Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Your yes vote in special session is clearly a NO vote to democracy!

Thank you for the opportunity to testify.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

I believe that to have a bill passed that will affect so many people on a very personal level without letting them vote or have a say in what is being done goes against what our country stands for. That is why I want to be given the chance to vote on the issue at hand.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Your yes vote in special session is clearly a NO vote to democracy!

Thank you for the opportunity to testify.

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Your yes vote in special session is clearly a NO vote to democracy!

Thank you for the opportunity to testify.

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1.

I am a young high school student asking you to simply allow the people of Hawai'i to decide on this issue and to keep the values that this country and state was founded upon. If our government is for the people, then put this bill in the hands of the voters. The decision of this bill should not be rushed into one session but must be given time and thought.

If this bill is mainly about equality for the people of Hawai'i then let us vote for what we want. Again, I humbly ask you to let the outcome of SB1 be in the hands of the people.

Thank you for the opportunity to testify.

Rachel Nance

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

The following reasons are why I feel the current House bill on Same Sex Marriage denies me and my ohana of our religious freedoms:

- 1) The House bill covers only religious organizations but not institutions, such as schools and colleges, that are an imperative part of the mission of said religious organizations.
- 2) The House bill does not protect family businesses or individuals from declining services, because of their religious beliefs, without legal repercussion.
- 3) The House bill does not provide my grandchildren protection against having same sex marriage doctrine taught or marriage between a man and a woman minimized in any public school classroom.

I humbly submit this testimony,

Vii Pita

Hearing Date/Time: Thursday, October 31, 2013, 10:00 a.m.

Place: Capitol Auditorium

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

The following reasons are why I feel the current House bill on Same Sex Marriage denies me and my ohana of our religious freedoms:

- 1) The House bill covers only religious organizations but not institutions, such as schools and colleges, that are an imperative part of the mission of said religious organizations.
- 2)The House bill does not protect family businesses or individuals from declining services, because of their religious beliefs, without legal repercussion.
- 3) The House bill does not provide my grandchildren protection against having same sex marriage doctrine taught or marriage between a man and a woman minimized in any public school classroom.

I humbly submit this testimony,

Vii Pita

95-1362 Wikao Dr.

Mililani, HI 96789

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Your yes vote in special session is clearly a NO vote to democracy!

Thank you for the opportunity to testify.

I am writing to voice my opposition to Bill SB1.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Your yes vote in special session is clearly a NO vote to democracy!

Thank you for the opportunity to testify.

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

Thank you for the opportunity to testify.

I remember over 20 years ago listening to a well respected family psychologist over the radio. He warned the audience about the progressive agenda that would result in same sex marriage and the negative effects on children. I laughed it off, thinking that I did not need to do anything, that our elected officials would protect our timeless traditions and prevent it's erosion. How wrong I was not to heed the warning.

Then in 2010, I sat in the House Chamber and witnessed, much to my dismay, the passage of civil unions in the ninth hour.

Now, I see an attempt by the House and House to pass a bill that will grant homosexual unions the same marital rights and privileges under State and Federal law by allowing the union to be recognized as a "marriage".

I am submitting testimony to ask that you allow the people of Hawaii to vote on this issue. Please heed the warning for the sake of generations to come. Allow the voting public to experience true democracy.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

I feel that the governor's concerns about same sex couples getting tax benefits can be addressed by taking up legislation to

do so in the regular session WITHOUT redefining marriage for .25% of the population of our state. The governor's expression of contempt for the voice of the people by not allowing any discussion is seriously undemocratic.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Your yes vote in special session is clearly a NO vote to democracy!

Thank you for the opportunity to testify.

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I want to sincerely thank you for considering my opposition to Bill SB1.

A bill of this nature should be allowed a great deal of public input and debate, and should not be voted on without very careful consideration, and I don't believe that this will be possible within the confines of this special session. I believe that the rights of religious freedom of expression and conscience may not be adequately protected, as there is contradictory opinions about this being given by credible sources.

I also have grave concerns about the ramifications that SB1 would have on the well being of our children, families, culture, and community. After all, it is redefining a foundational institution of civilization that has existed exclusively as opposite-sex since inception, for many thousands of years, and across all established cultures and major religions. In addition, it goes against the law of nature that has applied to mammals for millions of years, and of which marriage has at its core. Contrast this to the concept of same-sex marriage that only entered the public consciousness for perhaps the last few decades. With marriage's firmly established history and construction, redefining it is an extremely slippery slope. Analogously, requiring that oil be called a water does not make it water, and if you force this requirement, it becomes much less defensible to prevent requiring that other liquids also be called water. It attacks the truth, creates confusion, and will result in the total breakdown of any system that relies on water being water.

Another consequence of same-sex marriage that concerns me is that the worth of a mother or a father in the healthy psychological development of a child, will be greatly devalued or eliminated. It appears to me that proponents of same-sex marriage are implying that a mother is not important for a child in a family of male-couple parents, and likewise, a father is not important for a child in a family of female-couple parents. I think everyone agrees in principle that having opposite-sex parents is healthy for a child, but I know that there is much disagreement, including amongst experts in the child development field, with regard to same-sex parents. It seems prudent to have much more confidence that same-sex parents would not be detrimental to a child, before passing a bill of this nature.

Please postpone this bill until the regular session at which time it can be given the due process it deserves. Ultimately, I believe that a decision on legalizing same-sex marriage should be left to the will of the people of Hawaii via a vote by us.

Thank you very much for the opportunity to testify.

Sincerely,

Paul Kimura

I am writing to voice my opposition to Bill SB1.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Your yes vote in special session is clearly a NO vote to democracy!

Thank you for the opportunity to testify.

Your yes vote in special session is clearly a NO vote to democracy!

I also want to share with you that I am a Christian who has lived a homosexual lifestyle and I know where the feelings of pressure lie. I know that this is probably the most difficult time for you to make such a big decision that will affect the outcome of our state and possibly our country. But all I ask is that you give the people a chance to choose. I told you I understood the feelings of pressure because I have been pressured all my life on who I was. There were people in my life who pressured me that just because I didn't like to do what other boys did that made me girly. Because I had a lot of friends that were girls, I was one of them. I was pressured thinking that, that was my life and I gave into it. Yes most of the people who said this to me were heterosexual and some homosexual. They were people I didn't know, but some were also my peers. I am 24 now and I have been told this since I was a child in elementary school. I became a christian in my teen years and I have never felt discriminated against or hated. I'm not writing to tell you how I became a Christian and why but to tell you that through my church I was given a chance to choose. To choose what I believe, and what I stand for. Where would I be if I let everyone else decide my fate on who I should be or what I should do? I know that through writing this a lot of people would call me a hypocrite or some other harsh names but hey, this was my choice.

Thank you for the opportunity to testify.

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my strong opposition to Bill SB1, which ironically because of its emphasis on religious freedom, I also interpret as a gateway bill which will ultimately result in the mores of a nominal segment of society being imposed upon the entire society including all religious organizations through criminalizing any and all discrimination against federally recognized legal entities, which would be reasonable, should we be unfortunate enough to have the mores of a few imposed upon all of society through grave error in the legislative process.

This is one of the most contentious social issue in our history being decided virtually in one week and at this time, I believe that democratic process will not yet allow our society to make the keystone mistakes of failed societies of past history, which include the wholesale disregard of established societal norms in the area of sexual definitions. History teaches without exception that when society embraces through legal sanctioning, for the sake of equality for special interest or a nominal sector, new definitions of foundational institutions such as marriage, it has in effect signed its own death sentence in that it no longer acknowledges fundamental role of social mores to its survival. I believe that this compromise in social mores is too high a price to pay for the benefit that a few people will receive through the resultant equal federal recognition. Tolerance does not require legal sanction.

This bill requires the responsible due process of a moderate approach during the regular session where it can properly be vetted and examined as all other bills and the will of the people, not special interests, must prevail. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Think about it, your yes vote in special session is clearly a NO vote to democratic process and ultimately to the survival of this democracy!

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

I oppose the legalization of same sex marriage in the state of Hawaii for the following reasons:

- 1) It's not natural
- 2) The destruction of the family.
 - a. Same sex marriage does not produce children
 - b. Same sex marriage purposes is not an equality issue, it is a moral and physical issue.
 - c. Same sex marriage is selfish for its own intent and purpose not thinking about the future of the world.
- 3) Creates the loss of freedom to choose for the people.
 - a. Religion
 - b. Education
 - c. Welfare

I have listed what I believe to be core purposes of my belief and many others through out our state. I plead for your attention and ask for your support to reject this proposal to legalize same sex marriage in our state of Hawaii. For the sake of my children, grandchildren and posterity to follow.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

I believe that God created Adam and Eve as our first parents. They are prime examples of how the family unit begins---with a husband and wife! The world may be ever changing but God's laws remain constant. As you can see, the family institution is the one thing that has remained constant since the beginning of mankind!

After reading this bill, I could NOT find a single clause providing protection for individuals with religious beliefs that oppose same-sex marriage. This affects me personally as a vendor in the wedding industry.

I am a local musician. I have been entertaining for six years. Over half of my performances have been at weddings or wedding receptions. If I were to refuse my services to a same-sex couple, they would be able to take me to court on the basis of gender discrimination. Since there are no exemptions for me as an individual within this bill, I would be penalized. I do not believe that anyone should be penalized for practicing their religion. This is the reason upon which our country was founded and our Constitution was created--to protect religious freedom! If I were to refuse all weddings I would suffer a huge business loss and my family will suffer from the loss of my income. I am a mother of four young children. My husband and I work hard to provide for our family. We work even harder to teach and instill in our children the values and morals that keep a society thriving. We teach them to stand up for what is right. I have many friends who are homosexual and I love them yet I cannot condone their choice to engage in homosexuality. I will NOT participate in a wedding or reception for a same-sex couple. It has nothing to do with gender discrimination but everything to do with my moral beliefs.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Your yes vote in special session is clearly a NO vote to democracy!

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Your yes vote in special session is clearly a NO vote to democracy!

Thank you for the opportunity to testify.

Business giant, Lee Iacocca once said, "The only rock that stays steady, the only institution that works is the family." This simple, yet profound, principle is one that has not only withstood the test of time but is also the foundation of emerging brain science. Here is what we know: We know that strong families are the building blocks of strong communities, and strong communities are the building blocks of strong nations. If we redefine marriage and permanently alter families what will become of our society? Children are constantly seeking to find an identity. To confuse young children in their genetic identity will be destructive and yield outcomes that we are not ready to face.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am voicing my opposition to Bill SB1.

I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders. If this bill is signed into law, it will open the door to discrimination against people who believe in opposite-sex marriage and strip away their rights.

I do not want Hawaii to go down the same path as other places where same-sex marriage has been legalized. I do not want this bill to be used as a trump card which will override the freedom of speech, freedom of religion, and parental rights over the education of their children.

Those who favor same-sex marriage will be able to freely express their views, but those who believe otherwise will be afraid to express their beliefs for fear of being sued, fined, fired from their jobs, suspended from school, or even arrested.

Priests and pastors will be banned from preaching against homosexuality and the Bible will become an illegal document. The possible negative scenarios are endless.

Although same-sex marriage is essentially an adult rights issue, children are the ones who stand to suffer the most from this legal battle. I do not want to see Hawaii parents suffer like those on the mainland who have no say or opt-out option regarding the exposure of their young, impressionable children to mandatory training and strong encouragement at school to develop homosexual, transgender, and bisexual interests or behaviors.

We need to study what the long-term impact on children will be as well as how parent-child relationships will be affected.

I am asking you to allow the people to decide on this very important issue.

Thank you for the opportunity to testify.

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1.

In God we trust is still on the American coin and dollar, God has given us laws and one of them is that Marriage is Ordained to be between a man and a women. We deal with this money on a daily basis, each and every one of you sitting here could possibly have a coin or a bill in your pocket, if you dont mind would you please reach in your pocket or grab your wallet out of your pocket as this is being read? Please take them out.. take it out and read those 4 words In God We Trust and how its so easy to forget that we literally carry his name with us in our pocket, wallets, purses and we carry his name everywhere we go and with everything we do each and every single day and in everything we buy. Please don't dismiss the correct order of Family, majority of the worlds population is husband and wife for a reason, it's ordained by God and our constitution was founded on him as well. People may have their feelings towards one another for the same-sex partner but it doesn't necessarily make it right to put it into law. Times are strange now and we must choose to stand with God or against him. I know with every fiber of my being that God feels dis-pleased with sin and does not look upon it with the least degree of allowance. If you would please here my testimony here today, for it is of righteousness and truthfulness in and on behalf of all Christian families that live here in Hawaii.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

Business giant, Lee Iacocca once said, "The only rock that stays steady, the only institution that works is the family." This simple, yet profound, principle is one that has not only withstood the test of time but is also the foundation of emerging brain science. Here is what we know: We know that strong families are the building blocks of strong communities, and strong communities are the building blocks of strong nations. If we redefine marriage and permanently alter families what will become of our society? Children are constantly seeking to find an identity. To confuse young children in their genetic identity will be destructive and yield outcomes that we are not ready to face.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Your yes vote in special session is clearly a NO vote to

Thank you for the opportunity to testify.

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1.

I am not coming from a position of hate or intolerance. I acknowledge the value of every individual regardless of lifestyle choices. I do have family and friends that embrace this lifestyle and I respect their choice to do so. I do, however, recognize my rights, freedoms, and liberties, being limited by this bill and its current wording.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Your yes vote in special session is clearly a NO vote to democracy!

Thank you for the opportunity to testify.

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Your yes vote in special session is clearly a NO vote to democracy!

Thank you for the opportunity to testify.

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on
Finance:

I am writing to voice my opposition to Bill SB1.

I support equality for everyone which is the basis that our great country was created. But, I believe that most people like myself are against same sex marriage and the legislature is going against the will of the people.

Like most people, I work during the day and I apologize for not being able to testify in person. I also believe that not enough time is being given to hear the voice of the people. Giving one week in this special session to decide one of the most important issues in our history is not enough time. This bill should be given due process during the regular session where it can properly be examined as all other bills.

The people who elected you to serve as their voices should have an opportunity to voice their opinion. This is democracy!

Thank you for the opportunity to testify.

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1.

Many churches have nonprofit organizations to help them carry out their religious missions. SB1 only cover religious organizations. Unlike protections in other states, it does not protect these other important institutions that are vital to churches and the government is in NO POSITION to take over these activities (schools, charitable organizations, counseling services, etc) if they shut down due to passage of this poorly worded bill.

The bill also fails to protect individuals from being forced to support gay marriage if its against our religious beliefs. Tolerance is a two-way street.

Thank you for the opportunity to testify.

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1.

I believe the people of Hawaii should be given the opportunity of voting in the 2014 general election on a constitutional amendment concerning the definition of marriage.

Thank you for the opportunity to testify.

Natalie Demartini

The people of Hawaii deserve better than this from their elected representatives. For you to assume that you know better than your constituents is the height of arrogance and does not have place in our great country, which was originally founded in response to religious persecution. You disregard the voice of the majority, who gave a definitive NO when asked to vote on this issue a few years ago. This session is an underhand attempt to undermine the legislative process and sneakily pass through a bill which is against the will of the people. Children deserve a mother and a father if at all possible. Most of the woes of our nation can be traced to the demise of the traditional family. Please don't contribute to the destruction of traditional marriage or put into place a bill which will legalize persecution of those who stand firm in their religious beliefs.

Thank you for the opportunity to testify.

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1. I am concerned about my 13 mo'opuna.

Marriage is an institution that is unique

The government has regulated marriage since it's beginning and it is because of the children

Every culture has had marriage regulations/norms/ethics no matter the religion base

When marriage falls apart women and children suffer

Mother and Father are important for the benefit of their children - each child has a MOTHER and FATHER. NO legislature can change that basic fact -- but this bill is trying to.

Marriage is so essential that many other laws and other systems/institutions are interwoven into marriage

I am also writing because of my concern for Religious liberty

the freedom to believe is vitality important

the freedom to speak about what you believe is important

1600's is when these liberties were advanced and later expanded to protect the free exercise of religion gatherings

Churches and Homes are private places to gather

We have a right to be treated as an equal citizens in public but this bill will take that away.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Your yes vote in special session is clearly a NO vote to democracy!

Thank you for the opportunity to testify.

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Your yes vote in special session is clearly a NO vote to democracy!

Thank you for the opportunity to testify.

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1.

This bill does not protect my constitutional right of freedom of religion the way it should. There are too many loop holes that will be challenged if passed because it was RUSHED for a special session. Why the rush? Why waste out limited funds on a special session for something that isn't urgent? The money should be used to repair our schools and roads which are in URGENT state of repair.

Thank you for allowing me to testify.

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Your yes vote in special session is clearly a NO vote to democracy!

Thank you for the opportunity to testify.

I am writing to voice my opposition to Bill SB1.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Your yes vote in special session is clearly a NO vote to democracy!

Thank you for the opportunity to testify.

You should not be swayed by a small segment of the population. Marriage is a wonderful union of man and woman. Any other way is not only unnatural, it is filthy, contagious and a health hazard which no one is addressing.

Please listen, hear us and let the people decide this important issue. We should not be in a rush but work whole heartedly to do the will of the people today and for all generations.

Thank you for the opportunity to testify.

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing in strong opposition to SB 1.

As this is one of the most contentious social issues in Hawaii's history, we must consider the consequences and weight of this decision. It is necessary to consider the far reaching consequences this bill will have on our state impacting every arena of life including public health, education, and business. Examining how same sex marriage has directly and indirectly affected communities in which it currently exists is essential.

One of my greatest concerns is how same sex marriage will impact our education system and the children of Hawaii. In school systems in Canada and states like Massachusetts where same sex marriage is legal, school curriculum has changed to include inappropriate and highly sexualized teaching content, material, and activities. Parents of students have also been denied access and even punished for wanting to know what their child is taught in the classroom in relation to same sex marriage curriculum. Being a part of a family of educators, we do not believe a safe, positive learning environment for children can be created by teaching with such curriculum as has been implemented in places where same sex marriage is legal.

Considering how same sex marriage can negatively impact educators, students, and their families, this bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

Thank you for the opportunity to testify.

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Your yes vote in special session is clearly a NO vote to democracy!

Thank you for the opportunity to testify.

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1.

This poorly worded bill does not adequately protect the religious freedoms of people whose beliefs are contrary to this bill. Our church buildings and affiliated businesses (feeding the homeless, adoption services, etc) aren't protected adequately in this bill.

Most importantly, marriage should remain as a union between a man and a woman as divinely sanctioned by God.

Thank you for the opportunity to testify.

I am writing to voice my opposition to Bill SB1.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Your yes vote in special session is clearly a NO vote to democracy!

Thank you for the opportunity to testify.

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1.

I believe the people of Hawaii should be given the opportunity of voting in the 2014 general election on a constitutional amendment concerning the definition of marriage.

Thank you for the opportunity to testify.

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on
Finance:

I am writing to voice my opposition to Bill SB1.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going
against the will of the people. I support equality for all including the rights of conscience and religious
freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and
ask that you please uphold the principles of democracy and the democratic process which are being
disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and
examined as all other bills. The people who elected you to serve as their voices should have a say in
public policy that will forever obliterate thousand of years of indigenous and non-native culture,
customs and traditions. Your yes vote in special session is clearly a NO vote to democracy!

Thank you for the opportunity to testify.

David Long

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Your yes vote in special session is clearly a NO vote to democracy!

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Aloha Chair Rhoads, Chair Luke, and members of the House Committees on Judiciary and Labor:

I am writing to in opposition to Bill SB1.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all and such equality cannot be decided upon and ensured in virtually one week. I ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session. This bill will come with great consequences for both sides of the issue and thus appropriate time, testimony, and definition are necessary. I am especially afraid that without more time to go through the language and definitions within the bill that religious freedom of individuals will be restricted and vague language will open the door to enforcing individuals and religious organizations to go against their personal and organizational spiritual beliefs because of the personal choices and actions of others.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that has the potential to restrict one of the freedoms on which our nation is founded. Please vote No in this session to allow the necessary time and democratic process.

Mahalo for the opportunity to testify and share my voice.

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on
Finance:

I am writing to voice my opposition to Bill SB1.

I am opposed to the way the governor and elected officials have secretly decided on this bill before it
getting to the floor of the House and house. The principles of democracy and the democratic process are
being undermined, disregarded, and trampled on in this special session.

I support equality for all including the rights of conscience and religious freedom. The wording of this bill
is mean spirited and cynical. It contradicts and eliminates religious freedom. As our elected
representatives, we request you to provide as much protection for religious and conscientious freedoms
as you have done to protect the opposing view.

This bill should be rejected and given due process where the wording of this bill can be properly
examined and agreed upon during the regular session as all other bills. The people who have already
voted on this issue and elected you to serve as their voices should have a say in public policy.

This legislation SHOULD NOT BE DONE IN SECRECY BEHIND CLOSE DOORS WITH ONLY ONE SIDE BEING
HEARD AND CATERED TO!

Thank you for the opportunity to testify.

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I AM VOICING MY OPINION ON THE BILL BEFORE YOU THIS WEEK.

WE the people should decide on the issue of marriage. Yes we are a representative government, but you need to ask us what we as a community had to say on this matter.

From what I am hearing from the community, I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

GIVE THIS BILL DUE PROCESS DURING THE regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Your yes vote in special session is clearly a NO vote to democracy!

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my OPPOSITION to Bill SB1.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

I believe this bill, SB1 has many hidden agendas that violate my personal religious freedom and civil rights as a native Hawaiian Christian. It's goal is to penetrate the foundation of our 'ohana (family), in an attempt for what supporters of this bill believe will build up 'ohana. But in reality will tear it apart.

I recall supporters of HB444, concerning civil unions saying their intention was for their rights and not a push for same-sex marriage, yet here we are with the same group now pushing same-sex marriage upon us.

The intention behind this bill is not to provide equality, but to actually silence the moral values of many Christian Hawaiians like myself. Our country was founded on these same moral Christian values. Many of our Ali'i and Kupuna have also passed on these values of faith from generation to generation.

We have removed God from our schools and this bill is just another push to remove God from our 'ohana (family) and 'aina (land). I believe we already expose our keiki to too much and this bill is another imposition on their values, rights, and education. I do not support the teaching of same-sex partnership or in this case marriage to any of my keiki whether in public or private school (this I believe, is part of that hidden agenda).

The consequences are too severe and this bill should be given due process during the regular session where it can be properly examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousands of years of indigenous and non-native culture, customs and traditions. Your yes vote in special session is clearly a NO vote to democracy!

PLEASE DO NOT MISINTERPRET MY STAND FOR RIGHTEOUSNESS FOR HAVING NO ALOHA! The heart of all that I am saying here is filled with much ALOHA for all citizens of Hawaii. Our state motto says, Ua Mau ke Ea o ka Aina i ka Pono, The Life of the Land is Perpetuated in Righteousness. Righteousness is the ESSENCE OF LIFE IN OUR HAWAII.

So please kokua and end this special session push and give the people of Hawaii a voice!

Mahalo for the opportunity to testify.

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Hee and Membersa mkk of the Committee on Judiciary and Labor:

I am writing to voice my opposition to Bill SB1.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenou and non-native culture, customs and traditions. Your yes vote in special session is clearly a NO vote to democracy!

Thank you for the opportunity to testify

Eli Gold

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

Despite the name of this bill, "Marriage Equality Act," this bill in NO way is promoting equality. I am most concerned by the lack of religious protections provided by this bill. Even the most recent draft is full of loopholes that limit 1st Amendment rights. This is extremely serious.

It seems that society expects that religion must tolerate the desires and beliefs of the gay community on society, but in no way are religious beliefs and desires needed to be tolerated or accepted by anyone. HOW CAN THIS BE EQUALITY? This is not the right bill for Hawaii.

The family is the basic unit of society. When the definition of marriage is changed, families are affected. Society is changed. Do you know in what ways, positive or negative? By voting YES, are you ready to take responsibility for this MAJOR societal change? The effects of this issue are too complex and far-reaching to be fully understood and decided upon in a single week of special session. I ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session. Allow the people to vote on marriage.

What answers do you have for how the bill will be interpreted when lawsuits arise? What answers do you have for how children's education will be changed? Will parents have the right to defend what they believe should be taught to their children?

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy regarding this issue. An issue that very well may have the power to change our society forever. Your yes vote in special session is clearly a NO vote to democracy!

Thank you for the opportunity to testify.

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

After doing some research as to what has happened in Massachusetts and Canada following the legalization of same-sex marriages there, it worries me that Hawaii will take the same path. The results in Massachusetts seems to follow what has happened in Canada, which include taking away the parents right to opt out of their children learning, and being forced to accept, and perhaps encouraged to live, a homosexual relationship/marriage. As a soon-to-be parent, this worries me greatly! I believe that it is my responsibility, as a parent, to teach my child about this as well as heterosexual relationships. My child should not be taught these things and tested on them as well as be exposed to such explicit material. Teaching my child about anal sex? That is not something that should be taught in schools!

Another consequence of this seems to be that our freedom of speech will be limited if we do not agree with the LGBTQ lifestyle. In essence, I can see that the passing of this bill would give the LGBTQ community a higher degree of protection and give them special protection, while taking away the rights of the conservative, the religious, and all those that do not agree, under the guise of "hate speech." The Bible clearly states the position of God on this issue and as a Christian, God has called me to stand for what is right in HIS eyes and not the eyes of the world. Therefore, if I make a statement that is against the LGBTQ community, will I be arrested and/or sued for making that statement? Will my father, who is a pastor, be arrested and/or sued? Will his church be sued or non-profit status be taken away? People in the Legislature say that we will not, however, with people like Mitch Kahle around, it seems inevitable!

Therefore, I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process, which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1.

As a Hawaii citizen and strong supporter of the democratic process I ask you to allow the people to decide on the issue of same sex marriage. This process goes against the rights of total participatory process of democracy in government which allows for its citizens to VOTE on an issue that will impact our society forever; culturally, spiritually, financially, traditionally.

ALLOW CITIZENS TO VOTE ON AN ISSUE THAT WILL IMPACT ALL HAWAII CITIZENS AND OUR NATION!
GIVE US THE OPPORTUNITY TO PARTICIPATE IN THE LEGISLATIVE PROCESS WITH EQUAL ACCESS. LET OUR VOICE BE HEARD AND NOT FILTERED THROUGH A SELECT FEW POLITICALLY MOTIVATED OFFICIALS.

I support the rights of equality for all Hawaii citizens which includes the rights of conscience and religious freedom. I believe the legislature is going against the will of the people and is acting expeditiously to process legislation that is not supported by the majority of its citizens. Many citizens are unaware of how the special session process works and therefore are unable or are having difficulty to participate in the process. In my work place most individuals are unaware how to participate and are upset they can not vote for or against this bill. When contacting their representative if their representative has an opposing view they are discouraged their voice and vote will not be represented. Given a normal opportunity to participate through voting during normal election and legislative process will insure the majority have equal participatory rights and ACCESS.

I appalled how the legislature is processing this social issue by fast tacking this process through special session limiting the access of Hawaii's legal voters and society the ability to the full democratic process. Not allowing the full democratic process polarizes the community and enforces the voting publics fear their vote does not count. GIVE US THE OPPORTUNITY TO VOTE.

Setting aside this issue for special session also increased the cost to government. At a time when funding resources are extremely tight scheduling this special session places continued undue burden on our financial resources. This should have been scheduled for regular session business and VOTED BY THE PEOPLE.

This would have allowed the bill to be properly vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. When will this stop. Is poligamy our next step? How many years before we have a special session to address this issue because it follows a similar legislative path.

YOUR YES VOTE IN SPECIAL SZESSION IS CLEARLY A NO VOTE TO DEMOCRACY!!!

Thank you for the opportunity to testify

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Your yes vote in special session is clearly a NO vote to democracy!

Thank you for the opportunity to testify.

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Your yes vote in special session is clearly a NO vote to democracy!

Thank you for the opportunity to testify.

Marsha Clay

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Your yes vote in special session is clearly a NO vote to democracy!

As we know the Earth was created by a higher power and put man and woman on the earth and was commanded to multiply and replenish the earth. This commandment is still intact as of today, and by allowing this bill to pass and not giving them the right to vote on the topic you are taking away the people's agency as well as compromising our religious freedom on which this country was built. So please let the people vote on this bill and give them the right to use their agency and decide how they feel about having their religious freedom compromised.

Thank you for the opportunity to testify.

Place: Capitol Auditorium

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Your yes vote in special session is clearly a NO vote to democracy!

Thank you for the opportunity to testify.

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1.

I have read and reread the proposed bill and can find almost no protection for conscientious objectors, e.g. Christians.

Christians believe that humans were created by God and that the Bible is the Word of God, their standard and rule for human behavior. In the Bible, God defined marriage at the time of Creation (Genesis 1-3). This definition was upheld by Christ (God incarnate) in Matthew 19.

Same-sex marriage is juxtapositionally opposed to the biblical definition of marriage; therefore, a Christian would have to lay aside his/her allegiance to the Word of God to fulfill the requirements of the State. For example, Judges would be required to perform same-sex marriages, Christian churches would not be civilly protected if they refuse membership to same-sex couples, private businesses, organizations, and individuals would not be civilly protected if they refuse to acknowledge same-sex couples as married. These are only a few examples; however, the ramifications of such a bill are incalculable.

In trying to achieve civil equity by redefining marriage the State is setting the stage for religious persecution.

Thank you for the opportunity to testify.

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenou and non-native culture, customs and traditions. Your yes vote in special session is clearly a NO vote to democracy!

Thank you for the opportunity to testify.

I am writing to voice my opposition to Bill SB1.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Your yes vote in special session is clearly a NO vote to democracy!

Thank you for the opportunity to testify.

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Your yes vote in special session is clearly a NO vote to democracy!

Thank you for the opportunity to testify.

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

This is a difficult issue with very strong feelings on both sides. So, first, I wish to thank you for your service.

I am wholeheartedly against the Hawaii Special Session on 28. This session intends to ram Same Sex Marriage into law.

Any support you lend to the Governor's attempt to end-run the democratic process is equally upsetting. As a Hawaii resident, you are our representatives and should shield us from this political maneuver. The Governor's attempt to deceive the public - that there's sufficient time to vet this - is being exposed. In fact, Gov Abercrombie is the ONLY Governor in the US to create a Same Sex Marriage Special Session. His call for this is UNPRECEDENTED. I am a 40 year resident and voter and am very upset about this.

Voters awake to this. Neither the House nor the House has offered an honest discussion about Same Sex Marriage yet. The notion that SSM has been thoroughly discussed is false. The last discussions on the related subject of Civil Unions was limited to that. In fact, I believe the first line of the Civil Unions bill states that the law is NOT to be confused with Same Sex Marriage.

And by the way, I understand that less than 1/5 of one percent of Hawaii's 1.4 Million people have taken vows under the Civil Union law. WOW! That's 900 couples! That's a tiny number that have availed themselves. So, really, how much pressure is there for this? I believe that you are far from majority in your thinking. You are attempting to shift stability in the wrong direction

More importantly, the protections to religious groups are very weak regardless of what the media says. How will you define "members"? The Public Accommodation Law will hijack churches. There are few protections in the law as written, and as I understand it, the Governor won't allow any amendments. What is that? And no testimonies allowed on our sister islands? WOW, that's high-handed.

Marriage WAS before government. Marriage for thousands of years has been between a man and a woman. The foundation of our civilization is marriage. You are playing with fire by voting yes to redefine it. You are voting to change our culture radically, overnight, and WITHOUT a public mandate. Let the people decide. Cancel this special session and allow a bill to permit the voters to decide this important bill.

I was asked by a Senator recently whether or not I would have supported racial equality 150 years ago. Unequivocally, I said, "YES!" However, I am very clear that Same Sex Marriage is NOT an equality issue. That's a myth perpetrated by gays and supported by the media. There is no science that confirms homosexuals are genetically so. For example, there are no less than 8 Twin studies about gays that disproves this. That is when one twin was found gay, less than 10% of the other twins were found gay.

So if homosexuality isn't genetic, it's a preference. Albeit a strong one, it's still a preference. Laws shouldn't be made about preferences.

And lastly, The DOMA argument is a shibai. That is to say that it affects a tiny part of our population, something like 150 people or less. So, how much is the Governor spending to create this very expensive dog and pony show so that these few people will get some tax benefits. Really?

Please consider my views. I'm happy to discuss these with you by phone or in person. You folks have the opportunity to do this right. As a voter, I am far from alone.

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Your yes vote in special session is clearly a NO vote to democracy!

Thank you for the opportunity to testify.

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

It seems that we are divided in accepting a ruling by our Supreme Court about marriage. The question that we should be asking our Supreme Court is, Does our civil union law protect all Americans and protect the 1st Amendment rights of the church?

If the courts rule that our civil union law does not protect all people and our 1st Amendment rights are not violated. Then change the civil union to mean marriage. Then by law no church will have the right to refuse acceptance of this supreme court ruling.

But if the Supreme Court rules that our civil union law does protect the rights of all people and preserves the 1st Amendment then leave everything alone.

Please do not pass laws that violates the rights of some people to please others without first exhausting all questions.

Thank you for the opportunity to testify.

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Welcome, my name is Julia Simmons. First I want to take this time and opportunity to thank the Lord for guiding me in every part of my life. Thank you to my Pastor, Pastor Daniel and my Senior Pastor, Pastor Ko for allowing me to share my testimony with everyone.

I believe the Lord created Adam and Eve to be able to procreate and be fruitful. As new generations enter life that was tested through exploring uncertainty of being accepted of they were created to be with. In due time of the Lord's blessing and timing, man and women will become one. Though and yet generations form the past, present, and future have exposed such a thing as this, where it has expanded to great disaster and complete sight that is displeasing, unclean, and unacceptable on the Lord's will. I was raised by my grandmother who taught me the values of men and women as one! Being that I have a lot of family, members that are in same-sex relationships truly believe that with two females/two males, the relationships look to procreate outside of the relationship of the opposite sex.

Where the Lord created a man and a woman to have children as a blessing, and yet looking outside the box or elsewhere is indescribably not within His will.

Proverbs 21:30

There is no wisdom, no insight, no plan that can succeed against the Lord.

I Timothy 2:1-2

I urge then, first of all, that requests prayers, intercessions and thanksgiving be made for everyone-- for kings, and those in authority, that we may live peaceful and quiet lives in all godliness and holiness.

Acts 4:29

Now Lord, consider their threats and enable your servants to speak your word with great boldness. Stretch out your hand to heal and perform miraculous signs and wonders through the name of your holy servant, Jesus.

Proverbs 14:34

Righteousness exalts a nation, but sin is a disgrace to any people.

Thank you for your time and consideration.

(Julia Simmons)

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I would like to take this opportunity to inform you that I oppose there being a Special Session on any same-sex marriage issue.

Same-sex marriage should not be passed in a special session because:

- a. Hawaii is the only state rushing into special session as a result of the Supreme Court decision. If the need was truly urgent, then why haven't the other 34 states that do not permit same-sex marriages done so?
- b. The people voted on this issue in 1998 - the polls showed that we favor traditional marriage, that is marriage of opposite sex couples only.

Thank you for the opportunity to testify.

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1.

My Wife and I are expecting our 1st child this Nov 22. I am very concerned with how this Bill SB1 will affect our rights and our child. As a Father to be my duty is to be fully responsible for myself, my wife and Children.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Your yes vote in special session is clearly a NO vote to democracy!

Thank you for the opportunity to testify.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

We promote Hawaii as a traditionally environment, Aloha spirit, ect., and mostly the idea of a wedding event here on the islands; a marriage between male and female. Tradition empowers us and our children a beginning to make wiser choices in life. Adding confusion in regards to this bill, how can our children make decision when there is no grounding or tradition or beliefs to start with?

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenious and non-native culture, customs and traditions. Your yes vote in special session is clearly a NO vote to democracy!

Thank you for the opportunity to testify.

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I would like to take this opportunity to inform you that I oppose there being a Special Session on any same-sex marriage issue.

Same-sex marriage should not be passed in a special session because:

- a. Hawaii is the only state rushing into special session as a result of the Supreme Court decision. If the need was truly urgent, then why haven't the other 34 states that do not permit same-sex marriages done so?
- b. The people voted on this issue in 1998 - the polls showed that we favor traditional marriage, that is marriage of opposite sex couples only.

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Your yes vote in special session is clearly a NO vote to democracy!

Thank you for the opportunity to testify.

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1.

As a Christian, I support Hawaii's current definition of marriage because of the Bible's teachings on marriage. As an American, I respect everyone's right to choose their life creed and their sexual orientation, and I respect the Constitution/rule of law. However, I don't believe this bill, as it is written, will bring equality to Hawaii, nor will it protect the constitutional rights of every citizen in the state of Hawaii.

SB1 will not protect those who believe in traditional marriage, nor their right to live, raise their family and conduct their business according to such belief or conscience without the fear of loss of livelihood, financial means, etc. Already, a number of business owners, military, clergy, educators and students, have had their rights violated in this matter, from the governing branches of various states.

In regards to benefits and taxation, Hawaii has civil union and reciprocal benefits. On the Federal level, I believe the appropriate governing body should be petitioned to change the distribution of benefits and manner of taxation to be more equal and balanced to every status, not the definition of marriage that is considered by many as sacrosanct.

