer may discharge any duty of inquiry by any reasonable means, including notifying an adverse claimant by registered or certified mail at the address furnished by [him] the claimant or, if there be no such address, at [his] the claimant's residence or regular place of business that the certificated security has been presented for registration of transfer by a named person, and that the transfer will be registered unless within thirty days from the date of mailing the notification, either:
- (a) An appropriate restraining order, injunction, or other process issues from a court of competent jurisdiction; or
 - (b) [An] There is filed with the issuer an indemnity bond, sufficient in the issuer's judgment to protect the issuer and any transfer agent, registrar, or other agent of the issuer involved[,] from any loss [which] it or they may suffer by complying with the adverse claim [is filed with the issuer].
- (3) Unless an issuer is charged with notice of an adverse claim from a controlling instrument which it has elected to require under [subsection (4) of section 490:8-402] section 490:9-402(4) or receives notification of an adverse claim under subsection (1) [of this section, where], if a certificated security presented for registration is indorsed by the appropriate person or persons the issuer is under no duty to inquire into adverse claims. In particular:
- (a) An issuer registering a certificated security in the name of a person who is a fiduciary or who is described as a fiduciary is not bound to inquire into the existence, extent, or correct description of the fiduciary relationship; and thereafter the issuer may assume without inquiry that the newly registered owner continues to be the fiduciary until the issuer receives written notice that the fiduciary is no longer acting as such with respect to the particular security;
 - (b) An issuer registering transfer on an indorsement by a fiduciary is not bound to inquire whether the transfer is made in compliance with a controlling instrument or with the law of the state having jurisdiction of the fiduciary relationship, including any law requiring the fiduciary to obtain court approval of the transfer; and
 - (c) The issuer is not charged with notice of the contents of any court record or file or other recorded or unrecorded document even though the document is in its possession and even though the transfer is made on the indorsement of a fiduciary to the fiduciary [himself] or to [his] the fiduciary's nominee.
- (4) An issuer is under no duty as to adverse claims with respect to an uncertificated security except:

- (a) Claims embodied in a restraining order, injunction, or other legal process served upon the issuer if the process was served at a time and in a manner affording the issuer a reasonable opportunity to act on it in accordance with the requirements of subsection (5);
 - (b) Claims of which the issuer has received a written notification from the registered owner or the registered pledgee if the notification was received at a time and in a manner affording the issuer a reasonable opportunity to act on it in accordance with the requirements of subsection (5);
 - (c) Claims (including restrictions on transfer not imposed by the issuer) to which the registration of transfer to the present registered owner was subject and were so noted in the initial transaction statement sent to the registered owner; and
 - (d) Claims as to which an issuer is charged with notice from a controlling instrument it has elected to require under section 490:8-402(4).
- (5) If the issuer of an uncertificated security is under a duty as to an adverse claim, the issuer discharges that duty by:
- (a) Including a notation of the claim in any statements sent with respect to the security under section 490:8-408(3), (6), and (7); and
 - (b) Refusing to register the transfer or pledge of the security unless the nature of the claim does not preclude transfer or pledge subject thereto.
- (6) If the transfer or pledge of the security is registered subject to an adverse claim, a notation of the claim must be included in the initial transaction statement and all subsequent statements sent to the transferee and pledgee under section 490:8-408.
- (7) Notwithstanding subsections (4) and (5), if an uncertificated security was subject to a registered pledge at the time the issuer first came under a duty as to a particular adverse claim, the issuer has no duty as to that claim if transfer of the security is requested by the registered pledgee or an appropriate person acting for the registered pledgee unless:
- (a) The claim was embodied in legal process which expressly provides otherwise;
 - (b) The claim was asserted in a written notification from the registered pledgee;
 - (c) The claim was one as to which the issuer was charged with notice from a controlling instrument it required under section 490:8-402(4) in connection with the pledgee's request for transfer; or
 - (d) The transfer requested is to the registered owner.

§490:8-404 Liability and nonliability for registration. (1) Except as [otherwise] provided in any law relating to the collection of taxes, the issuer is not liable to the owner, pledgee, or any other person suffering loss as a result of the registration of a transfer, pledge, or release of a security if:

- (a) There were on or with [the] a certificated security the necessary indorsements or the issuer had received an instruction originated by an appropriate person (section 490:8-308); and
 - (b) The issuer had no duty [to inquire into] as to adverse claims or has discharged [any such] the duty (section 490:8-403).
- (2) [Where] If an issuer has registered a transfer of a certificated security to a person not entitled to it, the issuer on demand [must] shall deliver a like security to the true owner unless:
- (a) The registration was pursuant to subsection (1); [or]

- (b) The owner is precluded from asserting any claim for registering the transfer under [subsection (1) of the following section;] section 490:8-405(1); or

(3) If an issuer has improperly registered a transfer, pledge, or release of an uncertificated security, the issuer on demand from the injured party shall restore the records as to the injured party to the condition that would have obtained if the improper registration had not been made unless:

- (a) The registration was pursuant to subsection (1); or
- (b) The registration would result in overissue, in which case the issuer's liability is governed by section 490:8-104.

§490:8-405 Lost, destroyed, and stolen certificated securities. (1) [Where] If a certificated security has been lost, apparently destroyed, or wrongfully taken, and the owner fails to notify the issuer of that fact within a reasonable time after [he] the owner has notice of it and the issuer registers a transfer of the security before receiving [such a] notification, the owner is precluded from asserting against the issuer any claim for registering the transfer under [the preceding section] section 490:8-404 or any claim to a new security under this section.

(2) [Where] If the owner of a certificated security claims that the security has been lost, destroyed, or wrongfully taken, the issuer [must] shall issue a new certificated security or, at the option of the issuer, an equivalent uncertificated security in place of the original security if the owner:

- (a) So requests before the issuer has notice that the security has been acquired by a bona fide purchaser; [and]
- (b) Files with the issuer a sufficient indemnity bond; and
- (c) Satisfies any other reasonable requirements imposed by the issuer.

(3) If, after the issue of [the] a new certificated or uncertificated security, a bona fide purchaser of the original certificated security presents it for registration of transfer, the issuer [must] shall register the transfer unless registration would result in overissue, in which event the issuer's liability is governed by section 490:8-104. In addition to any rights on the indemnity bond, the issuer may recover the new certificated security from the person to whom it was issued or any person taking under [him] such person except a bona fide purchaser[.] or may cancel the uncertificated security unless a bona fide purchaser or any person taking under a bona fide purchaser is then the registered owner or registered pledgee thereof.

§490:8-406 Duty of authenticating trustee, transfer agent, or registrar.

(1) [Where] If a person acts as authenticating trustee, transfer agent, registrar, or other agent for an issuer in the registration of transfers of its certificated securities or in the registration of transfers, pledges, and releases of its uncertificated securities, in the issue of new securities, or in the cancellation of surrendered securities:

- (a) [He] The person is under a duty to the issuer to exercise good faith and due diligence in performing [his] the person's functions; and
- (b) [He has with] With regard to the particular functions the person [he] performs, the person has the same obligation to the holder or owner of [the] a certificated security or to the owner or pledgee of an uncertificated security and has the same rights and privileges as the issuer has in regard to those functions.

(2) Notice to an authenticating trustee, transfer agent, registrar or other [such] agent is notice to the issuer with respect to the functions performed by agent.

§490:8-407 Exchangeability of securities. (1) No issuer is subject to the requirements of this section unless it regularly maintains a system for issuing the class of securities involved under which both certificated and uncertificated securities are regularly issued to the category of owners, which includes the person in whose name the new security is to be registered.

(2) Upon surrender of a certificated security with all necessary indorsements and presentation of a written request by the person surrendering the security, the issuer, if the issuer has no duty as to adverse claims or has discharged the duty (section 490:8-403), shall issue to the person or another person designated by the person an equivalent uncertificated security subject to all liens, restrictions, and claims that were noted on the certificated security.

