

ACT 388

S.B. NO. 2253

A Bill for an Act Relating to the Sale of Gasoline.

*Be It Enacted by the Legislature of the State of Hawaii:*

SECTION 1. Chapter 486, Hawaii Revised Statutes, is amended by adding a new section to be appropriately designated and to read as follows:

**“§486- Price posting by gallon required.** The director shall adopt rules to require any retail dispenser of gasoline, whose variator price is set in liters, for every grade of gasoline sold, to post on top or on the face panel of each gasoline pump and on any other pricing advertisement in conspicuous numbers comparable in size to any other posted price, the price per United States gallon for the gasoline dispensed. If the variator price is set in gallons, no liter price posting or advertisement shall be required. Nothing in this section shall be deemed to require that gasoline be sold by the gallon.

SECTION 2. New statutory material is underscored.<sup>1</sup>

SECTION 3. This Act shall take effect one hundred eighty days after its approval.

(Approved June 15, 1988.)