I also believe our society is strongest when the traditional family, comprised of a loving father and mother (within the confines of marriage), is the primary structure. I understand that many families are raised by a loving parent/guardian or loving parents in another family dynamic, and I respect them for it. However the traditional structure is the most optimal for a child's success later in life and in their personal development.

Finally, where do we draw the line in redefining marriage, before it ceases to be marriage? Please allow this bill due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever remove thousands of years of indigenous and non-native culture, customs and traditions. Let the people decide!

Thank you for the opportunity to testify

D. Louis

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Your yes vote in special session is clearly a NO vote to democracy!

Thank you for the opportunity to testify.

I am writing to voice my opposition to Bill SB1.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Your yes vote in special session is clearly a NO vote to democracy!

Thank you for the opportunity to testify.

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Your yes vote in special session is clearly a NO vote to democracy!

Thank you for the opportunity to testify.

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I thank you for the opportunity to testify in opposition the Marriage Equality bill (S.B. No 1). I am opposed to this bill because I believe it is dishonest and unethical. I am very upset with the use of taxpayer money of \$25,000/week to call a special session when this is not in any way shape or form an emergency. It is violation of the trust of those who voted for you. In 1998, the majority of Hawaiians voted to reserve marriage between people of opposite sex couples—and I quote: Section 23. The legislature shall have the power to reserve marriage to opposite-sex couples. [Add HB 117 (1997) and election Nov 3, 1998]. Now the Governor of Hawaii along with key members of Congress is doing exactly the opposite in order to force legislation on the public which is greatly opposed. This is decidedly undemocratic. If we must proceed on this issue, same sex marriage should be put to a regular vote during the normally scheduled session beginning in January.

In addition to the dishonesty of this legislative action, our children will be impacted and their innocence shattered. This cannot be undone. All one has to do is look at Canada or Massachusetts, places where SSM has been enacted for 10 years or more and it is evident this is not in the best interest of our keiki. Indoctrinating them against their parent's wishes to accept and applaud a lifestyle that many of us find objectionable is not satisfactory. It is wrong to force teachers who do not agree with SSM to teach it to their students as a perfectly noble way of life. It is irrational to let children use bathrooms based on what gender they feel like on any given day and thus allow our children to be preyed upon.

Those who do not agree with SSM are not guilty of hate speech because we disagree with a vocal minority nor are we demonstrating prejudice or fear the way we are unjustly portrayed to be. In fact it seems that people who oppose SSM are in danger of losing their rights and their voice in this country. This is a violation of basic constitutional rights. While I believe all citizens should be treated with kindness and respect, that does include everyone, not just those who agree with special interest groups. In a letter I received from Gov. Abercrombie, he stated he wanted to push this bill through so that SS couple could enjoy tax benefits for this year but the truth is, this bill changes no benefits to them. It just jeopardizes most Hawaiians religious freedom and freedom of speech. This legislation will greatly impact our state and to enact it without thoroughly researching both the intended and unintended consequences is nothing short of a reckless act on the government's part. They will answer for it.

I implore all who hear this bill to open their eyes and ears and realize the magnitude of what is about to happen in Hawaii. When we decide passage of bills based on a perceived "economic advantage" in the name of "equality for all", we are treading on dangerous ground. This is not about marriage at all; this is about pushing a dangerous agenda. Please do the responsible thing, and delay this bill until regular session convenes. And then, respect our opinion. This is our state and we elected you. You work for us. We deserve to be heard. Let the people vote!

Mahalo nui loa,

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

I'm Bernard Mendonca. I thank God that my mother and father are not here to see and witness this tragic event in Hawaii's history, where people that represent Him seem to be looking the other way. [Not all, fortunately.] But this special session demonstrates the lack of representation in our leaders.

I've heard things said like Civil Rights. Since when is it a civil right to be wrong?

Marriage cannot be changed by man. This is a natural law between one man and one woman. As for the Governor, it is not about money or how much this state can make!

As for myself, I respect all people, all life. In the 60's and prior, I was not aware of the discrimination the black people endured. You can read about it in a book, and it is shown in other ways. But until it happens right at home, IT DOES NOT SEEM LIKE A REALITY.

I gave blood for years to help all people, but some people cannot give blood. It is because of their lifestyle, and this is their decision.

The people of Hawaii should be deciding on what is a marriage, rather than the state forcing this definition on us.

This is not a movie or a station that if we choose, we can decide not to watch or change the station. This is forced on me and the families of Hawaii.

Why can't this wait until January 2014? This is the time to show all people their rights, not just those selected.

Where are my children's rights? Where are the rights of a child who does not have a father and a mother.

This is not the time to validate a lifestyle promoted by government. This is not right for government to say that Sodomy and marriage are synonymous, or any other lifestyle the government chooses.

We were all created by God. We were not asked to call evil good, and good evil. I was born and raised in Hawaii, and at sixty-six years old, I still seek truth and justice for all.

Thank you for this opportunity to testify.

(Bernard Mendonca)

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Your yes vote in special session is clearly a NO vote to democracy!

Further more I must quote Kauiueuoli Our King Kamehameha III in the Constition that he wrote: Let NO Law be enacted that is at variance with the word of God..... I remind you today as lawmakers that Hawai'i still under occupational laws must adhere to Hawai'i Kingdom Laws.

Thank you for the opportunity to testify.

Re: TESTIMONY IN OPPOSITION TO SB 1 RELATING TO EQUALITY

Dear Honorable Chair Rhoads, Chair Luke, and members of the House Committees on Judiciary and Labor:

Allowing the passage of this bill usurps the will of the people. In 1998 the people of Hawaii granted our Legislature the power to reserve marriage expressly to opposite-sex couples. If this bill is allowed to stand the government of Hawaii will undercut its credibility in the eyes of its constituency. Every Legislator who was part of the 1998 Amendment knows that the common understanding of the Constitutional change was to establish the reservation of marriage to opposite-sex couples. However the language left enough ambiguity to create the situation we find ourselves in today. The legislature is now attempting to blatantly reverse the intent of the law. The people NEVER granted the legislature the power to reserve marriage to ANYONE except same-sex couples. Allowing this bill to pass will be a clear violation of the will of the people.

Allowing the passage of this bill will also increase the financial burden on Hawaii Public Schools. Today, many churches and faith-based organizations rent public facilities. A single meeting in a facility just once a week can add \$200,000.00+ per facility per year to the schools coffers. This situation is repeated all over Hawaii every week. If this bill is allowed to pass, it will in effect elevate married homosexuals to protected class status and many religious beliefs that stand in disagreement will become "hate speech". The school districts will have no other recourse but to discontinue their longstanding relationships with faith based organizations and abandon this lucrative stream of funding. Who then will make up the difference once the inevitable takes place? According to a 2012 Hawaii News Now story, a single organization meeting in a public school has had the following impact, "In Farrington High School's case the church says it pays \$200,000 a year in rent and \$50,000 a month in utilities. They make a \$24,000 donation every year for the school to use as it chooses. They have also changed the once condemned auditorium to be state of the art and will add \$300,000 of upgrades to the sound and lighting system, replace the house curtain and refurbish all the seats." This bill will destroy that valuable relationship and ultimately rob Hawaii's children of precious resources.

This bill is unnecessary and bad for our economy. HB2569 HD2 (2012) states "Act 1, Session Laws of Hawaii 2011, gave civil union partners all the same rights, benefits, protections, and responsibilities under law as given to those who contract, obtain a license, and are solemnized pursuant to chapter 572, Hawaii Revised Statutes." The bill endorsing same-sex marriage brings no additional benefits to the couples affected but does pose serious religious freedom restrictions on others. Even though Clergy are provided limited protections against prosecution, ordinary citizens and business owners are not. Recent

history provides a perfect example; just last month an Oregon bakery closed its doors after denying a same sex couple service for their wedding. The couple had opened a law suit based on discrimination and the looming financial and public relations pressure were enough for the bakery to close shop rather than fight. Our state services a diverse clientele through tourism and migration and part of the beauty of this culture is its diversity. This law threatens Hawaii's diversity. The Judiciary must also look to precedent with regards to protecting religious freedoms. Our Federal Supreme Court has heard many cases in its history where religious freedoms were at stake. That Judicial body has always ruled on the side of protecting religious liberty. This law will create an environment where religious liberty is jeopardized. If a future case elevates to the High Court, they will rule in favor of religious liberty and all of the resources being expended to establish and defend this redundant law will have been wasted.

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1.

If this bill is passed, same-sex couples will be considered equal to opposite-sex couples, especially in regards to adoptions or foster homes. This will deliberately deprive some children of either a mother or a father. Without medical help, a woman and a woman or a male and a male cannot have a baby. Since that's what nature shows us, our government should not make same-sex relationships equal to opposite-sex relationships since the former is sterile without medical intervention.

Thank you for the opportunity to testify.

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Your yes vote in special session is clearly a NO vote to democracy!

Thank you for the opportunity to testify.

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1.

The implications of passing such a bill are far reaching, and i don't believe Hawaii has the infrastructure to support the ramifications of this bill. In theory, it is a nice gesture, however, the impact of SB1 will bring more negative to our islands than positive.

I am asking you to allow the people to vote on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am writing to voice my opposition to Bill SB1.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Your yes vote in special session is clearly a NO vote to democracy!

Thank you for the opportunity to testify.

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Aloha Chair Rhoads, Chair Luke, and members of the House Committees on Judiciary and Labor:

I oppose to the special session and Bill SB1.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

The definition of marriage is essential to the beliefs of many religions and people of faith. If marriage is legally redefined to include same-sex couples, enormous legal and social pressure will mount against churches and religious people who believe in the traditional definition of marriage. Even scholars who strongly support same-sex marriage agree that serious religious freedom problems will arise.

Redefining marriage to include same-sex couples will change the focus of marriage from ensuring that a child is cared for by his father and mother to accommodating adult relationships. When the focus of marriage is no longer on children but rather on adults, the protection of children will be eroded and society itself will suffer. This has already occurred with easy divorce and will worsen further with same-sex marriage.

By defining marriage legally as between a man and a woman, the law enshrines the societal value that both genders are equally essential to marriage. Marriage unites a man and a woman into a uniquely important partnership that is strengthened by the attributes of both genders. No other union is like it.

The traditional definition of marriage also affirms the societal value that children are central to the purpose of marriage and that children fare best when raised by the father and mother who brought them into this world. Throughout history and in all societies, the purpose of marriage has always been to help ensure that children have a mother and a father.

☐ Numerous empirical studies over many decades establish that children develop best when raised by a father and a mother in a stable marriage relationship.

☐ Communities that have abandoned traditional marriage as the center of family and child-rearing have experienced dramatic increases in every category of child-development problems, including depression, drug abuse, teenage pregnancies, school dropout rates, and crime. That has resulted in huge social costs in those communities.

Because of the magnitude and scope which SB1 will have on the citizens of Hawaii and society in general, I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Your yes vote in special session is clearly a NO vote to democracy!

Please let the people vote on this issue. I appreciate the opportunity to testify.

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I come before you all humbly and with all of my aloha.

I am here to testify my freedom of religion against the Same-Sex Marriage bill. As a Christian, I do not condone or ignore sin nor am I here to judge or condemn anyone. Rather, I have come to share the love of God and the forgiveness of sins that is available to all humans, including the gay community, through Jesus Christ. This occasion is not a battle between Christians and the gay community, as Ephesians chapter 6 verse 12 says, "For our struggle is not against flesh and blood, but against the rulers, against the authorities, against the powers of this dark world and against the spiritual forces of evil in the heavenly realms." And that is the reason why Christians have come here today.

I do understand the view point on equality and human rights but what is our purpose as humans? We must all have a purpose in order to recognize the possibility of good or evil or justice. Our purpose and destiny cannot be simply explained by biology or science or just death. Every human being feels hope in their heart for something perfectly good and divine. That is our human nature and through this bill, our purpose as humans become distorted, de-sacrilized, unconnected and insignificant.

The Truth is known because our creator, God, has made it plain. God's purpose of creation was that everything in itself would be sustainable. Nature itself argues against homosexuality because it is clear that men and women were designed to fit together sexually and procreation is clearly a purpose only a man and a woman can fulfill. And to give sanction to same-sex marriage would be to give approval to all immoral desires that are shameful, unnatural, lustful, and indecent which The Bible clearly and consistently condemns as sinful. Biblically speaking, marriage is ordained by God to be a lifetime union between a man and a woman, primarily for the purpose of building a family and providing a stable environment for that family. Same-sex marriage is a perversion of the institution of marriage and an offense to the God who created marriage.

Psychologists contend that a union between a man and woman in which both serve as good gender role models is the best environment in which to raise well-adjusted children, so let's also decide not for ourselves but for our cherished generations to come, if this passes it will be difficult for them to discover their divinity, identity and Truth.

