

ACT 212

S.B. NO. 1026

A Bill for an Act Relating to the Training of Emergency Medical Services Personnel.

Be It Enacted by the Legislature of the State of Hawaii:

SECTION 1. Section 321-224, Hawaii Revised Statutes, is amended to read as follows:

“§321-224 Department of health, functions, duties. In addition to other functions and duties assigned under this part, the department shall:

- (1) Regulate ambulances and ambulance services;
- (2) Establish emergency medical services throughout the State, which shall meet the requirements of this part, subject to section 321-228;
- (3) [Consult] Review and approve the curricula and syllabi of training courses offered to emergency medical services personnel who provide basic, intermediate, and advanced life support, consult and coordinate

with the University of Hawaii, or any other accredited community college, college, or university, or any professional organization that provides emergency medical services training, regarding the training for basic [life support personnel], intermediate, and advanced life support personnel, as provided in section 321-229;

- (4) Collect and evaluate data for the continued evaluation of the state system, subject to section 321-230;
- (5) Coordinate emergency medical resources and the allocation of the state system's services and facilities in the event of mass casualties, natural disasters, national emergencies, and other emergencies, ensuring linkage to local, state, and national disaster plans, and participation in exercises to test these plans;
- (6) Establish, administer, and maintain a communication system for the state system;
- (7) Assist each county in the development of a "911" emergency telephone system;
- (8) Secure technical assistance and other assistance and consultation necessary for the implementation of this part, subject to section 321-230;
- (9) Implement public information and education programs to inform the public of the state system and its use, and disseminate other emergency medical information, including appropriate methods of medical self-help and first-aid, and the availability of first-aid training programs in the State;
- (10) Establish standards and provide training for dispatchers in the state system, and maintain a program of quality assurance for dispatch equipment and operations;
- (11) Establish a program that will enable emergency service personnel to provide early defibrillation;
- (12) Establish within the department the emergency medical service system for children;
- (13) Consult with the advisory committee on matters relating to the implementation of this part; and
- (14) Establish and maintain standards for emergency medical services course instructor qualifications and requirements for emergency medical services training facilities."

SECTION 2. Section 321-229, Hawaii Revised Statutes, is amended by amending subsection (a) to read as follows:

"(a) The University of Hawaii shall [be responsible for the] provide training [of] courses in basic [life support], intermediate, and [[advanced[]] life support for emergency medical services personnel. The curricula and syllabi of these courses shall be approved in advance by the department of health. The curricula and syllabi of courses for ambulance personnel shall be consistent with the scope and level of the practice of emergency medical services associated with emergency ambulance personnel certification defined by the board of medical examiners under part II of chapter 453."

SECTION 3. Statutory material to be repealed is bracketed. New statutory material is underscored.

SECTION 4. This Act shall take effect upon its approval.

(Approved July 2, 1999.)