(3) Upon receipt of a transfer instruction originated by an appropriate person who so requests, the issuer of an uncertificated security shall cancel the uncertificated security and issue an equivalent certificated security on which must be noted conspicuously any liens and restrictions of the issuer and any adverse claims (as to which the issuer has a duty under section 490:8-403(4)) to which the uncertificated security was subject. The certificated security shall be registered in the name of and delivered to:

SECTION 4. Article 9 of Chapter 490, Hawaii Revised Statutes, is amended as follows:

1. Section 490:9-103 is amended to read as follows:

“§490:9-103 Perfection of security interests in multiple state transactions. (1) Documents, instruments and ordinary goods.

- (a) This subsection applies to documents and instruments and to goods other than those covered by a certificate of title described in subsection (2), mobile goods described in subsection (3), and minerals described in subsection (5).
 (b) Except as otherwise provided in this subsection, perfection and the effect of perfection or nonperfection of a security interest in collateral are governed by the law of the jurisdiction where the collateral is when the last event occurs on which is based the assertion that the security interest is perfected or unperfected.
 (c) If the parties to a transaction creating a purchase money security interest in goods in one jurisdiction understand at the time that the security interest attaches that the goods will be kept in another jurisdiction, then the law of the other jurisdiction governs the perfection and the effect of perfection or nonperfection of the security interest from the time it attaches until thirty days after the debtor receives possession of the goods and thereafter if the goods

are taken to the other jurisdiction before the end of the thirty-day period.

- (d) When collateral is brought into and kept in this State while subject to a security interest perfected under the law of the jurisdiction from which the collateral was removed, the security interest remains perfected, but if action is required by part 3 of this Article to perfect the security interest,
 - (i) If the action is not taken before the expiration of the period of perfection in the other jurisdiction or the end of four months after the collateral is brought into this State, whichever period first expires, the security interest becomes unperfected at the end of that period and is thereafter deemed to have been unperfected as against a person who became a purchaser after removal;
 - (ii) If the action is taken before the expiration of the period specified in subparagraph (i), the security interest continues perfected thereafter;
 - (iii) For the purpose of priority over a buyer of consumer goods (subsection (2) of section 490:9-307), the period of the effectiveness of a filing in the jurisdiction from which the collateral is removed is governed by the rules with respect to perfection in subparagraphs (i) and (ii).
- (2) Certificate of title.
 - (a) This subsection applies to goods covered by a certificate of title issued under a statute of this State or of another jurisdiction under the law of which indication of a security interest on the certificate is required as a condition of perfection.
 - (b) Except as otherwise provided in this subsection, perfection and the effect of perfection or nonperfection of the security interest are governed by the law (including the conflict of laws rules) of the jurisdiction issuing the certificate until four months after the goods are removed from that jurisdiction and thereafter until the goods and¹ registered in another jurisdiction, but in any event not beyond surrender of the certificate. After the expiration of that period, the goods are not covered by the certificate of title within the meaning of this section.
 - (c) Except with respect to the rights of a buyer described in the next paragraph, a security interest, perfected in another jurisdiction otherwise than by notation on a certificate of title, in goods brought into this State and thereafter covered by a certificate of title issued by this State is subject to the rules stated in paragraph (d) of subsection (1).
 - (d) If goods are brought into this State while a security interest therein is perfected in any manner under the law of the jurisdiction from which the goods are removed and a certificate of title is issued by this State and the certificate does not show that the goods are subject to the security interest or that they may be subject to security interests not shown on the certificate, the security interest is subordinate to the rights of a buyer of the goods who is not in the business of selling goods of that kind to the extent that he gives value and receives delivery of the goods after issuance of the certificate and without knowledge of the security interest.
- (3) Accounts, general intangibles and mobile goods.

- (a) This subsection applies to accounts (other than an account described in subsection (5) on minerals) and general intangibles (other than uncertificated securities) and to goods which are mobile and which are of a type normally used in more than one jurisdiction, such as motor vehicles, trailers, rolling stock, airplanes, shipping containers, road building and construction machinery and commercial harvesting machinery and the like, if the goods are equipment or are inventory leased or held for lease by the debtor to others, and are not covered by a certificate of title described in subsection (2).
- (b) The law (including the conflict of laws rules) of the jurisdiction in which the debtor is located governs the perfection and the effect of perfection or nonperfection of the security interest.
- (c) If, however, the debtor is located in a jurisdiction which is not a part of the United States, and which does not provide for perfection of the security interest by filing or recording in that jurisdiction, the law of the jurisdiction in the United States in which the debtor has its major executive office in the United States governs the perfection and the effect of perfection or nonperfection of the security interest through filing. In the alternative, if the debtor is located in a jurisdiction which is not a part of the United States or Canada and the collateral is accounts or general intangibles for money due or to become due, the security interest may be perfected instead by notification to the account debtor. As used in this paragraph, "United States" includes its territories and possessions and the Commonwealth of Puerto Rico.
- (d) A debtor shall be deemed located at [his] the debtor's place of business if [he] the debtor has one, at [his] the debtor's chief executive office if [he] the debtor has more than one place of business, otherwise at [his] the debtor's residence. If, however, the debtor is a foreign air carrier under the Federal Aviation Act of 1958, as amended, it shall be deemed located at the designated office of the agent upon whom service of process may be made on behalf of the foreign air carrier.
- (e) A security interest perfected under the law of the jurisdiction of the location of the debtor is perfected until the expiration of four months after a change of the debtor's location to another jurisdiction, or until perfection would have ceased by the law of the first jurisdiction, whichever period first expires. Unless perfected in the new jurisdiction before the end of that period, it becomes unperfected thereafter and is deemed to have been unperfected as against a person who became a purchaser after the change.

(4) Chattel paper. The rules stated for goods in subsection (1) apply to a possessory security interest in chattel paper. The rules stated for accounts in subsection (3) apply to a nonpossessory security interest in chattel paper, but the security interest may not be perfected by notification to the account debtor.

(5) Minerals. Perfection and the effect of perfection or nonperfection of a security interest which is created by a debtor who has an interest in minerals or the like (including oil and gas) before extraction and which attaches thereto as extracted, or which attaches to an account resulting from the sale thereof at the wellhead or minehead are governed by the law (including the conflict of laws rules) of the jurisdiction wherein the wellhead or minehead is located.

(6) Uncertificated securities. The law (including the conflict of laws rules) of the jurisdiction of organization of the issuer governs the perfection and

the effect of perfection or non-perfection of a security interest in uncertificated securities.”

2. Section 490:9-105 is amended by amending subsection (j) to read as follows:

- “(j) “Instrument” means a negotiable instrument (defined in section 490:3-104), or a certificated security (defined in section 490:8-102) or any other writing which evidences a right to the payment of money and is not itself a security agreement or lease and is of a type which is in ordinary course of business transferred by delivery with any necessary indorsement or assignment;”

3. Section 490:9-203 is amended by amending subsection (1) to read as follows:

- (a) The collateral is in the possession of the secured party pursuant to agreement, or the debtor has signed a security agreement which contains a description of the collateral and in addition, when the security interest covers crops growing or to be grown or timber to be cut, a description of the land concerned; [and]
- (b) Value has been given; and
- (c) The debtor has rights in the collateral.”

4. Section 490:9-302 is amended by amending subsection (1) to read as follows:

“(1) A financing statement must be filed to perfect all security interests except the following:

- (a) A security interest in collateral in possession of the secured party under section 490:9-305;
- (b) A security interest temporarily perfected in instruments or documents without delivery under section 490:9-304 or in proceeds for a ten-day period under section 490:9-306;
- (c) A security interest created by an assignment of a beneficial interest in a trust or a decedent’s estate;
- (d) A purchase money security interest in consumer goods; but filing is required for a motor vehicle required to be registered; and fixture filing is required for priority over conflicting interests in fixtures to the extent provided in section 490:9-313;
- (e) An assignment of accounts which does not alone or in conjunction with other assignments to the same assignee transfer a significant part of the outstanding accounts of the assignor;
- (f) A security interest of a collecting bank (section 490:4-208) or in securities (section 490:8-321) or arising under the Article on Sales (see section 490:9-113) or covered in subsection (3) of this section.
- (g) An assignment for the benefit of all the creditors of the transferor, and subsequent transfers by the assignee thereunder.
- (h) A security interest in a deposit account. Such a security interest is perfected:
 - (i) As to a deposit account maintained with the secured party, when the security agreement is executed.
 - (ii) As to a deposit account maintained with any organization other than the secured party, when notice thereof is given in

writing to the organization with whom the deposit account is maintained.”

5. Section 490:9-304 is amended to read as follows:

“§490:9-304 Perfection of security interest in instruments, documents, and goods covered by documents; perfection by permissive filing; temporary perfection without filing or transfer of possession. (1) A security interest in chattel paper or negotiable documents may be perfected by filing. A security interest in money or instruments (other than certificated securities or instruments which constitute part of chattel paper) can be perfected only by the secured party’s taking possession, except as provided in subsections (4) and (5) of this section and subsections (2) and (3) of section 490:9-306 on proceeds.

(2) During the period that goods are in the possession of the issuer of a negotiable document therefor, a security interest in the goods is perfected by¹ goods otherwise perfected during such period is subject thereto.

(3) A security interest in goods in the possession of a bailee other than one who has issued a negotiable document therefor is perfected by issuance of a document in the name of the secured party or by the bailee’s receipt of notification of the secured party’s interest or by filing as to the goods.

(4) A security interest in instruments (other than certificated securities) or negotiable documents is perfected without filing or the taking of possession for a period of twenty-one days from the time it attaches to the extent that it arises for new value given under a written security agreement.

(5) A security interest remains perfected for a period of twenty-one days without filing where a secured party having a perfected security interest in an instrument (other than a certificated security), a negotiable document or goods in possession of a bailee other than one who has issued a negotiable document therefor

A security interest in letters of credit and advices of credit (subsection (2)(a) of section 490:5-116), goods, instruments (other than certificated securities), money, negotiable documents, or chattel paper may be perfected by the secured party’s taking possession of the collateral. If such collateral other than goods covered by a negotiable document is held by a bailee, the secured party is deemed to have possession from the time the bailee receives notification of the secured party’s interest. A security interest is perfected by possession from the time possession is taken without relation back and continues only so long as possession is retained, unless otherwise specified in this Article. The security interest may be otherwise perfected as provided in this Article before or after the period of possession by the secured party.”

7. Section 490:9-309 is amended to read as follows:

“§409:9-309¹ Protection of purchasers of instruments [and], documents and securities. Nothing in this Article limits the rights of a holder in due course of a negotiable instrument (section 490:3-302) or a holder to whom¹ negotiable document of title has been duly negotiated (section 490:7-501) or a bona fide purchaser of a security [(section 490:8-301)] (section 490:8-302) and such holders or purchasers take priority over an earlier security interest even though perfected. Filing under this Article does not constitute notice of the security interest to such holders or purchasers.”

8. Section 490:9-312 is amended by amending subsection (7) to read as follows:

“(7) If future advances are made while a security interest is perfected by filing [or], the taking of possession, or under section 490:8-321 on securities, the security interest has the same priority for the purposes of subsection (5) with respect to the future advances as it does with respect to the first advance. If a commitment is made before or while the security interest is so perfected, the security interest has the same priority with respect to advances made pursuant thereto. In other cases a perfected security interest has priority from the date the advance is made.”