The United States has abandoned their official motto "In God We Trust." When we abandon our trust in God, the web of evil becomes more entangling, puzzling, and confusing. But it is simple that we are all to "Fear God and obey His commands, for this is everyone's duty" says Ecclesiastes chapter 12 verse 13. Let the people vote.

Mahalo and aloha to you all.

I am writing to voice my opposition to Bill SB1.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Your yes vote in special session is clearly a NO vote to democracy!

Thank you for the opportunity to testify.

Your yes vote in special session is clearly a NO vote to democracy!

The bill does not protect the religious freedoms as it claims, and needs to be revised to uphold the 1st Amendment. The bill needs to protect pastors and churches to marry people according to their religion. To have the state dictate how and who the church may marry is not only sacrilegious and abominable, but violates the great freedom of religion that this country has fought so hard to achieve.

Thank you for the opportunity to testify.

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I oppose same sex marriage.

I am asking you to let the people decide on this issue.

I support freedom of religion and speech, two rights that America is blessed to have. If this bill passes it would be forcing others to agree with one's lifestyle. If the bill passes and one doesn't agree he or she would be penalize just for practicing his or her's freedom of religion or speech.

This bill should have more time and thought. What is the rush to something that will affect future generations so much. Also let the people decide. Let the people vote.

Use democracy.

Although I am young, I still want my voice to be heard because this will affect my generation and after mine the most.

Thank you for the opportunity testify,

Kelli Ling

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I come before you all humbly and with all of my aloha.

I am here to testify my freedom of religion against the Same-Sex Marriage bill. As a Christian, I do not condone or ignore sin nor am I here to judge or condemn anyone. Rather, I have come to share the love of God and the forgiveness of sins that is available to all humans, including the gay community, through Jesus Christ. This occasion is not a battle between Christians and the gay community, as Ephesians chapter 6 verse 12 says, "For our struggle is not against flesh and blood, but against the rulers, against the authorities, against the powers of this dark world and against the spiritual forces of evil in the heavenly realms." And that is the reason why Christians have come here today.

I do understand the view point on equality and human rights but what is our purpose as humans? We must all have a purpose in order to recognize the possibility of good or evil or justice. Our purpose and destiny cannot be simply explained by biology or science or just death. Every human being feels hope in their heart for something perfectly good and divine. That is our human nature and through this bill, our purpose as humans become distorted, de-sacrilized, unconnected and insignificant.

The Truth is known because our creator, God, has made it plain. God's purpose of creation was that everything in itself would be sustainable. Nature itself argues against homosexuality because it is clear that men and women were designed to fit together sexually and procreation is clearly a purpose only a man and a woman can fulfill. And to give sanction to same-sex marriage would be to give approval to all immoral desires that are shameful, unnatural, lustful, and indecent which The Bible clearly and consistently condemns as sinful. Biblically speaking, marriage is ordained by God to be a lifetime union between a man and a woman, primarily for the purpose of building a family and providing a stable environment for that family. Same-sex marriage is a perversion of the institution of marriage and an offense to the God who created marriage.

Psychologists contend that a union between a man and woman in which both serve as good gender role models is the best environment in which to raise well-adjusted children, so let's also decide not for ourselves but for our cherished generations to come, if this passes it will be difficult for them to discover their divinity, identity and Truth.

The United States has abandoned their official motto "In God We Trust." When we abandon our trust in God, the web of evil becomes more entangling, puzzling, and confusing. But it is simple that we are all to "Fear God and obey His commands, for this is everyone's duty" says Ecclesiastes chapter 12 verse 13. Let the people vote.

Mahalo and aloha to you all.

As a father, I do not want my child to be taught that same-sex relationships are normal. If someone chooses to be gay, that is their right. However, do not push their rights on me as I do not believe in such relationships as normal; nor do I want my son being taught such things. As a parent I am responsible for what is being taught to him, not the school, not the government. In other states where this bill has been approved, parents lost their rights to have any say about what was taught to their children. That goes against my rights.

Thank you for the opportunity to testify.

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing you today to express my heartfelt opinion, opposing the Same-Sex-Marriage bill being discussed at the Special Session held on Monday 28, 2013. I strongly feel that the Hawaii Lawmakers should not pass the proposed legislation to legalize gay marriage, but rather let the people decide whether to change the definition of marriage through vote.

The bill attempts to redefine marriage. I believe in the biblical definition of marriage. The man said, "This is now the bone of my bones and flesh of my flesh; she shall be called "woman," for she was taken out of man." For this reason a man will leave his father and mother and be united to his wife, and they will become one flesh. Genesis 2:23-24

It is essential to the well-being of families, children and society as a whole that we uphold this! The protections offered to protect religious freedoms in this bill are inadequate. Our country was built upon traditional marriage and religious freedom and we must cherish them both and protect them.

Please defeat the Same-Sex-Marriage bill and put the issue up for popular vote. The citizens of Hawaii have a right to make our choices through voting and should be able to weigh in on this issue rather than have the decision made for them. I prayerfully urge you to let the people speak up for themselves and have their voices heard through popular vote.

Thank you for the opportunity to testify.

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

This bill attempts to redefine marriage. I strongly believe in the importance of families to society. This unit of society needs to be protected. This is an institution which benefits society and I ask you to take all measures to protect this institution by opposing SB1. Families benefit the public good and it is in the best interest of individuals, families, societies, and governments to prevent the breakdown of this institution. Protect families and vote in opposition to SB1.

Also, SB1 provides completely inadequate protections of my constitutional freedoms including those of religious freedom and freedom of conscience. I am deeply concerned that this bill does not provide adequate protection for businesses and religious institutions. I attend Brigham Young University- Hawaii and this bill could possibly have major affects on my university. I am also concerned that this bill will limit my freedom of conscience to act according to my beliefs. Please oppose SB1.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenou and non-native culture, customs and traditions. Your yes vote in special session is clearly a NO vote to religious freedoms and the democratic process!

Thank you for the opportunity to testify.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Your yes vote in special session is clearly a NO vote to democracy!

Thank you for the opportunity to testify.

Your yes vote in special session is clearly a NO vote to democracy!

I oppose this bill because I have a 12 year old son and I do not want him to be taught that same-sex relationships are normal. In many other states where this has been promoted, parents lost their rights to decline to have their children opt out of classes where this was taught. I do not want my rights trampled upon. This bill goes against everything I believe in.

Thank you for the opportunity to testify.

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I also would like you to consider the affect this has on privately owned businesses who have personal beliefs against this law. This law will require individuals not to be able to have religious freedom.

I do not want to be forced to have same sex marriage ideas taught in the public school to my children and grandchildren.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Your yes vote in special session is clearly a NO vote to democracy!

10/29/2013 Paige Nemrow nemrow@gmail.com 55-485 Palekana St. Laie HI 96762 To: House Committee on Judiciary and Labor

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1.

I have looked over this bill and find that there are very few exemptions for people who oppose this because of religious convictions. In fact, as I have studied it, it has less exemptions than any other state that has legalized same-sex marriage. The state of Hawaii has voted on this issue and yet the governor is not honoring the voice of the people.

If the committee is determined to push this through without a vote by the people then please include more exemptions/protections for people of faith!

Sincerely,

Paige Nemrow

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Your yes vote in special session is clearly a NO vote to democracy!

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

Thank you for your service our great State of Hawaii.

I am writing to voice my opposition to Bill SB1.

I am opposed because we are insufficiently informed of the impact passing this bill will have. We are rushing through what may potentially be the most critical legislation we will consider in our lifetime. Please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Your yes vote in special session is clearly a NO vote to democracy!

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

Thank you for the opportunity to testify.

disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and
examined as all other bills. The people who elected you to serve as their voices should have a say in
public policy that will forever obliterate thousand of years of indigenous and non-native culture,
customs and traditions. Your yes vote in special session is clearly a NO vote to democracy!

Which is not allowing the people to be heard! I very grieved that the legislature has allowed not to
follow proper protocol.

Thank you for the opportunity to testify.

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Your yes vote in special session is clearly a NO vote to democracy!

Thank you for the opportunity to testify.

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I do NOT feel that you are doing your job as a representative of the people. Do you think that this is the way to pass a law? A special session is NOT the way to handle an issue like same sexed marriage. You are not properly protecting religious rights and freedoms. The people are so divided. Put it out to the people to vote!!!

Thank you for the opportunity to testify.

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on
Finance:

I am writing to voice my opposition to Bill SB1.

I appeal to you as a woman, wife of a man, mother and grandmother to reconsider this rash action of passing a generation changing law. If you pass this law Hawaii will change. Change seems to be the goal of this administration but what kind of changes are we looking at? I have included in my testimony excerpts from articles about the kind of changes I see this legalization of unnatural acts will bring to our aina.

The first set of excerpts are about a murder of an innocent boy that was influenced by legitimizing sodomy. It is the story of Jeffrey Curley. Please read this if you are unaware of this case. One important point found in this information is that the homosexual marriage advocates fought for the right of NAMBLA to exist. NAMBLA who advocates for older men to have homosexual relationships with young boys of any age.

The second set of excerpts address what change will happen in our education system.

Students Given Graphic Instruction In Homosexual Sex? By Brian Camenker and Scott
Whiteman? Massachusetts News - May, 2000 edition

This article explains what we can look forward to in Hawaii.

As an indigenous woman I only see this as another way to bring genocide against my people. If this "equality" is forced upon our young in the education system it will defile and bring confusion and destroy our genealogy. Hawaii has seen waves of invasions coming to her shores from outside. We must not let another in.

LET THE PEOPLE DECIDE

Mahalo for the opportunity to testify,

Deborah Ritsuko Bear Barbour

Kaneohe, Hawaii, 96744

Words of Jeffrey Curley's mother:

The last time I saw Jeffrey he was on his way over to my mother's house to wash our dog.

We didn't know he had been hanging around in the local park with Sal Sicari and his partner. They took him for a ride and let him steer the car. And they took him to nice restaurants to eat while we thought he was playing with

neighborhood children.

These perverts lured my little Jeffrey into their car that October day by promising him a new bicycle. They knew his bike had been stolen. But I had already told Jeffrey he'd have to wait until Christmas for a new bike. I wanted him to learn responsibility. But just think, if I had just bought Jeffrey a new bike, he might have been with us today. And I wonder if those perverts would've moved on to someone else.

When Jeffrey, in the back of Charles Jaynes' Cadillac, fought off Jaynes' sexual advances, Jaynes - nearly 500 pounds - sat on him and smothered his face with a gasoline-soaked rag.

I say smothered. But they said he fought for a good twenty minutes till the fumes finally burnt up his lungs.

Then they took Jeffrey's body to Jaynes' apartment and did to Jeffrey's corpse what he wouldn't let them do while he was alive.

Sal finally confessed the evening after they killed him, and after days of searching, police found his body in a river in Maine. Sal and Jaynes filled his mouth with lime and poured it all over his naked body, stuffed it into a 50 gallon Rubbermaid tub, filled the container with concrete, taped it closed, and then dumped it in the river.

Citing the First Amendment, the American Civil Liberties Union is defending a group that supports pedophilia against a civil suit filed by the family of a molested and slain Massachusetts boy.

According to the Curley's suit, Jaynes was a member of NAMBLA under an alias at the time of the slaying. Jaynes, the plaintiffs say, had viewed the NAMBLA Web site shortly before the murder. NAMBLA literature showing members how to gain children's trust, gain access to children nationwide, and avoid police investigating pedophilia cases were also found in Jaynes' car and apartment, the lawsuit alleges.

The parents of 10-year-old Jeffrey Curley filed a wrongful death lawsuit seeking damages from the North American Man/Boy Love Association (NAMBLA) for the 1997 rape and murder of their son.

Prosecutors said Jaynes and Sicari lured Jeffrey Curley into Jaynes' Cadillac with the promise of \$50 and a bicycle on Oct. 1, 1997. They convinced two juries that the men suffocated, killed and then molested the child after he resisted sexual advances and then stuffed him a concrete-filled container. Jaynes and Sicari dumped the container in the Maine River.

Frisoli claims investigators uncovered Jaynes' diary where he admits having problems dealing with a desire to have sex with children. Jaynes later reveals that he felt NAMBLA's teachings validated his feelings.

Besides the diary, Frisoli says he has depositions from an ex-girlfriend and several close friends who testify that Jaynes was a heterosexual male who became obsessed with having sex with minors only after joining NAMBLA.

The following article was written by Scott Whiteman and Brian Camenker immediately after the incident and was published in the May, 2000, issue of Massachusetts News.

Students Given Graphic Instruction In Homosexual Sex? By Brian Camenker and Scott Whiteman? Massachusetts News - May, 2000 edition

Fisting [forcing one's entire hand into another person's rectum or vagina] often gets a bad rap....[It's] an experience of letting somebody into your body that you want to be that close and intimate with...[and] to put you into an exploratory mode.

The above quotation comes from Massachusetts Department of Education employees describing the pleasures of homosexual sex to a group of high school students at a state-sponsored workshop on March 25, 2000.

On March 25, a statewide conference, called Teach-Out, was sponsored by the Massachusetts Department of Education, the Governor's Commission on Gay and Lesbian Youth, and the Gay, Lesbian and Straight Education Network (GLSEN).

Among the goals were to build more Gay/Straight Alliances in Massachusetts and expand homosexual teaching into the lower grades. Scores of gay-friendly teachers and administrators attended. They received state professional development credits.

Fisting [forcing one's entire hand into another person's rectum or vagina] often gets a bad rap....[It's] an experience of letting somebody into your body that you want to be that close and intimate with...[and] to put you into an exploratory mode.

The above quotation comes from Massachusetts Department of Education employees describing the pleasures of homosexual sex to a group of high school students at a state-sponsored workshop on during GLSEN-Boston's TeachOut Conference on March 25, 2000 held at Tufts University. Approximately 200 young teens and 300 adults attended the day-long event. Kids were bussed in from high schools across Massachusetts.

Children as young as 12 were instructed by adults (state employees!) how to perform a range of dangerous and perverted homosexual sex acts.

These included: homosexual oral sex techniques, inserting one's entire hand in someone else's rectum, sado-masochism techniques, girls using "dildos" and rubbing their sex organs together, and more.

But the Massachusetts Legislature wasn't fazed. They caved in to the powerful homosexual movement. They have continued to fund radical Safe Schools programs in the Dept. of Education. And in 2006 the Legislature even wrote GLSEN into the general laws as a mandated member of the tax-supported Massachusetts Commission for GLBT Youth. This is the low opinion that our legislators have of your children.

Soon afterwards, the three state employees (whose voices are heard on the tapes) were fired by the Department of Education.

The homosexual movement responded by persuading a Superior Court judge to ban the playing of the tapes, and then initiating a lawsuit against Camenker, Whiteman, and Parents' Rights Coalition, claiming that they had violated an obscure and antiquated Massachusetts wiretapping law, and seeking

monetary damages. The Gay and Lesbian Advocates and Defenders (GLAD) -- the same state-funded group that won the Goodridge same-sex marriage case -- went right into action.

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Your yes vote in special session is clearly a NO vote to democracy!

Thank you for the opportunity to testify.

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

We, are writing to voice our opposition to Bill SB1.

We disagree to the Marriage Equality Bill to be passed into law because we don't beleive that marriage should be redefined ever. Marriage is sacred and instituted by God himself. Redefining something that has been known since the beginning of humanity, between a male and female, will bring into our society things we have never seen or imagine. Any society/culture in the world is aware of this. If you redefine marriage you will automatically redefine the family structure and the structure of society itself. Things will never be the same.

We ask you to allow the people to decide on the issue of marriage as we believe the legislature is going against the will of the people. We support equality for all including the rights of conscience and religious freedom, which we ask you to respect as our elected leaders.

We are opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which seem to be disregarded in this special session.

The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions.

Thank you for the opportunity to testify.

Mr. Pat and Mrs. Victoria Sensano

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1.

There is only one truth and the rest is all opinions.

The truth is if all couples were homosexual without artificial intervention humanity would not continue. So from a purely physical standpoint marriage was never ordained to be between two people of the same sex.

Besides the physical part of the relationship, it is the combination of the emotions and characteristics that a man and a woman bring to a relationship that makes a child well rounded and complete. Those of you who have children and decide to say yes to this law are saying that if you and your wife or husband were to die and your child were up for adoption, you are making the way for them to no longer have a mother and father. You are telling them and society that a mother and father, you and your husband or wife are not each bringing important gifts to your child's development. You are saying two mothers, or two fathers can bring up your child the same as you both do.

You know that it is not true and can never be true no matter how much same sex couples want it to be. It can never be equal as some people are trying to pretend.

Why is the institution of marriage being changed to assure financial benefits to such a small minority of people. Why not just pass a law saying that they can receive these financial benefits apart from marriage.

Each one of you were elected to office to do the will of the people, not to do your own will or the will of the lobbyist with the most amount of money.

The way this new law is written is not the will of the people.

It is the will of a small vocal minority.

Do not let a small amount of loud, passionate individuals change Hawaii forever.

Thank you.

(Michele Umaki)

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1.

I am writing you today to express my heartfelt opinion, opposing the Same-Sex-Marriage bill being discussed at the Special Session held on Monday 28, 2013. I strongly feel that the Hawaii Lawmakers should not pass the proposed legislation to legalize gay marriage, but rather let the people decide whether to change the definition of marriage through vote.

The bill attempts to redefine marriage. I believe in the biblical definition of marriage. The man said, "This is now the bone of my bones and flesh of my flesh; she shall be called "woman," for she was taken out of man." For this reason a man will leave his father and mother and be united to his wife, and they will become one flesh. Genesis 2:23-24

It is essential to the well-being of families, children and society as a whole that we uphold this! The protections offered to protect religious freedoms in this bill are inadequate. Our country was built upon traditional marriage and religious freedom and we must cherish them both and protect them.

Please defeat the Same-Sex-Marriage bill and put the issue up for popular vote. The citizens of Hawaii have a right to make our choices through voting and should be able to weigh in on this issue rather than have the decision made for them. I prayerfully urge you to let the people speak up for themselves and have their voices heard through popular vote.

Thank you for the opportunity to testify.

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am a senior citizen (near 90 years old) and want to say that I am against this SB1. I hope that all the legislators rethink this and not to rush into making a crucial decision. I have four grandchildren, and two live in Hawaii.

Thank you for this opportunity to share. I am unable to come to the hearing but I hope you read this testimony.

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1.

Our 16th President, Abraham Lincoln, spoke these words, Government of the people, by the people, for the people, shall not perish from the Earth. I believe the special session by-passes what Government was meant to do. I believe the obligation of our elected officials is not amend our constitution and give special hearings or privileges to any select group of people. To change the constitution's definition of marriage overturns centuries of past precedence. We did not elect our government to do that. Please give the people of Hawaii their own voice and vote.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. In 1998, the people voted that marriage is defined as between a man and a woman. I am asking that this issue be put on the ballot again. Let the people decide.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate the moral and educational roots of our society. Your yes vote in special session is clearly a NO vote to democracy!

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Your yes vote in special session is clearly a NO vote to democracy!

Thank you for the opportunity to testify.

Re: In opposition of SB1

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1. I have looked through the proposed legislation and have two chief areas of concern.

First, the proposed legislation attempts to redefine marriage. As a member of the LDS faith, I firmly believe that marriage was instituted by a loving Heavenly Father for the progression and happiness of His children. Because marriage is a divine institution, it cannot and should not be modified to become something that God never intended marriage to be or to mean.

I recognize that my view on marriage is becoming increasingly unpopular among mainstream America. I also recognize that this view may subject me to name-calling, harassment, and the anger and misunderstanding of those who support same-sex marriage. Regardless of these difficulties, I feel obligated to take a stand in support of the divinely appointed definition of marriage - defined as being between a man and a woman. (See: The Family - A Proclamation to the World; <https://www.lds.org/topics/family-proclamation>).

I strongly urge you to refrain from supporting any legislation that would attempt to redefine marriage. This question has already been put to the people of Hawaii, and the current Hawaii State Constitution reflects the result of that referendum.

My second primary concern revolves around the "Religious Exemptions" included in the proposed legislation. While the exemptions - to some extent - protect religious clergy and religious buildings - the exemptions FAIL to protect INDIVIDUAL members of religious faiths.

Although I go to a chapel with others of my faith to participate in religious worship, my worship is PERSONAL and INDIVIDUAL. Although I am taught doctrines and principles of my religion in group settings, my understanding and conversion to those principles is PERSONAL and INDIVIDUAL. Although I am grateful that there are others who believe the doctrines of my religion - the application of those doctrines in my everyday living is PERSONAL and INDIVIDUAL.

As a committed member of the LDS faith, I do not limit the living of my religion to LDS houses of worship, or to the LDS Temple. I do not even limit it to my place of residence. My religious beliefs are a part of who I am. My beliefs influence the choices I make, the places I go to, and even the things that I choose (or choose not) to eat or drink. My faith influences the music I listen to, the movies I watch, and even the books that I choose (or choose not) to read. My religious convictions go where I go, and they have an immense impact on the things I do or do not do.

With that being said, to propose and pass legislation that extends religious exemptions to religious organizations, buildings, and facilities - while FAILING to extend those protections to individual members of those same organizations is a gross oversight.

The First Amendment of the US Constitution - which protects the free exercise of religion - would mean very little if that right was limited to protecting religious organizations WITHOUT protecting religious INDIVIDUALS whose lives and choices demonstrate commitment to those religions. In essence, to limit or abolish my ability to act in accordance with my religious commitments - or to pass laws that leave me vulnerable to civil litigation for living my religion - would mean very little protection for me (or someone like me) who feels a PERSONAL and INDIVIDUAL duty and desire to LIVE my RELIGION wherever I am.

As my elected representative, I urge you to protect both traditional marriage and my constitutional right to live and act in accordance with my religious convictions by proposing a referendum and allowing the people of Hawaii to decide.

Thank you for your time and attention to this matter.

Sincerely,

☒Alisi K. Langi

Laie, Hawaii

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Your yes vote in special session is clearly a NO vote to democracy!

Thank you for the opportunity to testify.

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

As a concerned citizen of the state of Hawaii, I am submitting my testimony against this special session and the bill that would legalize same sex marriage.

I fervently oppose the special session because it rushes the legislative process and does not give voice to all the people of Hawaii. This bill instead addresses just a small special interest group. Especially now that the governor has added two more items to the agenda (an appropriation for Hawaii Health Systems and Funding of Collective Bargaining agreements achieved with UPW Unit 10 and HGEA Unit 13) I question how you can effectively and justly give the focused attention to this issue that Governor Abercrombie used as a "motivation" to call the special session.

Also, we the people of Hawaii do not have sufficient input into this process. Because there can be no amendments to the bill any concerns raised in testimony cannot be adequately addressed nor does the short time allotted for the session allow you the legislature to equitably deal with these concerns. Therefore, by passing the bill under these circumstances, the legislature will be making a mockery of the democratic process.

I oppose this bill because on page 6 starting on line 4, the definition of church exemptions are too weak to guarantee our first amendment rights to the free exercise of religion. Many churches serve the community by allowing the usage of facilities for AA groups, parenting and/or marriage classes and sports and exercise classes that are open to the public. The language in SB1 is not strong enough to protect the churches from lawsuits or other challenges.

I oppose this bill because I have serious concerns and questions regarding page 15 beginning at line 1 ¶ 9. This section allows couples that do not live in Hawaii and are not taxpayers to pursue an action for annulment, divorce or separation in our state. I have serious and valid concerns about the impact this will have on our already weak economy.

On page 12 beginning at line 15 572C-2 states that "the legislature finds that the people of Hawaii choose to preserve the tradition of marriage" as one man and one woman. This was only two years ago. We have not voted nor had town hall meetings to find out if this has changed. In 1998, the people only voted to allow the "legislature to have the power to reserve marriage to opposite sex couples" because we had no other choice. To not have accepted the poorly worded measure would have left the decision to our state judiciary, which had the Baehr v. Miike case pending. Voting to grant the power into the legislatures hands in 1998 was the lesser of two evils. A "yes" vote in the special session is a "no" vote to democracy because you are clearly not listening to the voices of the people of Hawaii, whom you have been elected to represent.

These are just a few of the concerns I have about you voting into law possibly the most controversial issue of our time. The short time allowed for the special session and the extra issues that the governor has added prevents you the representatives of this great state from justly and adequately addressing the concerns to the people of the state of Hawaii. I request that you vote no or table this issue and bring it to a vote of the people

Sincerely,

Marsha M. Krieger

Thank you for the opportunity to testify.

I am writing to voice my opposition to Bill SB1.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Your yes vote in special session is clearly a NO vote to democracy!

Thank you for the opportunity to testify.

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1. It is my right to do so. It is your obligation to listen and follow the wishes of the people.

Marriage is ordained of God. Marriage is between a man and a woman as was since the beginning of man existence. The minority seeking marriage for those of same gender is going against the intentions and purpose of the Lord's plan.

