

## ACT 162

S.B. NO. 1204

A Bill for an Act Relating to Environmental Protection.

*Be It Enacted by the Legislature of the State of Hawaii:*

SECTION 1. The legislature finds that it is necessary to restore the position of deputy director for environmental health within the department of health. At the close of the 1994 legislative session, Act 223 was passed as part of an overall attempt to reduce the size of government by eliminating various positions in the executive branch. Eliminating the position of deputy director for environmental health was based on other legislation that would create a separate department of environment which would oversee the operations of the director for environmental health.

Unfortunately the legislation to create a department of environment did not pass, and the environmental programs remain within the department of health. The environmental protection programs are crucial, and without a deputy director it is impossible to manage and supervise the various programs. While the position was deleted effective January 1, 1995, it is nonetheless funded through the fiscal year ending June 30, 1995.

SECTION 2. Section 76-16, Hawaii Revised Statutes, is amended to read as follows:
