**TESTIMONY IN OPPOSITION TO SPECIAL SESSION  
AND SAME SEX MARRIAGE BILL**

As a concerned citizen, I am submitting testimony against this special session and the bill that would legalize same sex marriage. I oppose the special session because it rushes the legislative process and does not give we, the people, sufficient input into the process. The fact that there can be no amendments to the bill essentially negates any concerns raised in testimony or by you, the Legislature.

I oppose this bill because the alleged religious protection clauses are subordinated to the Public Accommodations Act, essentially negating them for most churches. Finally, since we voted a constitutional amendment in 1998 giving the legislature the power to limit marriage between opposite sex couples, the only legitimate way to change this is to let we, the people, decide. Please do not circumvent the democratic process!

Thank you for the opportunity to testify against this special session and against this bill.

AND SAME SEX MARRIAGE BILL**

As a concerned citizen, I am submitting testimony against this special session and the bill that would legalize same sex marriage. I oppose the special session because it rushes the legislative process and does not give we, the people, sufficient input into the process. The fact that there can be no amendments to the bill essentially negates any concerns raised in testimony or by you, the Legislature.

I oppose this bill because the alleged religious protection clauses are subordinated to the Public Accommodations Act, essentially negating them for most churches. Finally, since we voted a constitutional amendment in 1998 giving the legislature the power to limit marriage between opposite sex couples, the only legitimate way to change this is to let we, the people, decide. Please do not circumvent the democratic process!

Thank you for the opportunity to testify against this special session and against this bill.

**TESTIMONY IN OPPOSITION TO SPECIAL SESSION  
AND SAME SEX MARRIAGE BILL**

As a concerned citizen, I am submitting testimony against this special session and the bill that would legalize same sex marriage. I oppose the special session because it rushes the legislative process and does not give we, the people, sufficient input into the process. The fact that there can be no amendments to the bill essentially negates any concerns raised in testimony or by you, the Legislature.

I oppose this bill because the alleged religious protection clauses are subordinated to the Public Accommodations Act, essentially negating them for most churches. Finally, since we voted a constitutional amendment in 1998 giving the legislature the power to limit marriage between opposite sex couples, the only legitimate way to change this is to let we, the people, decide. Please do not circumvent the democratic process!

Thank you for the opportunity to testify against this special session and against this bill.

AND SAME SEX MARRIAGE BILL**

As a concerned citizen, I am submitting testimony against this special session and the bill that would legalize same sex marriage. I oppose the special session because it rushes the legislative process and does not give we, the people, sufficient input into the process. The fact that there can be no amendments to the bill essentially negates any concerns raised in testimony or by you, the Legislature.

I oppose this bill because the alleged religious protection clauses are subordinated to the Public Accommodations Act, essentially negating them for most churches. Finally, since we voted a constitutional amendment in 1998 giving the legislature the power to limit marriage between opposite sex couples, the only legitimate way to change this is to let we, the people, decide. Please do not circumvent the democratic process!

Thank you for the opportunity to testify against this special session and against this bill.

**TESTIMONY IN OPPOSITION TO SPECIAL SESSION  
AND SAME SEX MARRIAGE BILL**

As a concerned citizen, I am submitting testimony against this special session and the bill that would legalize same sex marriage. I oppose the special session because it rushes the legislative process and does not give we, the people, sufficient input into the process. The fact that there can be no amendments to the bill essentially negates any concerns raised in testimony or by you, the Legislature.

I oppose this bill because the alleged religious protection clauses are subordinated to the Public Accommodations Act, essentially negating them for most churches. Finally, since we voted a constitutional amendment in 1998 giving the legislature the power to limit marriage between opposite sex couples, the only legitimate way to change this is to let we, the people, decide. Please do not circumvent the democratic process!

Thank you for the opportunity to testify against this special session and against this bill.