I believe that church organizations have rights too. They provide for the spiritual and temporal needs of their congregation and those not of their faith. The churches provide a blessed need and void for all needing directions as well as a place for gather for spiritual and temporal events. Please do not take this right away from them too. This is as the Lord directs and not man!

I am also opposed for the way that the Govenor rushed into creating this special session and the manner in which he has done so. I truly fear for his spiritual well-being. He is not God and therefore should not impose actions that are not his to perform.

Thank you for the opportunity to share and testify.

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1. First of all I am a Christian and truly feel nothing should be changed according to God's word OR WE WILL ALL REAP THE RAMIFICATIONS!!! Look at the other states that have passed it. It is very clear.

Second, I am a licensed childcare provider and I will fall into the category of being sued should I refuse services to parents of same-sex gender needing childcare.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

I am writing to voice my opposition to Bill SB1.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Your yes vote in special session is clearly a NO vote to democracy!

Thank you for the opportunity to testify.

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Your yes vote in special session is clearly a NO vote to democracy!

Thank you for the opportunity to testify.

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Your yes vote in special session is clearly a NO vote to democracy!

Moreover:

(1) A change from a conjugal marriage to a companion marriage deconstructs an institution that was formed long before history started being recorded.

This would dilute the meaning of conjugal marriage to the point of being meaningless. Since before laws codifying it, civilizations and all major religions have recognized opposite sex marriage as the building block of a society. It is best for the children as shown by sociological studies. Companion marriage does not recognize the unique quality of an heterosexual marriage but wreaks havoc in family court since a third person (or more) is required to create a family. When you have blood (i.e., genetic) parents you have two people and their respective families joined in caring for the well being of the child. Time and again we see child abuse where the non blood parent wants the spouse and is less interested in the child. We're not talking about all, but tendencies among sociological groups.

(2) Respecting homosexual couples is important but changing the meaning of legal marriage to include same-sex couples gives a club to enemies of organized religion. The First Amendment rights of Christians, Muslims, Buddhist etc., can and are being trampled on by Human Rights Commissions who care little for freedom of religion. We have already seen this in Canada, Vermont, and New Mexico.

(3) The people of Hawaii already voted on this issue. We had supposed that it was settled. For the issue to be resurrected without allowing the people of Hawaii to vote on it would be grossly unfair and amounts to political trickery. Do you see this as fair?

Thank you for your consideration.

Sincerely,
Lloyd Jones

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Your yes vote in special session is clearly a NO vote to democracy!

Thank you for the opportunity to testify.

Mayah A. Pagud

The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Your yes vote in special session is clearly a NO vote to democracy!

In the event you elect to ignore the will of the silent majority against this bill, as has been demonstrated previously in the polls, then Bill SB1 must be changed.

In the words of President Obama, On an issue as sensitive as this, knowing that Americans hold a wide range of views based on deeply held beliefs, maintaining our nation's commitment to religious freedom is also vital. How religious institutions define and consecrate marriage has always been up to those institutions. Nothing..(should)...change that.

Bill SB1 must be amended:

~ To provide significantly stronger Religious Conscience Protection for religious organizations, individuals, and small businesses.

~ I urge you to adopt the proposed amended language contained in a letter to Senator Baker sent on October 17, 2013 from Law Professors Edward Gaffney, Jr., Thomas Berg, Carl Esbeck, Richard Garnett, and Robin Wilson. A copy is attached following my signature.

Thank you for the opportunity to testify.

Re: Religious Liberty Implications of Proposed Hawaii Marriage Equality Act of 2013

Dear Senator Baker:

Aloha! Aware of the historic role played by your State in the national discussion on marriage equality, we recognize that it is highly likely that you and your colleagues in the Hawaiian State Legislature will enact legislation legalizing same-sex marriage. We write as professors of constitutional law to urge you to ensure that any bill legalizing same-sex marriage maintains respect for the religious liberty of individuals and organizations that have a traditional view of marriage. Providing religious protections in any same-sex marriage bill honors

America's long and rich tradition of religious freedom.

With the possible exception of Mr. Trump, no mainlander needs to remind you that

President Obama is a Hawaiian. At this moment in our history, however, it might be helpful for you to hear from law professors who have grown up in the mainland that our president spoke for all of us—the signatories are Democrats and republicans, Protestants and Catholics—when he stated on the day the Supreme Court overturned the Defense of Marriage Act last June:

I've directed the Attorney General to work with other members of my Cabinet to review all relevant federal statutes to ensure this decision, including its implications for Federal benefits and obligations, is implemented swiftly and smoothly. On an issue as sensitive as this, knowing that Americans hold a wide range of views based on deeply held beliefs, maintaining our nation's commitment to religious freedom is also vital. How religious institutions define and consecrate marriage has always been up to those institutions. Nothing about this decision—which applies only to civil marriages—changes that.

We echo President Obama's view that it is possible to achieve marriage equality without violating our nation's vital commitment to religious freedom. In this letter we urge you to consider our view that the current version of the Hawaii Marriage Equality Act of 2013 comes up short in this regard. And we offer you a friendly amendment that can turn this moment into a win-win situation for all Hawaiians, of all faiths and none.

?

October 17, 2013

Page 2 of 23

The contentious debate in Maryland, New York, Delaware, and elsewhere surrounding same-sex marriage proves the wisdom of constructive, good-faith attempts both to grant legal recognition to same-sex marriage and to protect religious liberty for conscientious objectors.¹

This letter analyzes the potential effects of same-sex marriage on religious conscience in Hawaii and proposes a solution to address the conflicts: a specific religious liberty amendment that should be an integral part of any legislation. This proposed amendment clarifies that individuals and organizations may refuse to provide services for a wedding if doing so would violate deeply held beliefs, while ensuring that the refusal creates no undue hardship for the couple seeking the service. We write not to support or oppose same-sex marriage in Hawaii.

Rather, our aim is to define a "middle way" to address the needs of same-sex couples while honoring and respecting religious liberty.²

As this letter details, the conflicts between same-sex marriage and religious conscience will be both certain and considerable if adequate protections are not provided. Without safeguards, many religious individuals will be forced to engage in conduct that violates their deepest religious beliefs, and religious organizations will be constrained in crucial aspects of their religious exercise. We urge the Hawaii State Legislature to take the time and care to ensure that the legalization of same-sex marriage does not restrict the inalienable right of religious liberty. Doing so is entirely consistent with the text of the Hawaii State Constitution that each member of the State Legislature has sworn to uphold and protect. Since its adoption in 1950 and ratification in 1959, the Hawaii Constitution has always protected religious freedom in the strongest of terms.³

Part A of this letter proposes a specific religious conscience amendment that will defuse the vast majority of conflicts between same-sex marriage and religious liberty. Part B provides examples of precedent for the protection we propose. Part C details the sorts of legal conflicts that will arise if same-sex marriage is legalized without reasonable protections for religious liberty. Finally, Part D explains the need for robust religious liberty protections, now lacking in the proposed Hawaii Marriage Equality Act of 2013.

¹ Appendix A below summarizes the core religious liberty protections afforded by jurisdictions that currently recognize same-sex marriage by legislation.

2 While we have a range of views on the underlying issue of same-sex marriage, we wholeheartedly share

the belief that when same-sex marriage is recognized, it should be accompanied by corresponding protections for religious liberty.

3 See HAW. CONST. art. 1, § 4 (“No law shall be enacted respecting an establishment of religion, or prohibiting the free exercise thereof[.]”); HAW. CONST. art. 1, § 5 (“No person shall be . . . denied the enjoyment of the person’s civil rights or be discriminated against in the exercise thereof because of race, religion, sex or ancestry.”).

?

October 17, 2013

Page 3 of 23

A. Proposed Religious Conscience Protection

The conflicts between same-sex marriage and religious liberty are avoidable.⁴ But they are avoidable only if the Hawaii State Legislature takes the time and effort to craft the “robust religious-conscience exceptions” to same-sex marriage that leading voices on both sides of the public debate over same-sex marriage are calling for.⁵

Any proposed marriage bill can provide reasonable, carefully tailored protections for religious conscience by including a simple “marriage conscience protection” modeled, in part, on existing conscience protections in Hawaii’s nondiscrimination laws, which provide important but limited religious liberty protections.⁶ The “marriage conscience protection” we propose is as follows:

4 See, e.g., Douglas Laycock, Afterword in SAME-SEX MARRIAGE AND RELIGIOUS LIBERTY: EMERGING CONFLICTS, Douglas Laycock, Anthony R. Picarello, Jr. & Robin Fretwell Wilson, eds. 191-97 (Rowman & Littlefield 2008) [hereinafter Laycock] (detailing the scope of “avoidable” and “unavoidable” conflicts).

5 See David Blankenhorn & Jonathan Rauch, A Reconciliation on Gay Marriage, N.Y. TIMES, Feb. 22, 2009, at WK11, available at http://www.nytimes.com/2009/02/22/opinion/22rauch.html?_r=1 (arguing for recognition of same-sex unions together with religious conscience protections). Though conscience protections should also extend to existing civil unions, we do not address civil unions here.

6 See, e.g., HAW. CONST. art. 1, § 5 (“No person shall be . . . denied the enjoyment of the person’s civil

rights or be discriminated against in the exercise thereof because of race, religion, sex or ancestry.); HAW.

REV. STAT. § 378-3(5) (2012) (Nothing in this part [governing employment practices] shall be deemed to

... [p]rohibit or prevent any religious or denominational institution or organization, or any organization operated for charitable or educational purposes, that is operated, supervised or controlled by or in connection with a religious organization, from giving preference to individuals of the same religion or from making a selection calculated to promote the religious principles for which the organization is established or maintained.); HAW. REV. STAT. § 515-8 (2012) (It is not a discriminatory practice for a religious institution or organization or a charitable or educational organization operated, supervised, or controlled by a religious institution or organization to give preference to members of the same religion in a

real property transaction, unless membership in such religion is restricted on account of race, color, or ancestry.). Haw. Rev. Stat. § 515-4 (b) (Nothing in section 515-3 shall be deemed to prohibit refusal, because of sex, including gender identity or expression, sexual orientation, or marital status, to rent or lease housing accommodations: (1) Owned or operated by a religious institution and used for church purposes as that term is used in applying exemptions for real property taxes; or (2) Which are part of a religiously affiliated institution of higher education housing program which is operated on property that the institution owns or controls, or which is operated for its students pursuant to Title IX of the Higher Education Act of 1972). For analysis of why these exemptions are insufficient to address the full range of developing conflicts over marriage, see infra pp. 19-20.

Page 4 of 23

Section ____

(a) Religious organizations protected.

Notwithstanding any other provision of law, no religious or denominational organization, no organization operated for charitable or educational purposes which is supervised or controlled by or in connection with a religious organization, and no individual employed by any of the foregoing organizations, while acting in the scope of that employment, shall be required to

(1) provide services, accommodations, advantages, facilities, goods, or privileges for a purpose related to the solemnization or celebration of any marriage; or

(2) solemnize any marriage; or

(3) treat as valid any marriage

if such providing, solemnizing, or treating as valid would cause such organizations or individuals to violate their sincerely held religious beliefs. This subsection shall not permit a religious organization engaged in the provision of health care, or its individual employees, to refuse to treat a state-recognized marriage as valid for purposes of a spouse's rights to visitation or to surrogate health care decision making.

(b) Individuals and small businesses protected.

(1) Except as provided in paragraph (b)(2), no individual, sole proprietor, or small business shall be required to

(A) provide goods or services that assist or promote the solemnization or celebration of any marriage, or provide counseling or other services that directly facilitate the perpetuation of any marriage; or

(B) provide benefits to any spouse of an employee; or

(C) provide housing to any married couple

if providing such goods, services, benefits, or housing would cause such individuals or sole proprietors, or owners of such small businesses, to violate their sincerely held religious beliefs.

(2) Paragraph (b)(1) shall not apply if

?

October 17, 2013

Page 5 of 23

(A) a party to the marriage is unable to obtain any similar good or services, employment benefits, or housing elsewhere without substantial hardship; or

(B) in the case of an individual who is a government employee or official, if another government employee or official is not promptly available and willing to provide the requested government service without inconvenience or delay; provided that no judicial officer authorized to solemnize marriages shall be required to solemnize any marriage if to do so would violate the

judicial officer's sincerely held religious beliefs.

(3) A "small business" within the meaning of paragraph (b)(1) is a legal entity other than a natural person

(A) that provides services which are primarily performed by an owner of the business; or

(B) that has five or fewer employees; or

(C) in the case of a legal entity that offers housing for rent, that owns five or fewer units of housing.

(c) No civil cause of action or other penalties.

No refusal to provide services, accommodations, advantages, facilities, goods, or privileges protected by this section shall

(1) result in a civil claim or cause of action challenging such refusal; or

(2) result in any action by the State or any of its subdivisions to penalize or withhold benefits from any protected entity or individual, under any laws of this State or its subdivisions, including but not limited to laws regarding employment

discrimination, housing, public accommodations, educational institutions, licensing, government contracts or grants, or tax-exempt status.⁷

* * * * *

⁷ Some have expressed concern that the proposed text would permit objections to interracial marriage. Although such objections are likely to be rare, if not non-existent, this concern is readily addressed by a simple proviso that would read: "Notwithstanding any of the foregoing provisions, this section does not change any provision of law with respect to discrimination on the basis of race."

?

October 17, 2013

Page 6 of 23

This proposed amendment has several important benefits. First, this text parallels existing protections in Hawaii's nondiscrimination laws for a "religious or denominational institution or organization, or any organization operated for charitable or educational purposes, that is operated, supervised or controlled by or in connection with a religious organization."⁸ The text

also significantly mirrors, in part, the express protections provided in the Connecticut, Delaware, District of Columbia, Maryland, Minnesota, New Hampshire, New York, Rhode Island, Vermont, and Washington same-sex marriage laws for religious organizations. Many of these laws protect, among other things, the conscientious refusal to provide services, accommodations, advantages, facilities, goods, or privileges . . . related to the solemnization of a marriage.⁹

8 See HAW. REV. STAT. § 378-3(5) (2012) (“Nothing in this part shall be deemed to . . . [p]rohibit or prevent any religious or denominational institution or organization, or any organization operated for charitable or educational purposes, that is operated, supervised or controlled by or in connection with a religious organization, from giving preference to individuals of the same religion or from making a selection calculated to promote the religious principles for which the organization is established or maintained[.]”). See also HAW. REV. STAT. § 515-8 (2012) (“It is not a discriminatory practice for a religious institution or organization or a charitable or educational organization operated, supervised, or controlled by a religious institution or organization to give preference to members of the same religion in a real property transaction, unless membership in such religion is restricted on account of race, color, or ancestry.”).

9 See CONN. PUBLIC ACT NO. 09-13 (2009) §§ 17-19, available at <http://www.cga.ct.gov/2009/ACT/PA/2009PA-00013-R00SB-00899-PA.htm> (exempting religious organizations from “provid[ing] services, accommodations, advantages, facilities, goods, or privileges . . . related to” the “solemnization” or “celebration” of a marriage, and providing separate exemptions for religious adoption agencies and fraternal benefit societies); 79 DEL. LAWS 2013, ch. 19, § 8 (“Religious Freedom. Nothing in this Act is intended to, nor shall this Act be construed in a manner that would, violate any person’s rights under the First Amendment to the United States Constitution or § 1, § 2, or § 5 of Article 1 of the Constitution of this State, including protected rights of freedom of religion thereunder. Nothing in this Act shall interfere with or regulate the religious practice of any religious society. Any religious society is free to choose which marriages it will solemnize.”; see DEL. CODE ANN. tit. 13, § 106 (West 2012); Religious Freedom and Civil Marriage Equality Amendment Act of 2009, D.C. LAW NO. L18-0110 (enacted Dec. 18, 2009, effective Mar. 3, 2010), available at

<http://www.dccouncil.washington.dc.us/lms/legislation.aspx?LegNo=B18-0482> (exempting religious societies and religiously affiliated non-profits from providing accommodations, facilities, or goods for a purpose related to the solemnization or celebration of a same-sex marriage, or the promotion of same-sex marriage through religious programs, counseling, courses, or retreats); MD. CODE ANN., Note: FAM. LAW §§ 2-201, 2-202 (2012), 2012 Maryland Laws Ch. 2 (H.B. 438) § 2-3 (exempting religious organizations from the solemnization of a marriage or celebration of a marriage that is in violation of the entity's religious beliefs or the promotion of marriage through any social or religious programs or services, in violation of the entity's religious beliefs); MINN. STAT. ANN. § 363A.26 (West 2013) (providing that a religious organization need not take any action with respect to the provision of goods, services, facilities, or accommodations directly related to the solemnization or celebration of a civil marriage that is in violation of its religious beliefs); N.H. REV. STAT. § 457:37 (exempting religious organizations from provid[ing] services, accommodations, advantages, facilities, goods, or privileges . . . related to the solemnization, celebration, or promotion of a marriage); N.Y. DOM. REL. LAW § 10-b (1) (2011) (a religious entity . . . benevolent [order] . . . or a not-for-profit corporation operated, supervised, or controlled by a religious corporation . . . shall not be required to provide services, ?

October 17, 2013

Page 7 of 23

Second, this model provision addresses the primary areas of Hawaii law where the refusal to treat a marriage as valid is likely to result in liability, penalty, or denial of government benefits (laws regarding employment discrimination, housing, public accommodations, educational institutions, licensing, government contracts or grants, or tax-exempt status).

Third, this text provides protection only when providing services related to a marriage, solemnizing a marriage, or being forced to treat a marriage as valid would violate . . . sincerely held religious beliefs. This phrase is drawn from numerous court cases discussing the First Amendment to the U.S. Constitution and ensures that the religious conscience protections will apply only to a violation of sincere beliefs that are religious, not to situations that merely make religious people uncomfortable, not to insincere beliefs asserted as a pretext for discrimination, and not to non-religious moral beliefs.

Fourth, this text provides vital protections in subsection (b) for individuals of religiously informed conscience who own sole proprietorships and small businesses. We explain the need for such protection in Parts C and D below.

Finally, this model provision recognizes that religious accommodations might not be without cost for same-sex couples, such as the need to find a different wedding photographer or caterer if their original choice must decline for reasons of conscience. In order to address this issue, paragraph (b)(2) ensures that a same-sex couple can obtain the service, even from conscientious objectors, when the inability to find a similar service elsewhere would impose a substantial hardship on the couple. But because this hardship exception could force

organizations or individuals to violate their religious beliefs, it should be available only in cases of substantial hardship, not mere inconvenience or symbolic harm. Paragraph (b)(2)(B) also ensures that no government employee or official (such as a county clerk) may act as a choke point on the path to marriage. So, for example, no government employee can refuse on grounds of conscience to issue a marriage license unless another government employee is promptly available and willing to do so. These sorts of override protections are common in other laws protecting the right of conscientious objection, especially in the health care context.¹⁰

accommodations, advantages, facilities, goods, or privileges for the solemnization or celebration of a marriage); R.I. GEN. LAWS ANN. § 15-3-6.1 (West 2013) (exempting religious organizations from providing services, accommodations, advantages, facilities, goods, or privileges to an individual if the request for such services, accommodations, advantages, facilities, goods, or privileges is related to [t]he solemnization of a marriage or the celebration of a marriage, and such solemnization or celebration is in violation of its religious beliefs and faith; or [t]he promotion of marriage through any social or religious programs or services, which violates the religious doctrine or teachings of religious organization, association or society); 9 VT. STAT. ANN. § 4502(l) (2009) (exempting religious organizations from providing services, accommodations, advantages, facilities, goods, or privileges . . . related to the solemnization or celebration of a marriage); WASH. REV. CODE § 26.04.010(2)(5) (providing that religious organizations need not provide accommodations, facilities, advantages, privileges, services, or goods related to the solemnization or celebration of a marriage).

¹⁰ See, e.g., IOWA CODE § 146.1 (2005) (An individual who may lawfully perform, assist, or participate in

medical procedures which will result in an abortion shall not be required against that individual's religious

?

Page 8 of 23

B. Precedent for Religious Conscience Protections

There is ample precedent for the type of conscience protection we propose. As noted above, Connecticut, District of Columbia, Maryland, Minnesota, New Hampshire, New York, Rhode Island, Vermont, and Washington have already enacted religious exemptions as part of their legislation recognizing same-sex marriage.¹¹ Similarly, Hawaii's existing nondiscrimination laws on employment and housing provide a categorical exemption for religious organizations in

certain circumstances.¹² And federal nondiscrimination statutes provide protection for religious and conscientious objectors in many different contexts.¹³ In short, protecting religious conscience is very much a part of America's and Hawaii's tradition. We urge the Hawaii State Legislature to continue its historic commitment to a "middle way" accommodation of interests.

The religious conscience protection that we have proposed would alleviate the vast majority of the conflicts between same-sex marriage and religious liberty, while still allowing for equality of treatment and respect for same-sex marriages. It has ample precedent in both Hawaiian and federal law. And it represents the best in the American and Hawaiian constitutional tradition of protecting the inalienable right of conscience.

C. Conflicts Between Same-Sex Marriage and Religious Liberty

beliefs or moral convictions to perform, assist, or participate in such procedures. . . . Abortion does not include medical care which has as its primary purpose the treatment of a serious physical condition requiring emergency medical treatment necessary to save the life of a mother.®); S.C. CODE ANN. §§ 44-41-40 (2002) (®No private or non-governmental hospital or clinic shall be required . . . to permit their facilities to be utilized for the performance of abortions; provided, that no hospital or clinic shall refuse an emergency admittance.®); TEX. OCC. CODE ANN. § 103.004 (Vernon 2004) (®A private hospital or private health care facility is not required to make its facilities available for the performance of abortion unless a physician determines that the life of the mother is immediately endangered.®) (emphasis added).

¹¹ See note 9 above and Appendix A below.

¹² See HAW. REV. STAT. § 378-3 (1998) (®Nothing in this part shall be deemed to . . . [p]rohibit or prevent

any religious or denominational institution or organization, or any organization operated for charitable or

educational purposes, that is operated, supervised or controlled by or in connection with a religious organization, from giving preference to individuals of the same religion or from making a selection calculated to promote the religious principles for which the organization is established or maintained[.]”); HAW. REV. STAT. § 515-8 (2012) (“It is not a discriminatory practice for a religious institution or organization or a charitable or educational organization operated, supervised, or controlled by a religious institution or organization to give preference to members of the same religion in a real property transaction, unless membership in such religion is restricted on account of race, color, or ancestry.”).

13 See, e.g., 32 C.F.R. § 1630.11 (accommodating conscientious objectors to military service); 42 U.S.C. § 300a-7 (accommodating health care professionals who conscientiously object to participating in medical procedures such as abortion or sterilization); 42 U.S.C. § 2000bb et seq. (Religious Freedom Restoration Act lifts federal-created burdens on religious exercise).

?

October 17, 2013

Page 9 of 23

In the only book-length comprehensive scholarly work on same-sex marriage and religious liberty,¹⁴ legal scholars on both sides of the same-sex marriage debate agreed that codifying same-sex marriage without providing robust religious accommodations will create widespread and unnecessary legal conflicts—conflicts that will work a “sea change in American law” and will “reverberate across the legal and religious landscape.”¹⁵ The conflicts between religious conscience and same-sex marriage generally take one of two forms. First, if same-sex marriage is legalized without appropriate statutory accommodations, religious organizations and individuals that object to same-sex marriage will face new lawsuits under the existing state nondiscrimination acts and other similar laws. So will many small businesses owned by individual conscientious objectors. Likely lawsuits include claims where:

“Individuals of conscience, who run a small business, such as wedding photographers, florists, banquet halls, or making wedding cakes in one’s home, can be sued under public accommodations laws for refusing to offer their services in connection with a same-sex marriage ceremony.”¹⁶

¶ Religious day care centers, counseling centers, meeting halls, and adoption agencies could be sued under public accommodations laws for refusing to offer their facilities or services to members of a same-sex marriage.¹⁷

☒ A church or other religious nonprofit that dismisses an employee for entering into a same-sex marriage can be sued under employment discrimination laws that prohibit discrimination on the basis of marital status.¹⁸

The second form of conflict involving religious organizations and individuals (or the small businesses that they own) that conscientiously object to same-sex marriage is that they will be labeled unlawful “discriminators” under state or municipal laws and thus face a range of penalties at the hand of state agencies and local governments, such as the withdrawal of government contracts or exclusion from government facilities. For example:

☒ A religious college, hospital, or social service organization that refuses to provide its employees with same-sex spousal benefits can be denied access to government contracts or grants on the ground that it is engaging in discrimination that contravenes public policy.¹⁹

☒ A religious charity or fraternal organization that opposes same-sex marriage can be denied access to government facilities, such as a lease on government property or participation in a government

Place: Capitol Auditorium

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenious and non-native culture, customs and traditions. Your yes vote in special session is clearly a NO vote to democracy!

Thank you for the opportunity to testify.

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1.

I believe it should go under a democratic process by allowing the people to decide. Many who voted to let the legislature decide was confused with the language, and the overwhelming majority thought this way.

Thank you for the opportunity to testify.
